PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

*The following letters received from the Deputy Commissioners of Districts submitting the return of the estimated jamabandi under the several heads of revenue for the year 1907-08.

Letter No.	Date	From whom	
4444	3rd February 1908	Deputy Commissioner,	Kolar.
340-5	22nd do	Do	Hassan.
365	24th do	Do	Kadur.
376-216	29th do	Do	Shimoga.
377	29th do	Do	Chitaldrug.
S. 452	9th March 1908	Do	Bangalore.
3981-2	12th do	Do	Mysore.
510	26th do	Do	Tumkur.

No. R. 7338-46—L. R. 413-07-9, DATED BANGALORE, 13TH MAY 1908.

ORDER THEREON.—The total estimated jamabandi for the year 1907-08 under the several heads of revenue is, as specified in the appended statement A, Rs. 177,33,598 or Rs. 2,22,855 less than the actual demand for 1906-07. The deficiency is chiefly due to the abolition of the halat duty on supari which has involved a loss of revenue amounting to Rs. 3,64,756.

2. *Land Revenue.*—The total estimated jamabandi under the head shows a net increase of Rs. 72,082 from all the districts, except Hassan, where there is a slight decrease of Rs. 748. The increase in the Bangalore, Shimoga and Kadur Districts is reported to be due to the effects of the revised settlements which will be introduced during the year, while in the other districts it is reported to be due to an increase in the number of darkhasts for unoccupied lands expected to be received during the year.

3. *Forest.*—Under this head, there is a net increase of Rs. 61,876 notwithstanding decreases of Rs. 25,838, Rs. 5,061 and Rs. 718, respectively, in the Hassan, Tumkur and Mysore Districts. This is reported to be due to a large increase expected this year by better prices expected for sandalwood and the sale of large quantities of timber, the demand for which could not be fully met during the preceding year owing to certain difficulties of transport. The falling off of Rs. 25,838 in the Hassan District is reported to be due to a diminution by about 50 tons in the quantity of sandalwood that will be available for sale during the year.

4. *Abkari.*—There is a net increase of Rs. 813 under this head, notwithstanding decreases of Rs. 56,104 and Rs. 7,867 in the Bangalore and Chitaldrug Districts. In the Bangalore District there is expected to be a diminution in the quantity of arrack consumed owing to the general high prices, while in the Chitaldrug District the decrease is due partly to the same cause and partly to there being less competition for toddy shops. In the other districts the bids are expected to be favourable and to be maintained at least at their former level.

5. *Mohatarfa.*—The decrease of Rs. 7,960 under this head is reported to be chiefly due to the reduction of kandayam on vacant building sites in the Bangalore District as also to the fact of some of the non-agriculturists taking to agriculture and thus becoming exempt from taxation.

6. *Salt.*—The estimated jamabandi under this head shows a fall of Rs. 7,401 and this is reported to be due to a decrease in the number of applications for saltpans owing to scanty rainfall. The sufficiency of the reason assigned is doubtful. It behoves Deputy Commissioners of Districts (Tumkur and Chitaldrug in particular) to investigate the subject.

7. *Miscellaneous.*—There is a net increase of Rs. 22,491 under this head, for the whole State.

8. The annexed statement B gives the Talukwar particulars with reasons for important fluctuations.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Lxd.—C. R.

Statement A.—Showing the estimated jamabandi under the several heads of Revenue for the year 1907-08.

Land Revenue, dated 13th May 1908.

Statement showing the talukwar jamabandi under the several heads of revenue in the Kadur District for the year 1907-08, as compared with the actual jamabandi of the preceding year.

Taluks	Items	Estimated jamabandi for the year 1907-08	Actual jamabandi for the year 1906-07	Difference		Remarks
				Increase	Decrease	
		Rs.	Rs.	Rs.	Rs.	
Chikmagalur	1. Land Revenue ...	2,04,323	2,04,155	168	..... a	a The increase is due to Government waste lands having been taken up for cultivation during the current year.
	2. Forest	.....	.....	.....	..... b	b The revenue under this item is included under the head "District" as it is under the direct supervision of the District Forest Officer.
	3. Abkari	89,000	90,158	.....	1,158 c	c The decrease is due to low bids received for toddy and arrack during the current year.
	4. Mohatarfa	4,270	4,269	1	..... d	d Based on the actuals of the previous year.
	5. Sayer	.....	270	.....	270 e	e The halat has been abolished from 1st July 1907.
	6. Salt	.....	.....	.....	.....	f The increase is expected under sale of Court fee Stamps as some of the villages which were formerly under the jurisdiction of the Yedaballi Munsiff's Court have been brought under the jurisdiction of the Chikmagalur Munsiff's Court.
	7. Miscellaneous... ...	25,300	21,860	3,440	..... f	
	Total ...	3,21,893	3,19,712	3,609	1,428	
Kadur	1. Land Revenue ...	1,68,900	1,67,808	1,092	..... g	g The increase is due to waste lands given out for cultivation.
	2. Forest	7,000	6,983	17	..... h	h Based on the actuals of the previous year.
	3. Abkari	46,000	42,714	3,286	 i	i The increase is due to favorable bids for toddy.
	4. Mohatarfa	4,950	4,930	20	..... j	j Based on the actuals of the previous year.
	5. Sayer	.....	3,298	.....	3,298 k	k Due to the abolition of Sayer halat from 1st July 1907.
	6. Salt	200	495	.....	295 l	l The decrease is expected on account of very few applications for salt-pans
	7. Miscellaneous... ...	14,000	14,630	.....	630 m	m This is fluctuating item. The estimate is based on the actuals of the previous year.
	Total ...	2,41,050	2,40,858	4,415	4,223	
Tarikere	1. Land Revenue ...	1,30,820	1,32,082	.....	1,262 n	n The decrease is chiefly due to the sale proceeds of Government lands and also the upset price of coffee lands, realized last year having been omitted in the current year's accounts
	2. Forest	28,480	27,743	737	..... o	o The increase is due to favorable bids for timber.
	3. Abkari	42,200	42,089	111	..... p	p Due to better realization in sales during the current year than those of the previous year.
	4. Mohatarfa	4,300	4,559	.....	259 q	q Due to the transfer of house tax to District Funds of five villages formed into Unions.
	5. Sayer	.....	10,454	.....	10,454 r	r Due to the abolition of Sayer halat in the current year.
	6. Salt	145	145	.....	.....	s Based on the actuals of the previous year.
	7. Miscellaneous... ...	8,000	7,883	117	..... s	
	Total ...	2,13,945	2,24,955	965	11,975	
Koppa including Yedahalli Sub-Taluk	1. Land Revenue ...	1,83,520	1,82,829	691	..... t	t Due to waste lands having been taken up for cultivation during the current year.
	2. Forest	2,640	5,910	.....	3,270 u	u The decrease is under "Minor Forest Produce"
	3. Abkari	61,920	56,593	5,327	 v	v The Increase is due to favorable bids for toddy and arrack.
	4. Mohatarfa	1,350	1,355	.....	5 w	w Based on the actuals of the previous year.
	5. Sayer	.....	71,282	.....	71,282 x	x The Sayer halat has been abolished from 1st July 1907. Hence the decrease
	6. Salt	.....	.....	.....	.....	y The major portion of the decrease is under 'Stamp Revenue' on account of the abolition of the Munsiff's Court at Yedahalli
	7. Miscellaneous... ...	15,000	22,596	.....	7,596 y	
	Total ...	2,64,430	3,40,565	6,018	82,093

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

(1) Letter No. 70, dated the 3rd August 1907, from the Superintendent of Revenue Survey in Mysore, submitting his report No. 69 of the 3rd August 1907, containing proposals for the revision of the assessment of the Shikarpur Taluk:—

"As desired in para 14 of Government Proceedings No. R. 4299-310—L. S. 3-06-2, dated 29th October 1906, I have the honor to submit for the consideration of Government six copies, accompanied by six copies of illustrative map, of my report containing proposals for the revision of the assessment of the Shikarpur Taluk of the Shimoga District.

2. I have sent copies of my report both to the Revenue Commissioner and the Deputy Commissioner of Shimoga District, for their opinion and I shall, on receipt, submit the same to Government for sanction with such remarks as I may consider necessary.

Report No. 69, dated 3rd August 1907.

I have the honor to submit proposals for the revision of the assessment of 174 villages now forming the bulk of the present Shikarpur Taluk, into which the original settlement was introduced as follows:—

103 Villages—Reported on by Colonel Grant in his letter No. 296, dated 22nd May 1872, and settlement finally approved in Chief Commissioner's Proceedings No. 2051, Rev. No. 91, dated 16th July 1872.

68 Villages—Reported on by Colonel Grant in his letter No. 645, dated 20th January 1873, and settlement approved in Chief Commissioner's Proceedings No. 1112, Rev. 25, dated 31st May 1873.

(NOTE—Three villages were newly constituted since the original settlement, out of lands of other villages).

2. *Constitution of the taluk.*—The taluk of Shikarpur as at present constituted has, in addition to the villages noted in para 1, 23 villages of the Bellandur Magni which were added on when the late Anantapur Taluk was abolished.

Proposal for the revision settlement of these 23 villages will be submitted along with the other villages, which constituted the late Anantapur Taluk.

3. *Boundaries and general description.*—The tract now reported on is bounded on the north by the Herekerur Taluk of the Dharwar District, on the east by the Honnali Taluk; on the south by Shimoga Taluk; and on the west by late Anantapur and Sorab Taluks. This tract is irregular in shape. The north-western portion of this and the northern portion of the Sorab Taluk together form a sort of projection into the Districts of Dharwar and of North Canara of the Bombay Presidency. Its greatest length, north to south, is 28 miles, and greatest width, east to west, 20 miles. This tract has been well termed Semi-Malnad as it shares in the characteristics of both Malnad and Maidan; the western portion lies on the borders of the Malnad, the eastern and northern portions adjoin the Honnali and Herekerur Taluks, respectively, and are more Maidan than Malnad.

4. *Physical characteristics.*—The girdle of hills, covered with trees and vegetation ranging between forests and low scrub jungle, may be noted as the chief physical characteristic of the tract. These chains of hills have several peaks ranging in height from 2,400 to 3,156 feet. The Jambur range starting from the northernmost boundary runs half way into the tract in a southernly direction. Chanderkal peak is the highest point in this range. Another prominent physical characteristic may be said to be Madagadakere or Masur Madagadakere on the frontier about two miles south of Masur of Herekerur Taluk. The common boundary of this tract and Herekerur Taluk runs along the top of the old dam, and the irrigable lands are outside our frontier. This tank is next in area of its water-spread to the Sulekere tank. It is formed by closing the gap in the hills through which the Kumadvati flows. The original bund was about 800 feet thick at the base and 100 feet high. Two other embankments were thrown across the other gaps in the hills to prevent the escape of water. The bund breached many years ago and was reconstructed, but only on a small scale on account of the submersion of the lands of Mysore raiyats which would follow. This tank now irrigates about 480 acres. The heavy compensation to be paid for valuable submerged land and the poor return on an investment of 2¼ lakhs of rupees by the Bombay Government, brought about the abandonment of the project. The indirect benefit of this large expanse of water on the wells, within the sphere of its influence, may be great if the raiyats of this part hereafter turn their attention to well irrigation.

5. *State Forests.*—In submitting proposals for the original settlement of the taluk, the desiccation, from want of forest conservancy, and the consequent effect upon rainfall and the fertility of the wet and garden lands, were strongly animadverted upon. The then Chief Commissioner delegated to the Settlement Officer the power of reserving, for State District Forests, such survey numbers as were considered preferable. Under this authority 26,602 acres or 41½ square miles were in 1873-74 transferred to the Forest Department at the settle-

ment of a portion (103 villages) of this taluk. During the decade ending 1880, no steps were aken to proclaim these as State Forests or protect them from fire. The progress in the following decades was satisfactory. This tract has now the marginally noted State Forests with a total area of 49,390 acres or 77 square miles, *vide* page 29 of the Progress Report of Forest Administration for the year 1905-06. Yerekatte State Forest of 877 acres was the latest addition made in 1905-06, showing that the Forest Department is fully alive to the importance of forest conservancy in this tract, which is on that line, which represents the commencement of the larger forests westward. Temptation to theft of timber and other forest produce is also great in this tract on account of its close proximity to the "Bailsime," and it is therefore all the more worthy of the closest supervision. These forests give shelter to tigers, cheetahs, bears, wild boar and occasionally to wild elephants. Last December a herd of wild elephants visited the southern tract, created a local panic and caused considerable damage to sugarcane and other crops. The increase of average rainfall since 1880, as will be shown farther on, can only be attributed to better conservancy of State and District Forests as already observed.

	Acres.
Basavanandihalli	... 2,113
Chendrakal	... 8,000
Gangavansara	... 16,640
Karadibetta	... 20,480
Kavali	... 640
Togarasi	... 640
Yerakatte	... 877
Total	... 49,390

or 77 square miles.

6. *Drainage.*—The Choradi, known also as the Kumadvati river, which rises in the Shankargudda hills about 8 miles to the west of Shimoga, after a course of about 20 miles enters this tract at the extreme south and, running in a northerly direction, flows into the Madagadakere and finds its exit through the waste-weir of the tank. Its chief affluent is a large halla which rises near Anantapur and enters the tract in the south-west and, after a course of upwards of six miles, falls into the Kumadvati river. This affluent receives the drainage of the south-west corner of this tract as well as of the Bellandur range of hills. The irrigational value of these streams will be dealt with under its appropriate head.

7. *Soils.*—Here and there, there is some black cotton soil, but the soils generally are of the reddish brown and grey descriptions, very light and friable and containing a large proportion of sand except in the low-lying grounds where they are darker and contain more clay. Under irrigation, rich soils are found on the banks of the Choradi and on the shores of the Madag tank. Gravelly and sandy soils are also met with in the high-lying dry crop lands.

8. *Crops.*—Rice and ragi are staple crops of the taluk; the former predominates in the west and the latter in the east. Among the subsidiary crops, sugarcane, all over the taluk, occupies a very prominent place. Next in importance comes jola and horse gram, which may be considered as staple products in the eastern portion; togari, avare and oil seeds have to be assigned a lower place. Areca and Panvel gardens are only found to a small extent in the Telgunda, Belgavi and Jambur Magnis. The quality of areca grown in this taluk is inferior to that of the Malnad and consequently commands a much lower price. A little over one per cent of the culturable area is garden. Garden produce is not therefore a distinguishing feature of this tract.

9. The following statement showing the distribution of crops is compiled from the Agricultural Statistics of 1904-05:—

Jola	... 6·63
Coffee	... 0·03
Ragi	... 22·39
Gram	... 7·04
Rice	... 44·80
Other cereals	... 9·55
Sugarcane	... 4·50
Oil seeds	... 0·34
Tobacco	... 0·01
Condiments	... 1·73
Garden produce	... 1·85
Miscellaneous crops (food)	... 0·13
Fibres, etc.	... 1·0
Total	... 100·00

10. *Rainfall.*—The average rainfall at Shikarpur for 37 years (1870 to 1906) was 32 inches, at Siralkoppa for 13 years (1892 to 1905), it was 44·04 inches. The rainfall a climate of this tract vary considerably in different parts. In the east the rainfall is not ve heavy, but gradually increases westwards. At Tagarti, which is about 7 miles outside t tract now reported on, the average rainfall for 13 years (1892 to 1905) was 52·22 inch

Revenue (Land Survey), dated 8th May 1908.

which is even higher than at Siralkoppa. A few villages in the extreme north-west of the taluk, not far from Sorab, may be said to have as much rainfall as Sorab itself which has an average of 57·88 inches. This varying rainfall gives the tract the nature of a mixed rice and dry crop country, the former predominating in the west and the latter in the east. From its position it participates in both the monsoons, the south-west and the north-east; but the former is that principally relied upon, though it fails in some parts to be timely. With the early "*Mungar*" rains, whether the tanks fill or not, the agricultural operations commence. In some parts the raiyats are so careful that they sow paddy and ragi in alternate lines; with timely and adequate rainfall, paddy flourishes and ragi disappears with the operation known as "*Koradu*;" with deficient rainfall and no watering from tanks, paddy dies and ragi flourishes. The average rainfall of the taluk may be considered as good as that of Shimoga and far better than that of Honnali or Channagiri, but the variations which go to make up the average, are not free from vicissitudes.

11. The average rainfall for 37 years may be higher than that assumed at the time of the original settlement, but there was then no reliable data available for any long periods. Rainfall statistics before 1868 are not available. I beg to invite attention to paras 23 and 25 of the report of the late Mr. Dobbi, Assistant Superintendent in charge of the original classing operations (*vide* page 68 of Selections No. 11), regarding deficient rainfall during 4 years in succession preceding the introduction of the original settlement and its effects on the resources of the raiyats. Any comparison, between the average rainfall that may have determined the original settlement and that during the currency of the original settlement, may therefore be misleading and not serve any useful purpose. Subsequent to the great famine of 1876-78 entire failure of all crops from drought may be said to have been unknown in this tract, but partial failure of rice or dry crop or both has not been quite unknown. The deficient rainfall in 1905 and 1906 and the low price of jaggory have told upon the extent under sugarcane cultivation which has been strikingly contracting as seen from the figures given below:—

Years.	Area under sugarcane. Acres.
1900-01	2,855
1901-02	5,710
1902-03	5,437
1903-04	4,035
1904-05	3,707
1905-06	1,918

12. *Climate.*—The climate of this tract varies considerably in different parts corresponding to different physical characteristics and rainfall. This tract has both healthy and unhealthy parts. Some parts may have changed for the worse. Fever, plague and cholera had their turn in committing havoc on the population of the tract. A few closely packed villages such as Salur, Issur, Shikarpur, Siralkoppa and Jambur, etc., have maintained their position as regards health and population. The villages to the north and north-west have not generally lost ground. A few villages in the east, south and south-east are thinly populated and in some instances have been wholly deserted.

13. *Communications.*—As regards communications, an immense change has taken place in this tract during the 34 years that have elapsed since the original settlement. The road from Siralkoppa to Byadagi *via* Anavatti, the road from Siralkoppa to Herekerur, the road from Siralkoppa to Sorab and the road from Shikarpur to Ambligola passing through the rich village of Salur, were all made subsequent to the original settlement. The three roads, branching from Shikarpur to Honnali, to Shimoga and to Siralkoppa, which existed at the original settlement, are in good working order. A road from Shikarpur to Masur, an important market town in Herekerur Taluk of the Dharwar District, which is only 4 miles beyond the frontier, is greatly needed, the extension of Shikarpur-Ambligola road to Anantapur will also be very useful as it will connect Shikarpur with Tirthahalli *via* Anantapur by the shortest cut. The opening of the Bangalore-Haribar-Poona Railway line has made Byadagi (a Railway Station) an important trade centre. Siralkoppa connected by two roads with this station is in close touch with it. Byadagi is in trade touch with Hubli, Dharwar, Poona and Bombay on one side, and with Davangere and Bellary on the other side. The increasing importance of Byadagi adds facilities to this tract in disposing of its surplus produce. The opening of the Shimoga-Birur line may not have appreciably affected the trade of this taluk. Surplus rice and jaggory of this tract find ready markets in Byadagi and in Siralkoppa; the latter is in close touch with Sagar on one side and Byadagi on the other. Siralkoppa has also different lines of communication with the seaport towns of Kumta and Honnavar *via* Sorab or Sagar. The benefits of the equalizations of prices due to the opening of railway lines outside the borders, though at some distance from the boundary, are fully shared in by this tract. The desirable new roads or extensions have been already pointed out. Improved communications have to be given their due weight in proposals for revision settlement inasmuch as they sensibly affect prices.

14. *Markets.*—The weekly markets held inside the taluk are Siralkoppa, Shikarpur and Hossante (a majare of Hirebilgangi). Of these, Siralkoppa is a large *entrepot* of trade equally in touch with "Bailsime" and Malnad. Shikarpur and Hossante minister more or less to local wants. There is no want whatever of outside markets beyond the border and within easy reach. Sagar, Byadagi, Chikkerur, Herekerur, Masur and Haveri are the chief outside markets used by this tract.

15. *Fairs and festivals.*—Annual jatras are held at Togarsi during the Mallikarjuna jatra, attended by about 10,000 people; at Shikarpur, during Hutcharayan Rathotsava, attended by about 5,000 people, and at Belgavi, during the car festival of Kadeswara and Basavanna Devaru, attended by about 3,000 people. Almost all the important villages celebrate their annual jatras after the harvesting is completed Such small jatras do not attract people from outside

16. *Manufactures, arts and industries.*—There are now only 80 cotton hand-looms in this taluk. The kambli looms have ceased to exist Cotton cloths used by the lower classes are generally made. Our raiyats find it cheaper to buy imported goods from Tumbinkatte Ranebennur and Davangere. Kurbars and Neyigars of this tract find agriculture more profitable than their caste industries. "Hale" bandis, common carts, agricultural implements, pottery and common native jewellery give occupation in their manufacture to a small proportion of the people of the tract. Since the original settlement there has been no striking or appreciable advance under this head. No new industries necessitating the employment of machinery have sprung up. This tract has had its own share in the considerable attention that has been recently given to manganese and chrome, found in several parts of the taluk. Successful manganese mining in this tract may have far reaching effects on this taluk, should it hereafter be linked up with some railway line by a tramway for carrying the minerals to the nearest seaport town.

17. *Exports and imports.*—The chief exports are rice and jaggory; the former finds its chief markets below the ghats and the latter in the Dharwar and Bellary Districts. Areca, in small quantities, is also exported. The chief imports are ragi, wheat, salt, cotton cloths, kerosene oil, tobacco, etc.

18. *Irrigational resources.*—An anikat has been thrown across the large halla which rises near Anantapur and joins the Choradi river. This anikat is within the limits of the Salur village. The Channel led off from this anikat irrigates an extensive area in Salur. Though 40,000 rupees have been spent in raising the crest of the anikat and in excavating a new channel and though cultivation has been gradually on the increase, the raiyats bitterly complain about the inadequacy of improvements. In some places, the distribution channels are lower than the adjoining paddy flats. The anikat and channel are in need of further repairs. An old dam across the Choradi stream near Kallumane, which, previous to the original settlement, was once supplying a large extent of land in the Issur Magni, fell into disrepair and has not yet been restored. A project for constructing a reservoir across the stream near Anjanipur is under investigation in the Department of Public Works. A channel or channels drawn from the proposed reservoir will irrigate a large extent of land, about 4,500 acres, in a fairly populous part of the tract under report. As the Choradi and its affluent effect the drainage of a large extent of a malnad tract with heavy rainfall, the proposed channels will not depend for their supply on local rainfall and will be all the more useful for this tract which is not free from years of inadequate rainfall and poor harvests. I cannot but strongly commend this highly useful project for the consideration of Government. This project has been under consideration for over half a century. The construction of another reservoir at Ambligola, by bunding up the Choradi affluent above the Salur anikat, will be a very valuable addition to irrigational resources and is under consideration in the Public Works Department. This will also improve the water-supply to the wet lands under Salur anikat.

19. The tract is studded with tanks and kattes. Of these, the tank at Silaventankoppa has been recently restored by the Public Works Department. The numerous small kattes already referred to vary in area from one to five acres in extent; they have generally long earthen bunds with or without masonry sluices. They are more like Malnad tanks. Many of them are in series so that they may be protected during the years of heavy rainfall. The importance of these numerous kattes lies in their being sources of watering to paddy fields when the rains hold off. Under such tanks or channels as command a hot-weather supply, sugar-cane is extensively cultivated. The importance of maintaining even the minor tanks in this taluk cannot be overrated. During the currency of the original settlement, the Engineering Department has spent over two lakhs of rupees mostly in restoring important works. Due notice has been taken of such improvements as have increased the water-supply to their atchkat lands. The tank at Silavantankoppa has been restored and improved at an outlay of about Rs. 17,000. When water is made available for cultivation a re-water-classification will have to be carried out. The Deputy Commissioner has been addressed on the subject.

20. The construction of a large reservoir across the Choradi at Anjanipur will not only bring about 4,500 acres, equal to, if not greater than, the atchkat of the Sulikere tank of the Channagiri Taluk, under wet cultivation, but it may also indirectly benefit by giving a good drinking water-supply to Shikarpur and other thickly packed villages. The following extract

Revenue (Land Survey), dated 8th May 1908.

from the Classing Officer (now Deputy Superintendent) Mr. K. Ramaswami Iyengar's Memorandum may be found interesting:—

"It may also be utilized for developing the industries of the district. For such a large lake, a high embankment and a high-level sluice will be necessary. These may possibly be utilized for generating electrical power. Such power can profitably be utilized for developing the forest revenue without the necessity of felling green and immature trees. The manufacture and profitable export of unbleached bamboo pulp may then come within the range of a practical and useful commercial problem. The extensive bamboo bushes within easy reach of the proposed site will give ample material for manufacturing thousands of tons of pulp for making paper; the world's demand for paper is daily increasing. The bamboo bushes (green or dead) are generally destroyed by fire. The "Bailsime" demand for "Kere" or "Here" Bidru is insignificant as compared with the supply. In the forests round about, there are large trees neither fit for timber nor fuel. Such trees may come in handy for manufacturing wood pulp which commands from £3 to £8 per ton in the London markets." As I am no expert, I can only commend the question for the consideration of Government.

21. *Results of re-survey.*—In carrying out the re-survey 20,769 old survey numbers have become 20,995 new survey numbers, showing a small increase of 226 or 1 per cent. This small increase is due to the measurement of the new roads made subsequent to the original settlement. The raiyats did not take advantage of getting large sized assessed waste numbers subdivided into numbers of convenient size, as there is not, in my opinion, much demand for extension of cultivation in this taluk. The boundary marks of every survey number were carefully examined and the missing ones replaced as per original measurement. Replacing missing marks chiefly engrossed the attention of our men, during the progress of re-survey operations.

22. *Re-classification.*—As this is a semi-malnad taluk, the re-classification of water-supply sanctioned by Government in their Proceedings of the 5th November 1896, was not carried out in all villages. The principles embodied in the rules approved of by Government, in their Proceedings No. R. 168-71—197-3, dated 15th July 1904, have been applied to this tract. Rules of 1896 were partially applied in re-classing water-supply of new gardens exceeding the minimum prescribed in the Rules of 1904 and of abandoned or contracted gardens converted into wet, and in other cases when necessary. As there was loud complaint about the water-supply to the extensive area irrigable by the channel drawn from the Salur anikat, the water-supply to these lands was re-classed according to the rules of November 1896. The original soil classification has been adopted and utilized throughout.

23. *Population and agricultural resources.*—I now come to a comparison of past and present population and agricultural resources as far as information is available. The following statement is compiled from the statistical returns prepared at the time of re-survey, aided by the latest regular Census and other statistics available:—

Particulars		At the time of original survey	As per re-survey	Increase	Decrease
Population		57,392	58,480	1,088	...
Houses ...	1 Tiled ...	1,134	2,257	1,123	...
	2 Mud-roofed ...	374	26	...	348
	3 Thatched ...	10,786	10,712	...	74
	Total ...	12,294	12,995	701	...
Horned cattle ...		64,589	73,983	9,394	...
Sheep and goats ...		4,360	8,445	4,085	...
Carts ...	Halli Bhandi ...	1,509	1,546	37	...
	Chakadi ...	404	2,416	2,012	...

	Other wells ...	...	460	...	...
	Total ...	...	678	...	...

24. The following figures compare the population as per Census in 1871, which accords nearly with the date of the original settlement, with the Census periods of 1881, 1891 and 1901:—

Census of 1871	Census of 1881	Census of 1891	Census of 1901
57,392	57,916	58,985	58,480

The Census figures are of course preferable to those collected during original survey or re-survey. The total population from 1871 to 1901 has risen by only 1,088 or nearly two per cent against a general increase of five per cent for the whole district. The increase shown for this tract in the Census of 1881 was unique, showing the almost imperceptible check given by the great famine. The growth of population has been very small in this tract from 1871 to 1901 through the disturbing elements of cholera, plague, fever, etc. The small increase of population would not give room for remark had it been evenly distributed over the whole tract. Some villages have become entirely depopulated, some have lost a good portion of their population; but several villages, in the north and north-west of the taluk, show moderate increase. The population is 174 per square mile against 170 at original settlement. The population to the arable area is 362 to the square mile. Deductions as to prosperity from mere population may turn out fallacious; density of population to occupied area is more or less a concomitant of the mode of husbandry prevalent in a tract; highest density is generally found where superior garden cultivation predominates. This diminishes where wet cultivation is on the increase, it becomes still less with dry cultivation. This tract can certainly feed more mouths than it does at present; but both artificial and natural causes have kept the population almost stationary. Parts of the tract are in urgent need of sanitary improvements; more drinking water wells are also necessary. Agricultural statistics (*vide* 8th issue for the years 1901-04) for this taluk fairly bears out the re-survey returns, which cover less ground than the former, as they do not deal with twenty-three villages of the Bellandur Magni. Tiled houses have doubled themselves, those of mud almost disappearing. Houses show an increase of six per cent, horned cattle fourteen per cent, ploughs eight per cent and sheep and goats ninety-eight per cent. The doubling of the number of carts in this tract is an indication of more active trade, due to improved communications, high prices and better markets. "Halu" bhandis are so heavy that they require eight or ten bullocks to draw them when loaded. They have been almost replaced by common chakra carts of the carriage of ordinary produce. They are kept as heirlooms or for carting manure to the fields. Facilities for the manufacture of common carts are not wanting in this tract, as teakwood logs required for the purpose are available in the local wood-yard, under the management of the Forest Department. The increase in the agricultural stock of the country is satisfactory.

25. *Wells.*—The number of irrigation wells in this tract is shown as 218. As no information is available regarding the number that existed at the time of original settlement, no comparison can be drawn. Purely well irrigation is not found in this tract. Some of these wells are in aid of gardens and some are found on the banks of the Choradi river. Well irrigation does not engross the attention of the raiyats.

26. *Cattle.*—Though there are extensive pasture lands, cattle-breeding does not receive much attention. Buffaloes, which are freely used for agricultural operations, are imported from the Dharwar District. Bulls and bullocks are imported from Honnali, Channagiri and Shimoga, chiefly by purchases in "Jatras" or "Parshays" held outside the tract.

27. *Husbandry.*—There has been no striking or distinct advance in the mode of husbandry. Sugar-cane crushing mills of cast-iron rollers are now extensively used, the crude wooden mills are occasionally used when better ones are not available. Merchants and other capitalists give out on hire sugarcane-crushing mills and pans for boiling the juice at one rupee a day, for each set. Many persons find this system more advantageous than investing their own capital and risking the costs of frequent repairs which may require more skill than that available and at hand in the village smithy. In the early eighties, an attempt was made to carry on extensive cultivation of sugarcane on the banks of the Choradi stream by steam pumping. Though a company headed by an intelligent and educated native gentleman was started, it had but a brief life. The whole concern ended in disastrous failure. The lands granted were sold for arrears of land revenue; an old engine is left at Shikarpur to rust and proclaim a pitiable failure. There is no doubt whatever that there is great scope for such enterprise on the banks of the Choradi, where there are special facilities of soil and climate for growing sugarcane. The stream has, for pumping, a perennial supply depending on an extensive catchment area already referred to. Such an enterprise can only spring up again

by the investment of outside capital; the past failure being dead against any local combination of capital.

28. *Prices.*—The information regarding prices furnished by the taluk authorities is far from complete. On account of the destruction of old records, no information is said to be available for the years 1873-74 to 1881-82. The Amildar was not able to give this information even for the years 1894-95. In the interesting compilation of "Retail prices of some articles of food in Mysore" the district average prices are found for years subsequent to 1886. The following periodical figures compiled from the taluk return, incomplete as it is, may be of some use:

Years	Seers per rupee. Rice	Ragi	Jola
1882-85 (4 years)	16·5	34	31
1886-90 (5 years)	14·6	38	30
1891-95 (3 years), figures for 94 & 95 not available) ...	12·0	26	25
1896-1900 (5 years)	11·6	21	22·2
1901-03 (3 years)	14·0	32	26
1904-05 (1 year)	12·0	20	22
1905-06 (1 year)	7·0	11	12

29. The district figures for the same period from the compilation of retail prices may be useful for checking the accuracy of the averages, given above.

	Rice	Ragi	Jola
1886-90	14·98	42·95	32·65
1891-95	11·94	31·55	26·08
1896-1900	10·94	24·98	20·74
1901-05	12·64	29·94	23·75
Ten years' average 1896-1905 ...	11·79	27·46	22·25

In the absence of the taluk information for the years 1873-74 to 1881-82, I have compiled the following figures for the Shimoga District, from the *Mysore Gazette*:—

Years	Rice	Ragi	Jola
1872	13·7	43·9	38·9
1873	14	36·4	31·3
1874	16·4	42·0	32·7
1875	17·0	31·3	32·3
1876	11·5	17·9	15·2
1877	5·3	7·7	7·4
1878	8·3	14·0	13·1
1879	13·8	30·11	21·13
1880	14·6	34·7	29·0
1881	15·10	42·14	40·1
Average, excluding three famine years 1876-78 ...	14·62	36·92	30·64

30. The Director of Statistics, in the issue of the *Mysore Gazette* of 16th August 1906, taking the prices of 1886 at 100, gives for the Shimoga District.

	In 1886	In 1905
Rice ...	100	148
Ragi ...	100	182

Leaving out the high prices due to famine and taking only the normal prices for this period of 33 years into consideration, it is but fair to assume that prices have risen 30 to 50 per cent. This tract fully shared in the high prices that ruled in 1900 on account of famine in the Bombay Presidency and Northern India. The same remark is not applicable to jaggory. Its price has been subject to sudden falls or rises. These violent fluctuations may have been one of the causes of the striking contraction of sugarcane cultivation here.

31. *Sales and mortgages.*—I have had recorded and examined some 345 sales and 257 mortgages and other transactions extending over 33 years, the aggregate amount of sales and loans, respectively, exceeding a lakh of rupees. The land realized on the average twelve times the assessment and the loans obtained on the mortgage nine times the assessment, due allowance had to be made for such transactions as included house property along with lands. In 1873 land realized five times the assessment, in 1904, twenty-four times, being the highest average ever reached. Though the above results may indicate a low market

value, the value of land has been gradually on the increase. Population, almost stationary, the mode of husbandry and the unhealthiness of some parts of the tract are some of the checks to such rapid rise in the value of land, as is observed in some of the Maidan taluks of the Province. Moreover this tract does not attract cheap labor from the adjoining tracts, British or Mysore.

32. *Old and new area.*—The area and description of land according to former and present survey are shown below :—

Description	Former survey acres as per akarbands	Present survey acres	Difference Increase or Decrease
Arable dry crop land	58,061	56,896	—1,165
Rice or wet land	43,571	44,508	+947
Garden land	2,050	1,646	—404
Unarable or kharab land	111,725	112,535	810
Total ...	215,397	215,585	+188

There has been a net increase of only 188 acres, which comes to about $\frac{1}{2}$ of an acre per cent. The area of each survey number was subjected to scrutiny both at field and in office. There are extensive kharab numbers in this taluk. The difference is so slight that no explanation is called for. The deficiency of 1,165 acres under dry crop and 404 acres under garden is accounted for partly by an addition of 947 acres to wet land and partly by 810 acres to the unculturable head. New roads measured and margins left to tank bunds according to rules, may account for some decrease under dry crop area.

33. *Revenue history.*—Appendix A gives the Revenue history of the tract under report for 33 years. An abstract is given below. The figures have been taken from the taluk returns annually received in my office. The Amildar was not able to give me correct or complete detailed accounts for these years. As I have no means of checking the returns available in my office, their absolute accuracy cannot be vouched for, but for the purposes of inferences regarding expansion or contraction of cultivation, their correctness need not be questioned.

Years	Government occupied land				Government unoccupied land	
	Area	Assessment	Remission	Amount realized	Area	Assessment
	Acres.	Rs.	Rs.	Rs.	Acres.	Rs.
1st year in abstract, 1873	67,716	1,31,598	11	1,31,587	24,743	30,912
Average 5 years, 1873-77	67,929	1,31,920	2	1,31,918	25,128	31,265
Ditto 1878-82	68,296	1,29,235	...	1,29,235	27,551	35,518
Do 1883-87	70,823	1,34,584	11	1,34,573	24,122	31,787
Do 1888-92	70,930	1,34,060	...	1,34,060	24,353	32,061
Do 1893-97	73,771	1,40,298	...	1,40,298	21,553	29,029
Do 1898-1902	74,964	1,43,437	...	1,43,437	20,913	28,105
Average 3 years, 1903-05	74,527	1,43,753	4	1,43,749	21,036	28,485
1 year in abstract, 1905-06	73,743	1,42,335	12	1,42,323	21,862	29,338

34. The following statement showing differences between the year of the introduction of original settlement, the lowest revenue collection year, the highest revenue collection year, and the year 1905-06, with the percentage of increase or decrease as compared with the year of original settlement, may be of interest for judging progress :—

Years	Occupied area acres	Revenue collections Rs.	Increase or decrease
1873-74	67,716 ...	1,31,587 ...	.....
1882-83, lowest year ...	66,894 ..	1,26,628 ...	—4 p. c.
1902-03, highest year ...	76,361 ...	1,46,374 ...	+11 p. c.
1905-06	73,743 ...	1,42,323 ...	+8 p. c.

35. The variations in the Land Revenue collections do not show either striking increases or decreases, varying only between minus 4 per cent and plus 11 per cent. The highest revenue collection year showed an increase of 10 per cent in occupied area with a corresponding increase, in assessment, of 11 per cent. The expansion of cultivation during the last 33 years has been very slow. The prominent feature in the Revenue history of the tract is the absence of remissions of assessement for failure of crops, during the entire period of the original settlement. Neither during the great famine of 1876-78 nor during 1905-06 were remissions granted, as there was perhaps no total failure of crops. The relief granted to Malnad areca

gardens by the remissions of 1896-97 was not extended even to the deteriorating gardens in this tract, though the owners might have welcomed the concession as much as their neighbours.

36. In para 13 of their Proceedings No. R. 4299-310—L. S. 3-06-02, dated 29th October 1906, sanctioning the revision settlement rates for Channagiri Taluk, the Government observe that it would be a great advantage if the occupied and unoccupied area classified as dry, wet and garden, could be separately shown in the appropriate columns of Appendix A (Revenue history). I regret to state that the taluk authorities have, though repeatedly called upon, failed to furnish me with the details of the figures of the past revenue history of the taluk to enable me to compile the statement as desired by Government.

37. From the statistics available in my office, I have, however, compiled a statement showing the several descriptions of land as they stood at the original settlement and at re-survey:—

Description	Occupied area			Unoccupied assessed waste		
	As per original settlement report	As per re-survey report	Increase or decrease	As per original settlement report	As per re-survey report	Increase or decrease
	Acres.	Acres.		Acres.	Acres.	
Dry	36,357	39,386	+3,029	19,564	14,382	—5,182
Wet	30,488	34,247	+3,859	7,307	6,220	—1,087
Garden	1,421	1,256	—165	56	280	+224
Total ..	68,166	74,889	+6,723	26,927	20,882	—6,045

38. The greater portion of the unoccupied gardens is found on the banks of the Choradi river or outside the water-spread of the Mudugada tank. For want of labor, this large extent seems to remain waste. The figures relating to expansion of cultivation under various descriptions of land, do not tally with the corresponding decreases shown under unoccupied area for it must be remembered that during the currency of the settlement, several unarable and unassessed survey numbers have been brought under arable area to meet the demands of cultivation for virgin lands that expansion of wet cultivation necessitated changes from dry and garden to wet, and that there have been also changes from assessed occupied or unoccupied area into unassessed kharab for public purposes, such as new roads, tanks and village sites etc. Large areas of both dry and wet lands are still available for extending cultivation, where more labour and capital are at hand.

39. I have now dealt with all these points which can help to determine the lines on which the revised settlement should be fixed. Cultivation has very slowly progressed, population has been strikingly almost stationary with but a very small increase of about 2 per cent agricultural resources have expanded much beyond what might have been necessary to a small increase of 2 per cent in population; communications have been vastly improved, though some useful roads may still remain to be extended or newly made; prices of staple food grains have shown a steady increase. The disadvantages of sudden falls in average rainfall and their corresponding effect on harvests and the climatic disadvantages of some of the parts of the tract have also been dealt with.

40. *Grouping and maximum rates.*—The original grouping has not been seriously disturbed, but where it has, it has been due either to increased advantages by new roads and irrigation facilities, etc., or to increase disadvantages such as partial or complete depopulation of villages due to climatic influences with a corresponding addition to cost of cultivation. In altering the grouping of villages, due regard has been paid to the limitations for increase at the revision settlement, laid down in Government Order No. 1645-54, dated 9th December 1903. The original grouping might have had its own justification. A thorough alteration undesirable as it may lead to abnormal increases or decreases in assessment. Such alterations, as were found necessary with due regard to increased advantages or disadvantage have been made so far as it was possible to do so in the interests of raiyats and of Government. The incongruities still appearing on the map are unavoidable as the original grouping cannot altogether be ignored. An explanation regarding the peculiarity of grouping may not be out of place. Rice or wet rate was the chief underlying basis of original grouping. The dry maximum rate varied according to local peculiarities. Under this arrangement the highest wet rate was not a *sine qua non* of the highest dry rate or *vice-versa*. Unduly heavy rainfall is favorable to rice and unfavorable to dry crops; moderate rainfall is favorable to dry crop and unfavorable to wet crop. As already explained, the varying rainfall gives the tract the nature of mixed rice and dry crop country. This climatic peculiarity has necessitated one grouping for wet lands and another for dry lands. I will begin with the grouping of rice lands as being more important throughout the taluk.

41. I propose to divide the 174 villages of this tract into the following groups for assessing wet lands :—

Group I.—Twenty villages, as against 23 of original settlement, within easy reach of Siralkoppa or Shikarpur road, possessing advantages of climate, population, markets and husbandry. The maximum wet rate will be Rs. 7. Of these, 16 were in Group I of the original settlement with a wet maximum of Rs. 6-8-0, and 4 have been raised from Group II with a wet maximum of Rs. 6-4-0.

NOTE.—Three villages in original Group I have been lowered to Group II and 4 villages in old Group I to Group III, on account of marked loss of population, or having become entirely deserted.

Group II—Seventy-nine villages as against 21 of original settlement, all on or near made roads or otherwise favorably situated. Of these, 17 were in original Group II, 3 lowered from Group I, 57 raised from Group III and 2 raised from Group IV, due to improved communications or irrigational facilities. The rice or wet maximum now proposed is Rs 6-8-0 against Rs. 6-8-0 for three villages, Rs. 6-4-0 for 17 villages, Rs. 6 for 57 villages and Rs. 5-8-0 for 2 villages of original settlement.

Group III.—Forty-two villages as against 97 of original settlement, somewhat less populous are not so well opened out by roads. Of these, 28 were in Group III, 4 lowered from Group I and 10 raised from Group IV. The wet or rice maximum now proposed is Rs. 6 against Rs. 6-8-0 for 4 villages, Rs. 6 for 28 villages, and Rs. 5-8-0 for 10 villages, at the original settlement.

Group IV.—Thirty-three villages, as against 33 of original settlement with sparse population or completely depopulated or not favorably situated. Twenty-one of these were in Group IV and 12 lowered from Group III of the original settlement The wet maximum now proposed is Rs. 5-8-0 as against Rs. 6 for 12 villages and Rs 5-8-0 for 21 villages of the original settlement.

NOTE.—With the object of giving relief to the villages coming within Groups III and IV, I have not raised the maximum wet rates of Rs. 6 and Rs. 5-8-0 of original settlement, as they are sufficiently high for these villages.

42. For dry crop assessment, I have made no change in the locale of the original grouping but only reduced the number of groups from 7 to 5, as there are now no circumstances to differentiate original dry Group II from III or VI from VII and as there is only a difference of two annas between these groups. For the first group, I have retained the old maximum of Rs 2-4-0, as it is sufficiently high for this taluk, under the present circumstances. The slight increases made in the other groups will be seen from the following table :—

Original dry group	Original maximum			Proposed dry group	Proposed dry crop maximum		
	Rs.	a.	p.		Rs.	a.	p.
I	2	4	0	I ...	2	4	0
II	1	14	0	II ...	2	0	0
III	1	12	0				
IV	1	8	0	III ...	1	12	0
V	1	4	0	IV ...	1	8	0
VI	1	2	0	V ...	1	4	0
VII	1	0	0				

In the classwar statement(Appendix B), the old and new maximum rates as regards each village are shown, but beyond this, no useful purpose will be served by minutely comparing the old and new rates here.

43. *Garden maximum.*—The original garden maximum was Rs. 16. In pursuance of the liberal policy of Government in according a generous treatment to gardens both in Maidan and Malnad, I now propose a maximum of Rs. 10, which will be reached only in a few flourishing gardens.

44. *Late Kod Taluk rates.*—A few words may not be out of place regarding rates that prevail in the British villages of Herekerur Taluk to the north of this tract. The maximum wet rate for these villages is Rs. 7-8-0 and dry maximum Rs. 1-4-0 and Rs. 1-2-0.

45. *Results of revision.*—The effect of the proposed rates on occupied lands will be clear if put in the following form :—

Description	Revenue collections for the year 1905-06 by former settlement rates			By proposed settlement rates			Increase or decrease
	Area	Assessment	Average	Area	Assessment	Average	
	Acres	Rs.	Rs. a. p.	Acres	Rs.	Rs. a. p.	Rs. a. p.
Dry	99,526	22 674	0 9 3	98,986	25,374	0 10 4	+0 1 2
Wet	32,651	1,08,861	3 5 4	34,247	1,21,726	3 8 10	+0 3 6
Garden	1,556	10,315	6 9 5	1,256	7,246	5 12 4	+0 13 1
Miscellaneous ...	...	473	...	...	...	..	...
Total ...	73,743	1,42,323	1 14 11	74,989	1,54,346	2 1 0	+0 2 1

Revenue (Land Survey), dated 8th May 1908.

The average rate per acre for the whole taluk, all descriptions included, has been raised from Rs. 1-14-11 to Rs. 2-1-0 or just 2 annas and 1 pie per acre.

46. The incidence of this increase on the several descriptions of land in the four groups will be made clear from the following table. This statement refers to occupied lands only :—

Group	Description of land	Old			New			Increase or decrease
		Acres	Assessment	Average rate	Acres	Assessment	Average rate	
			Rs.	Rs. a. p.		Rs.	Rs. a. p.	Rs. a. p.
I ...	Dry ...	7,351	5,095	0 11 1	7,057	5,255	0 11 11	+ 0 0 10
	Wet ...	7,541	28,842	3 13 2	8,000	33,144	4 2 3	+ 0 5 1
	Garden ...	309	2,831	9 2 7	231	1,930	8 5 8	− 0 12 11
	Total ...	15,201	36,768	2 6 8	15,288	40,329	2 10 2	+ 0 3 6

	Garden ...	1,034	6,266	6 1 0	826	4,447	5 6 2	− 0 10 10
	Total ...	40,404	77,383	1 14 8	40,708	84,547	2 1 3	+ 0 2 7
III ...	Dry ...	10,759	7,745	0 11 6	11,133	8,708	0 12 6	+ 0 1 0
	Wet ...	3,721	11,842	3 2 11	3,961	12,852	3 3 11	+ 0 1 0
	Garden ...	137	712	5 3 2	134	575	4 4 8	− 0 14 6
	Total ...	14,617	20,299	1 6 3	15,228	22,135	1 7 3	+ 0 1 0
IV ...	Dry ...	1,587	969	0 9 9	1,711	1,181	0 11 1	+ 0 1 4
	Wet ...	1,848	5,925	3 3 4	1,889	5,860	3 1 7	− 0 1 9
	Garden ...	86	506	5 14 2	65	294	4 8 4	− 1 5 10
	Total ...	3,521	7,400	2 1 8	3,665	7,335	2 0 0	− 0 1 8
Grand Total ...	Dry ...	39,526	22,674	0 9 2	39,386	25,374	0 10 4	+ 0 1 2
	Wet ...	32,651	1,08,861	3 5 4	34,247	1,21,726	3 8 10	+ 0 3 6
	Garden ...	1,566	10,315	6 9 5	1,256	7,246	5 12 4	− 0 13 1
	Miscellaneous	...	473	.....	...	...	.....	.....
	Total ...	73,743	1,42,323	1 14 11	74,889	1,54,346	2 1 0	+ 0 2 1

47. Taking the various descriptions in detail, the average rate of dry land has gone up by 1 anna and 2 pies per acre, of wet land 3 annas and 6 pies per acre, while that of garden has come down by 13 annas and 1 pie per acre. The increase of 3 annas and 6 pies, under wet lands is obtained by an increase of 5 annas and 1 pie in Group I, 3 annas and 10 pies in Group II, 1 anna in Group III and a decrease of 1 anna and 9 pies in Group IV. This graduated adjustment is due to alterations made under the important head "Revision of groups."

48. Effect of proposed settlement by groups will be clearly seen from the following table:—

Group	Number of villages	By former survey (1905-06)		By revision survey				Total		Increase or decrease
		Government occupied land		Government occupied land		Unoccupied Government assessed arable land				
		Acres	Assessment	Acres	Assessment	Acres	Assessment	Acres	Assessment	
			Rs.		Rs.		Rs.		Rs.	
I ...	20	15,201	36,768	15,288	40,329	4,247	6,526	19,535	46,855	+ 9·7

Total ...	174	73,743	1,42,323	74,889	1,54,346	20,882	28,911	95,771	1,83,257	+ 8·4

There has been an increase of 9·7 per cent in Group I, 9·2 per cent in Group II, 9·0 per cent in Group III, with a decrease of 0·9 per cent in Group IV, with a total increase of Rs. 12,023 or an increase of 8·4 per cent over the revenue collections of 1905-06. By revision of garden assessment on liberal lines as already noted, there has been a loss of Rs. 3,069. This is not wholly covered by the gain in revising the assessment of dry crop lands; the general increase may be looked upon as the bulk of increase obtained under revision of wet rates.

APPENDIX A.

Revenue statement for the 174 villages of the Shikarpur Taluk of the Shimoga District from 1873-74 to 1905-06.

N. B.— The difference between these and the figures in the body of Report is due to elimination of fractions.

(2) Letter No. 5279, dated the 17th November 1907, from the Revenue Commissioner in Mysore, submitting his opinion on the above proposals.

"With reference to the correspondence ending with your letter No. R. 2166, dated 21st September 1907, I have the honor to submit herewith my opinion on the proposals for the revision of assessment of the Shikarpur Taluk.

2. *Physical features.*—Surrounded on almost all sides by hills and interspersed with scrub jungle, the taluk partakes of the nature of semi-malnad. In the southern and western portions commences the forest growth a major portion of which has been reserved as State Forest since the original settlement. The Kumudvati (otherwise known as the Choradi) is the only river of importance which running from the south to the north cuts the taluk almost into two equal portions and finally passes through Madagadakere a very large tank lying at the northern frontier.

3. *Soils.*—The soils of this taluk are chiefly reddish brown and grey containing much sand except on the banks of the river Kumudvati and on the margin of the Madagadakere where rich alluvial soil is reported to be met with and wet crops are raised thereon. In the eastern portions of the taluk, the soil is less sandy and more like loam being of dark brown colour and most suitable for dry crop cultivation which is successfully carried on.

4. *Crops.*—In the original report, the several kinds of crops grown in different parts of the taluk and the methods adopted for their cultivation are more fully dealt with.

Of the staple food crops, rice and ragi are the most important, occupying 44·80 and 22·39 per cent of the total cropped area, the former being generally confined to the western parts of the taluk. Ragi and other dry crops such as jola, horse gram, etc., are grown in the eastern portions where the climate as well as the soils are more favourable for such crops. Referring to this Captain Grant says at para 15 of his original report that "the true jowari-growing country commences to the east on the borders on the Honnali Taluk where the crop in question is obtained in perfection." He adds in para 32 of the same report that "climatic causes render the dry crop cultivation towards the east remunerative to a degree far in excess of anything to be found towards the west and south." The climate is also stated to be most suitable for sugar cane cultivation which is a notable feature of this taluk. There has been a steady decrease however during the last 4 years in the area under sugarcane due chiefly to a fall in the price of jaggory and partly to failure of rainfall. Moreover the average yield of jaggory of 135 maunds given by Mr. Dobbie does not show that sugarcane cultivation can be carried on at great profit (see page 70 Selections, Vol. XI). The extent of gardens which was small at the original settlement, has contracted and even these are of inferior quality generally.

5. *Rainfall.*—The rainfall is fair, the average monthly rainfall for the last 37 years being 32·21 inches, *i.e.*, nearly half of what is registered in the Sagar and Sorab Taluks but higher than Honnali which has an average fall of only 23·47 inches for the same period. But it is characterised by great variation in different parts of the taluk and uncertainty especially in the eastern and north-eastern portions. Mr. Shama Rao says that the increase of the average rainfall since 1880, can only be attributed to the better conservancy of the State and District Forests. No figures are, however, given in support of this statement but, without questioning the principle involved therein, it may be stated that the increase is not confined to this taluk alone and that the comparatively heavy rainfall throughout the malnad and semi-malnad parts during the years 1896, 1898 and 1900-1903 might have largely contributed to raise the average. This will be clearer from the fact that the deficient rainfall during the last three years had necessitated the remission of a very large sum of Rs. 55,000 and odd being half the wet assessment and of Rs. 2,200 hulbanni. The taluk appears to have suffered similarly from four bad years in succession immediately before the original settlement, see para 25, page 68 of Selections, Volume XI.

6. *Climate.*—The climate of this taluk is stated to be inferior to that of the Sorab Taluk, (*vide* para 6, page 73 of the Selections). Mr. Shama Rao says that some parts may have changed for the worse, especially in the east, south and south-eastern portions where some villages have been wholly deserted. It is worth investigating whether it is not probably due to the increased forest reservation which is still being extended.

7. *Communications.*—Since the original settlement much attention has been paid to the opening out of communications, and the towns of Shikarpur and Shiralkoppa have been connected with important outside stations such as Byadgi (a Railway Station) *via* Anavatti, Sorab, Hirekerur, etc., and must have affected the prices as observed by Mr. Shama Rao.

8. *Manufactures, Arts and Industries.*—It is stated that the raiyats find it cheaper to buy imported cotton goods from Ranibennur, Tumbinkatte, etc., and that Neyigars and Kurubars of this part find agriculture more profitable than their caste industries. The reason seems to be that probably the local artisans have become discouraged owing to want of capital or sufficient margin of profit and their inability to successfully compete with the imported goods. Excepting the manganese industry which appears promising, there is nothing worth recording under this head.

9. *Irrigational sources.*—The channel led off from the anikat near Anantapur is the only important irrigation work referred to in the report. But details regarding the irrigable area under this channel, the area actually irrigated and the assessment realised, etc., are not available.

Nor are there any particulars given as regards the efficiency of the numerous tanks and kattes said to exist in the tract. In the original report an attempt was made to give details regarding the important tanks and their conditions, (*vide* page 69 of Selections XI), and it would have been well if

Revenue (Land Survey), dated 8th May 1908.

similar details had been collected and embodied in the present report also. It is stated that during the currency of the original settlement over two lakhs of rupees have been spent chiefly in restoring important works and that due notice has been taken of such improvements in increasing the water-supply to this atchakat.

10. *Reclassification.*—Mr. Shama Rao says that the reclassification of water-supply sanctioned by Government in Proceedings, dated 5th November 1896, was not carried out in all the villages. But this Proceedings does not sanction such a classification for this taluk.

11. *Population and Agricultural Resources.*—A comparison of population and agricultural resources at the original survey and the present resurvey does not indicate any improvement in the prosperity of the taluk. Population shows the insignificant increase of 2 per cent which is unsatisfactory and is accounted partly by the depopulation of certain villages in the southern and south-eastern portions of the taluk owing to their increasing unhealthiness and partly by the havoc caused by cholera and plague.

The increase in average density of population to a square mile of the total extent arable and unarable as well as of occupied area is also small, as shown below :—

	Density per square mile of whole extent.	Arable	Occupied area
At original survey ...	170	354	498
At the present survey ...	174	362	507

It will be interesting to compare the average density of the neighbouring taluks :—

Taluks.	Density per square mile of whole extent.	Occupied area
Honnali	193·09	380·18
Channagiri	159·60	402·99
Sorab	151·94	406·28

It will be observed that the population per square mile of the occupied area in Honnali and Chennagiri which are comparatively a dry crop country is less and that in spite of the fact that Sorab has a larger proportion of supari and wet cultivation, Shikarpur has to support a larger population in proportion to its occupied area.

I am not prepared to regard the increase in tiled houses and carts as a very material indication of increased prosperity as owing to advancing civilization there is a necessary increase in these respects even in the absence of real increase in material wealth.

12. *Prices.*—No accurate statistics are available as regards the prices prevailing in the taluk since its original settlement and no opinion can therefore be formed as to whether there has been a rise or fall. Taking the district averages compiled from the *Mysore Gazette* and those given in the periodical return of "Retail prices of some articles of food in Mysore," there can be no doubt of a fair increase in prices, though it may not be possible to concur in the estimate of the Superintendent who has inferred that the prices have risen from 30 to 50 per cent without further verification. Even this increase is discounted by the fact that if the rise in wages and cost of cultivation generally and probable decrease in production be considered, there can possibly be no increase in the net income of the raiyat.

13. *Sales and Mortgages.*—Mr. Shama Rao states that the value of land has been gradually on the increase, the average value realised being 12 times the assessment and the loans obtained on mortgages nine times the assessment, due allowances being made for such transactions as included the house property along with lands. These figures are about the same as prevail in Sorab but less than those of Holalkere. There has been a general appreciation of land owing to fixity of tenure, etc., and the proportion above given does not indicate any great rise in the value of lands.

14. *Revenue History.*—Under past revenue kists, the Superintendent, Revenue Survey, has prepared a very interesting review of the revenue collections and of the extent of cultivation under dry, wet and garden. No remission had been found necessary but he has omitted to refer to the remission of about Rs. 55,000 which has been ordered for 1905-06. He has summarised the results in para 39 and though the expansion in cultivation is proportionately greater than the increase in population, it must be observed that it is not as high as in the neighbouring taluk of Sorab.

15. *Grouping and Rates.*—I have no remarks to make about the general grouping of villages which appears to have been arrived at on a careful consideration of population, climate, soil and other considerations. The rates of the different classes of lands also have been fixed with due reference to those adopted at original settlement and those prevailing in the neighbouring taluks are not open to much criticism. The increase in wet and dry rates is well graduated and the average rate of increase is also very moderate while there has been a perceptible decrease in the assessment of garden land. The last is only proper as no relief was granted in this taluk when a general remission was ordered for the Malnad taluks.

16. *Result of Resettlement.*—The general effect of the resettlement has been only an increase of about 8·4 per cent on the collection of 1905-06 which may be regarded as moderate and fully justified by the stagnant condition if not deterioration of the taluk since the original settlement and I recommend that the proposals may be sanctioned."

(3) Letter No. 114, dated the 5th December 1907, from the Superintendent of Revenue Survey in Mysore, with letter No. 1280, dated the 20th September 1907, from the Deputy Commissioner of the Shimoga District, expressing his opinion on the above proposals:—

"With reference to your letter No. R. 2876—L. S. 10-07, dated the 8th November 1907, I have the honor to forward herewith in original letter No. 1280, dated the 20th September 1907, from the Deputy Commissioner, Shimoga District, expressing his opinion on the proposals made by me for revising the assessment on lands in the Shikarpur Taluk which was forwarded to the Revenue Commissioner with my letter No. 792, dated 30th September 1907, (copy enclosed) containing the following remarks.

"The Deputy Commissioner has accepted the suitability of the proposed rates of assessment in all cases except ten villages in the north of the taluk, which he desires to be lowered from Group II to III, so that the maximum rate of wet assessment applicable to them may be only Rs. 6 and not Rs. 6/8, as proposed by me. The reason assigned by the Deputy Commissioner for the alteration suggested is that a sudden increase in the maximum rates may work as a hardship in the case of the villages in question, which have suffered from failure of wet crop in 1906-07. But I have to point out that the increase of the wet maximum for these villages from Rs. 6 to Rs. 6-8 is only 8¾ per cent, whereas the general increase on the present revenue of wet lands in the taluk is 11·8 per cent as mentioned in para 4 of the Deputy Commissioner's letter. The Deputy Commissioner admits that the increase of 11·8 per cent is "by no means excessive," and I do not see how the very moderate increase of 8¾ per cent in the wet maximum rate proposed for the villages can be characterized as "a sudden increase" likely to cause hardships. Regarding the failure of the wet crop in the locality in question in 1906-07, I beg to observe that a year's failure of crop due to less than average rainfall cannot, from the very nature of the principles of our settlement, be a sufficient ground for the alteration of the grouping or the rates, which are meant to remain in force for the long period of thirty years. The ten villages in question were, on mature deliberation, raised from Group III to Group II on account of the general advancement of the locality in respect of communications, or irrigational facilities, etc., and I do not therefore consider that any alteration in grouping is necessary."

2. The Revenue Commissioner has forwarded to me for information, a copy of his letter to you, No. 5279, dated the 17th November 1907, giving his opinion on my proposals for the revision settlement of the Shikarpur Taluk, from which it will be observed that he approves of the grouping of villages and the rates of assessment proposed in their entirety. The Revenue Commissioner has not offered any remarks on the opinion of the Deputy Commissioner perhaps because the Deputy Commissioner considers the proposed rates to be very fair.

3. Referring to the Revenue Commissioner's remark contained in para 9 of his letter that details regarding the irrigable area, etc., of lands under the channel drawn from an anikat near Anantapur have not been given, I have to observe that there is no anikat near Anantapur and that what is referred to by the Revenue Commissioner is perhaps the Salur Anikat, which irrigates the lands of only the Salur village as stated in para 16 of my report, the details regarding the area and assessment of wet and garden lands of that village are given in Appendix B of the Report.

4. Regarding the remission of about Rs. 55,000 in the taluk for 1905-06 mentioned in para 14 of the same letter, I beg to submit that although before submitting my proposal I called for the information specifically from the Amildar, he reported that he had received orders only for the postponement of the levy of half the assessment on wet lands, which yielded a crop of less than four annas. Final orders regarding remissions may have been passed since.

5. Printed copies of the proposed settlement report together with copies of taluk maps have already been forwarded to you with this office letter No. 70, dated 3rd August 1907.

6. With the above remarks I beg to solicit the sanction of Government to the revised settlement as proposed in my report."

Letter No. 1280, dated 20th September 1907, from the Deputy Commissioner, Shimoga District to the Superintendent, Revenue Survey.

I have the honor to acknowledge the receipt of your letter No. 615, dated the 5th August last, forwarding for my opinion a copy of your report containing proposals for the revision of the assessment of the Shikarpur Taluk with the exception of 23 villages of the Belandur Hobli.

2. The tract under report being semi-malnad in its character, the rainfall is neither heavy nor certain, especially in the eastern and north-eastern portions bordering on the Kod Taluk of Dharwar and the Honnali Taluk of this district. The deficient rainfall of 1904-05 and 1906 told considerably upon the agricultural prosperity of the people. For the year 1905-06, in consideration of the drought that prevailed, the whole of the Hulbanni amounting to over Rs. 2,200 had to be remitted and half the assessment on wet lands upon which the crop raised was less than four annas (amounting to Rs. 55,600) had to be foregone. Some villages in the north and north-east fared no better during the year 1906-07 and the subject of recommending a partial remission of assessment in the case of wet lands in these villages which yielded less than a four anna crop is under consideration. In para 11 of your report you admit that "partial failure of rice or dry or both has not been quite unknown" in the tract under revision. The effect of the uncertain rainfall on sugar cane cultivation for which this tract is noted is visible in the striking contraction of the area under this kind of crop since 1901-02. The vicissitudes of rainfall as well as the fall in the price of jaggery have therefore to be taken into account in revising the rates of assessment on dry crop and wet lands in the taluk.

Revenue (Land Survey), dated 8th May 1908.

3. *Dry land.*—The proposed maximum rates for dry crop land range from Rs. 1-4-0 to Rs. 2-4-0, while the old rates were from Re. 1 to Rs. 2-4-0 as shown below:—

	Old		New	
	Number of villages	Rate	Number of villages	Rate
		Rs. a. p.		Rs. a. p.
Group I ...	7	2 4 0	7	2 4 0
II ...	14	1 14 0	26	2 0 0
III ...	11	1 12 0	34	1 12 0
IV ...	32	1 8 0	8	1 8 0
V ...	8	1 4 0	99	1 4 0
VI ...	53	1 2 0		
VII ...	46	1 0 0		
Total ...	171	...	174	...

It will be seen from the above table that the maximum for 25 villages has been raised from Rs. 1-12-0 and 1-14-0 to Rs. 2, for 32 villages it has been raised from Rs. 1-8-0 to 1-12-0, for 8 villages the increase is from Rs. 1-4-0 to 1-8-0 and for 99 villages it is from Re. 1 and 1-2-0 to Rs. 1-4-0. The effect of the addition of four annas to the maximum rates in each group except the first is an increase of Rs. 2,700 in the revenue from dry lands. This gives an average increase of one anna per acre which cannot be regarded as in any way heavy.

	Rs.
Old .	... 22,674
New . .	... 25,374
Difference ...	... 2,700

4. *Wet lands.*—It is proposed to raise the maximum rates for wet lands by eight annas in Groups I, II* and III as shown below:—

Remarks of the Superintendent of Revenue Survey

*In Group II the increase is only four annas and not eight annas.

In Groups III and IV no increase has been proposed.

	Old		New	
	Number of villages	Rate	Number of villages	Rate
		Rs. a. p.		Rs. a. p.
Group I ...	23	6 8 0	20	7 0 0
II ...	21	6 4 0	79	6 8 0
III ...	99	6 0 0	42	6 0 0
IV ...	24	5 8 0	33	5 8 0

The present revenue from wet lands is Rs. 1,08,861, which would be increased to Rs. 1,21,726 by the revision settlement. The increase thus amounts to Rs. 12,865 and gives an average of five annas and one pie per acre. The percentage of increase on the existing revenue is 11·8 per cent and is by no means excessive, but to prevent hardship arising from a sudden increase of the maximum rates, the marginally noted ten villages in the north which suffered from failure of wet crop in 1906-07 also may be retained in Group III with a maximum rate of Rs. 6 instead of being placed in Group II with a maximum rate of Rs. 6-8-0.

1. Malletahalli.
2. Ragikoppa.
3. Karnelli.
4. Maitamman Muchadi.
5. Tadasanhalli.
6. Kadenandihalli.
7. Bidarkoppa.
8. Sadapura.
9. Adaganti.
10. Bhaktankoppa.

5. *Garden land.*—The proposed maximum for gardens is Rs. 10 as against Rs. 16 under the existing settlement. The revision of garden assessment on the liberal lines sanctioned by Government will entail a loss of Rs. 3,069.

6. The proposed rates are very fair and may be sanctioned. I append a statement showing the area under occupation in the Shikarpur Taluk (including* the 23 villages excepted from revision) from the year 1873-74 to 1906-07 under the heads dry, rice, garden and sugarcane.

Remarks of the Superintendent of Revenue Survey

*This statement is of no use for purposes of the present settlement because it includes the figures for 23 villages which are excluded from the present settlement.

7. The extension of the Shikarpur-Ambligola road to Anantapur and the conversion of the cart-track from Shikarpur to Masur into a road are under the consideration of the District Fund Board. The project for the construction of a reservoir at Anjanipur may be expedited.

Proceedings of the Government of His Highness the Maharaja of Mysore,

Statement showing the particulars of land under cultivation in the Shikarpur Taluk from the year 1873-74 to 1906-07.

Revenue, (Land Survey), dated 8th May 1908.

No. R. 7235-9—L. S. 10-07-14, DATED BANGALORE, 8TH MAY 1908.

ORDER THEREON.—The taluk of Shikarpur, the original settlement of which took place partly (103 villages) in 1872-73 and partly (68 villages) in 1873-74 now consists of 197 villages, of which 3 were newly constituted out of lands of other villages and 23 were added on the abolition of the late Anantapur Taluk. The present proposals for the revision of assessment, however, refer only to 174 villages. It is a semi-malnad taluk situated on the borders of the Dharwar District.

2. The tract is fairly well wooded in its southern and western parts, and, out of the total area of 2,15,585 acres now dealt with, an extent of 49,390 acres has been reserved as State Forests and the Forest Department considers that there is still scope for further reservation. The rainfall is fair, with an average ranging from 32·21 inches at Shikarpur to about 55 inches in the extreme north-west of the taluk, but it is not evenly distributed and is characterised by great variation in different parts of the taluk and uncertainty especially in the eastern and north-eastern portions.

3. The soils are generally reddish, brown or grey, mixed with a large proportion of sand and are not very fertile. Rice and ragi are the staple crops, the former predominating in the western part of the taluk and occupying about 45 per cent of the cropped area, while the latter is chiefly cultivated in the eastern part and accounts for about 22 per cent of the cropped area. The cultivation of sugarcane, one of the important subsidiary crops, has been declining somewhat owing to the low prices of jaggory. The gardens form only about one per cent of the cultivated area and are not of much account.

4. There are no noticeable industries in the tract, even hereditary weavers finding it profitable to turn to agriculture instead of continuing in their ancestral pursuits. The extraction of manganese, for which several prospecting licenses have been issued, is expected however to give some impulse to the development of the tract.

5. The wet crops are greatly dependent on rainfall, the tanks and kattes with which the tract is studded serving mostly as storage-reservoirs to supplement it. The improvement of the irrigational resources of the tract has been receiving attention. There is an anikat drawing water from a tributary of the Choradi river in Salur, irrigating an extensive area. Two important projects, *viz.*, the construction of a reservoir across the stream at Anjanipur and another at Ambligola by bunding up the affluent of the Choradi above the Salur anikat, are under investigation in the Public Works Department and if carried out, will help to irrigate large areas and make them less liable to be affected by the vicissitudes of the season.

6. There have been considerable improvements in communications since the original settlement. Two new roads connecting the taluk with important trade centres, such as Byadagi and Herekarur in British Territory, have been constructed since the last settlement. Though the railway does not pass through the taluk, the Railway Station of Byadagi on the Southern Mahratta Railway is conveniently situated with respect to the taluk and forms the outlet for much of the produce of the taluk. There is a considerable amount of local internal trade and the taluk does not find much difficulty in disposing of its produce, as the market town of Siralkoppa is easily accessible to the malnad parts of the State and to the Railway Station of Byadagi as well as to the west coast.

7. As a result, the taluk has shared in the general rise of prices throughout the State, though for want of accurate statistics and information as to certain factors which have tended to raise the cost of cultivation, it is difficult to determine exactly the increase in the resources of the raiyat on this account. The number of tiled houses has doubled itself though tiled houses still form only a sixth of the total number of houses. The number of thatched houses remains practically the same as at the original survey. There is an appreciable increase in the number of cattle and sheep and goats and in the number of common carts. The population of the taluk has hot however increased in the same ratio as in the more progressive parts of the State. At the Census of 1901, it was 58,480 or about 2 per cent more than what was at the time of the original settlement according to the census of 1871. The

climate is not healthy in some parts, outbreaks of cholera being frequent. Plague has also been prevalent in recent years.

The assessment fixed at the last settlement has been found, however, to be well adapted to the uncertain conditions of the tract, and no remissions on any large scale were necessary except in 1905-06. From the Revenue History of the taluk it is observed that in 1873-74 the land revenue collections on 67,716 acres of occupied land amounted to Rs. 1,31,587, that in 1882-83, there was a falling off in the revenue by Rs. 4,959 and in the occupied area by 822 acres, that thereafter the revenue gradually rose, so that it was Rs. 1,36,118 in 1889-90 on an occupied area of 70,990 acres, that in the following year there was a sudden decrease by nearly Rs. 10,000 in the revenue and 1,315 acres in the occupied area, and that since then there has been a gradual progress in the collections. In the year 1905-06 the collections amounted to Rs. 1,42,323 on the occupied area of 73,743 acres, while under the proposed revision settlement the assessment will be Rs. 1,54,346 on the occupied area of 74,889 acres as shown further on.

9. The area under dry cultivation which was 36,357 acres according to original survey has increased to 39,386 or by 8 per cent, that under wet cultivation has increased from 30,388 to 34,247 acres or by 12 per cent, and there is a decrease by 11 per cent under garden cultivation.

10. The proposals of the Superintendent of Survey provide for an increase of 8·4 per cent over the collections of the year 1905-06. This, the Government think, is not excessive. It is noted that a part of this increase is accounted for by the increase in the area under wet cultivation and that if this is allowed for the increase in the assessment is only 6·7 per cent.

11. In respect of dry rates of assessment, the original grouping of the villages has been closely adhered to, although the number of groups has been reduced from seven to five. The maximum rates proposed are as shown below :—

Original.	Rs. a. p.	Proposed	Rs. a. p.
I class	2 4 0	I class	2 4 0
II do	1 14 0	II do	2 0 0
III do	1 12 0	III do	1 12 0
IV do	1 8 0	IV do	1 8 0
V do	1 4 0	V do	1 4 0
VI do	1 2 0		
VII do	1 0 0		

In respect of wet rates, the original classification of villages has been altered to some extent as indicated below in consideration of changed conditions arising from new communications and increased irrigational facilities, or on account of depopulation of villages, and the following maximum rates have been proposed :—

Revised grouping	Original grouping	Maximum rate	Proposed rate
		Rs. a. p.	Rs. a. p.
I class 20 villages	I class 16 villages	6 8 0	7 0 0
	II do 4 do	6 4 0	
II do 79 do	I do 3 do	6 8 0	6 8 0
	II do 17 do	6 4 0	
	III do 57 do	6 0 0	
	IV do 2 do	5 8 0	
III do 42 do	I do 4 do	6 8 0	6 0 0
	III do 28 do	6 0 0	
	IV do 10 do	5 8 0	
IV do 33 do	III do 12 do	6 0 0	5 8 0
	IV do 21 do	5 8 0	

Revenue, (Land Survey), dated 8th May 1908.

The effect of the proposed rates on the occupied area in each group is as shown below in comparison with the old area and assessment :—

Group		Dry		Wet		Garden		Total		Difference
		Areas	Assessment	Areas	Assessment	Areas	Assessment	Areas	Assessment	
		Acres	Rs.	Acres	Rs.	Acres	Rs.	Acres	Rs.	
I	Old	7,351	5,095	7,541	28,842	309	2,831	15,201	36,768	Increase 9·68
	New	7,057	5,255	8,000	33,144	231	1,930	15,288	40,329	
II	Old	19,829	8,865	19,541	69,252	1,034	6,266	40,404	77,383	Do 9·25
	New	19,485	10,230	20,397	69,870	826	4,447	40,708	84,547	
III	Old	10,759	7,745	8,721	11,842	137	712	14,617	20,299	Do 9·04
	New	11,133	8,708	3,961	12,852	134	575	15,228	22,135	
IV	Old	1,587	969	1,848	5,925	86	506	3,521	7,400	Decrease 0·88
	New	1,711	1,181	1,889	5,860	65	294	3,665	7,335	
Total	Old	39,526	22,674	32,651	1,08,861	1,566	10,315	73,743	1,42,323	.....
	New	39,386	25,374	34,247	1,21,726	1,256	7,246	74,889	1,54,346	
Difference		.....	Increase 12 per cent	.....	Increase 11½ per cent	.....	Decrease 29 per cent	.....	Increase 8·44 per cent	

12. It is observed that the increase of assessment in the first three groups is more or less the same, that in the last group there is a falling off by ·88 per cent, that the increase in the dry and wet assessment is almost equal, that the decrease in the garden assessment is considerable, a result which is due to the reduction of the maximum garden rate from Rs. 16 to Rs. 10 as well as to the contraction of garden cultivation, and that the increase in the total revenue is 8·44 per cent. The area still available for cultivation is 20,882 acres assessed at Rs. 28,911.

13. It is noted that in only two small villages has the increase exceeded the limit of 66 per cent prescribed in Government Order No. R. 1645-54, dated the 9th December 1903, *i. e.*, in the Kessarghatta village included in Group I, the increase is 142 per cent and in the Tattihalli village included in Group IV the increase is 222 per cent. Though the percentages are high the actual amounts involved are insignificant and the increase is due to extension of cultivation. In Kessarghatta a total occupancy of 53 acres assessed at Rs. 98 at the original survey has increased to 111 acres assessed to Rs. 237 and in Tattihalli the occupied area has increased from 30 acres assessed at Rs. 9 to 76 acres assessed at Rs. 29.

14. The old and new average rates compare as follows with those of the other taluks of the Shimoga District, the revision settlement of which has already been sanctioned :—

Taluk	Dry rate		Wet rate		Garden rate	
	Old	New	Old	New	Old	New
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Channagiri	0 13 2	0 15 11	3 4 0	3 13 2	6 1 6	4 1 2
Sorab	0 5 3	0 6 6	3 3 3	3 8 7	7 9 10	7 7 3
Sagar	0 4 1	0 5 6	3 1 6	2 13 11	11 7 9	10 11 7
Shikarpur	0 9 2	0 10 4	3 5 4	3 8 10	6 9 5	5 12 4

15. The Survey Superintendent's report has been very carefully drawn up and the recommendations made by him are supported by correct figures and sound arguments. The Revenue Commissioner has also given his unqualified assent to the proposed rates and Government have no hesitation in according their approval. They are accordingly pleased to sanction the introduction of the revision settlement with effect from the year 1909-10 with a guarantee of 30 years from that year. The needful notification will be published in the Gazette.

16. The investigation of the projects referred to in para 18 of the Survey Superintendent's report should be completed early. Government also consider that there is great scope in the taluk for the restoration of minor tanks and also for the construction of irrigation wells, and the Revenue Commissioner's attention is invited to this subject.

Proper attention should also be paid to the condition of the existing tanks. The attention of the District Board and of the Sanitary Commissioner will be drawn to the remarks contained in paras 13 and 24 respectively and the Survey Superintendent's report regarding the desirability of extending the Shikarpur-Ambligola road to Anantapur and the urgent necessity for sanitary improvements said to exist in certain parts of the taluk.

17. Government regret that, owing to failure on the part of the taluk authorities, the Superintendent was not able to show the extent of unoccupied assessed land under dry, wet and garden as compared with the occupied area. The statement furnished by the Deputy Commissioner with his opinion is not of much use as it includes villages which do not come under the present settlement. Government trust that the Superintendent will be enabled to furnish this information in all future reports, as it is very necessary to determine both the scope for, and the rate of, expansion of cultivation.

The attention of the Revenue Commissioner is also invited to the remark contained in para 28 of the Survey Superintendent's report that information regarding prices could not be supplied by the Taluk Office for the years 1873-74 to 1881-82 on account of the destruction of old records. The Revenue Commissioner is requested to state whether the rules for the preservation and destruction of records require modification.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent of Revenue Survey in Mysore.
The Revenue Commissioner in Mysore.
The Chief Engineer in Mysore.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 26, dated the 5th March 1908, from the Superintendent, Revenue Survey in Mysore, submitting the annual Progress Report of the Mysore Revenue Survey Department for the year ending 31st October 1907.

No. R. 7716-25—L. S. 36-07-2, DATED BANGALORE, 25TH MAY 1908.

ORDER THEREON.—Col. Grant was in charge of the department up to 1st January 1907, when he was placed on special duty and Mr. D. Shama Rao has been in charge of the department from that date.

2. The work done during the year consisted both of original measurement and partial re-survey. Original settlement was introduced into the Sringeri Jahgir during the year. The revision settlement was introduced into the taluks of Molakalmuru, Channagiri and Bangalore during the year, resulting in an increase of land revenue by Rs. 51,208. The re-settlement rates have been sanctioned for the Sagar and Sorab Taluks and are now being announced. Revision settlement operations were conducted in the remaining portions of the late Ananthapur and the Gudibanda Taluks as they stood at the original settlement and the Belur Taluk. The work of classification was carried out in the Sira, Tumkur and the late Ananthapur Taluks.

3. There was a substantial increase in the work of the original measurement owing to an increase in the number of Inam villages whose settlement was undertaken during the year and the extensive sub-divisions of lands that had to be effected under the newly constructed Marikanave channel. Twenty-five Inam villages comprising 3,550 survey fields with an extent of 18,447 acres were measured in detail as against 8 villages comprising 909 survey fields with an extent of 5,401 acres in the year previous.

4. There was a reduction in the number of measuring field establishments from 4 to 3 as Mr. Darasha had to be put in charge of a classing establishment on account of the promotion of Mr. Ramaswami Iyengar as Deputy Superintendent. Owing to this and other causes there has been an appreciable diminution in the outturn of re-survey work and an increase in the proportionate cost of the department. The area dealt with was 887 square miles against 1,453 in the year previous, the number of villages re-surveyed being 763 against 1,178 and of fields 56,780 against 82,284 in the year previous.

5. The total cost of the department was Rs. 1,73,565-8-10 against Rs. 1,80,962-6-11 in the year previous. The Superintendent of Survey excludes the salary of Col. Grant during the period in which he was on special duty and computes the cost at three annas, nine pies per acre as compared with three annas in the previous year. But taking his salary also into consideration the cost per acre amounts to Re. 0-4-2. In the year 1904-05 when there were also only three establishments at work, the area dealt with was 1,154 square miles. The Superintendent of Survey Accounts for the strikingly small outturn of work during the year by attributing it, (1) to the greater attention devoted to original measurement which necessitated long journeys to Inam villages scattered all over the State, (2) to the necessity for the operations being conducted simultaneously in the maidan and malnad and the difficult nature of the operations in the malnad, (3) to sickness and mortality in the measuring establishments working in the malnad and (4) to the large number of bandhs and stones that had to be re-placed. All these causes also existed to a more or less extent in the years immediately preceding, and do not altogether justify the work falling much below its former level. Government therefore trust that the Superintendent of Survey will endeavour during the current year to make each establishment turn out the maximum amount of work it is capable of doing compatible with efficiency so that it might be possible to introduce re-settlement into each taluk soon after the expiration of the guaranteed period. The 'A' Establishment has shown the highest percentage of working days which is 82·99 per cent as against 77·94 per cent and 74·63 per cent respectively of the 'B' and 'C' Establishments. In the case of the 'C' Establishment, it is said that there was a heavy loss of 7·55 per cent of working days due to the want of co-operation on the part of

Land Survey, dated 25th May 1908.

villagers. The total loss in all the establishments under this head was 3·63 per cent, which Government consider unsatisfactory. The Revenue Commissioner is requested to issue necessary instructions to Revenue Officers so that the loss from this cause may be reduced to the lowest possible limit and the work of revision settlement carried on with every facility. In the case of the Hiriyur Taluk, the Superintendent of Survey specially brings to notice the want of co-operation on the part of Amildar Mr. B. M. Venkatesiah for the sub-division of lands under the Marikanave tank. As this Amildar has since been reduced to a District Sheristadari for certain other irregularities, Government do not deem it necessary to take any further notice of his default. They however desire that it should be impressed on all Revenue Officers that any similar instances of indifference, which may be reported will be noticed with the severe displeasure by Government.

6. The total number of fields tested was 12·88 per cent of those measured against 13·78 per cent in the previous year. Six hundred and thirty-seven villages containing 20,053 fields comprising 86,804 acres were classed with regard to their water-supply as against 220 villages containing 13,370 fields comprising 76,479 acres in the preceding year. Field Registers were, however, actually prepared for 779 villages. The increased outturn is said to be due to an increase in the number of classers employed and the earlier commencement and longer duration of the field and monsoon seasons.

7. The condition of the boundary marks is reported to have been very unsatisfactory in the tracts re-surveyed. No less than 16,859 bandhs and 70,789 stones were found missing and 29,099 bandhs out of repairs, the corresponding figures for the previous year being 15,869; 93,970 and 28,967 respectively. Government trust that with the vigorous measures which the Revenue Commissioner has been directed to adopt to have the boundary marks thoroughly examined and restored throughout the State, the necessity for the repetition of this complaint every year will cease and the inspection and the restoration of boundary marks will not continue to absorb nearly half the total number of working days as it does at present.

8. Government are glad to note that the Superintendent has been endeavouring to give effect to the instructions of Government regarding the issue of maps contained in their Orders Nos. R. 9813-4—L. S. 67-06-1 and R. 716-7—L. S. 67-06-3, dated 8th May and 31st July 1907, respectively, and that 536 maps have been printed.

9. Government note with regret the fact that there were several casualties amongst the subordinate officials of the department during the year and that the health of those working in the malnad greatly suffered. They have read with interest the measures adopted by the Superintendent of Survey to provide for the future recruitment of the department and the proper training of the selected candidates in Theodolite Survey work.

10. Government have perused the reports of good work done by the Deputy Superintendent and other officers and they note with pleasure that the department continues to be well administered by the Superintendent, Mr. D. Shama Rao.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 10927, dated 11th April 1908, from the Revenue Commissioner in Mysore, submitting copy of letter No. 516, dated 19th March 1908, from the Deputy Commissioner of the Chitaldrug District, enclosing the report of the Amildar of the Molakalmuru Taluk, regarding the weavers sent to witness the "All India Hand Loom Competition" held in Madras.

Letter No. 516, dated the 19th March 1908, from the Deputy Commissioner, Chitaldrug District, to the Revenue Commissioner in Mysore.

In continuation of this office No. 509, dated 16th March 1908, I have the honor to submit herewith in original the report received from the Amildar of Molakalmuru *re* the four Madras returned weavers and to state that as observed by the President of the Loom Competition in his speech delivered on the occasion *vide* "Madras Mail" dated 3rd March 1908, the fly shuttle looms working at the Industrial School at Molakalmuru, where the textile fabrics manufactured are chiefly silk cloths, are stated to be unsuited for the purpose of weaving them with ornamental borders. It is a question for serious consideration whether the Industrial and Weaving Institute has fulfilled the object with which it was established. In my opinion, this institution is not working satisfactorily and has to be thoroughly overhauled and steps taken to instruct the weavers of the marginally noted centres where plain cotton cloths are woven extensively. These people are sure to be benefited if they learn the use of fly shuttle.

1. Devasamudra.
2. Muradi.
3. Nagasamudra.

Report dated 8th March 1908, from the Amildar of Molakalmuru, to the Deputy Commissioner, Chitaldrug District.

I beg to report that as instructed in order No.146, dated 20th February 1908, four weavers of this place—two adults (Davalappa and Khaja Hussain) and two weaver pupils of the Industrial School here, had been sent to Madras to see the "All India Loom Competition" held during the last week of February 1908. They left this on the morning of the 23rd ultimo and returned on the evening of the 29th ultimo taking seven days for their trip. They say that when they delivered my official letter to the Secretary of the 'Exhibition Committee' to whom I had introduced them as having been sent at Government expense as a matter of encouragement, they were permitted to get into the Exhibition Pandal and observe closely the working of the several kinds of looms at the time of the competition. If previous arrangements had been made, our two adult weavers too would have stood for competition by taking their own looms and they say they had to withstand this temptation with much regret. There is, however, no reason for complaint because in the first place, if they had stood for competition they would have lost the precious chance of acquiring a knowledge of several kinds of contrivance fitted to the looms and secondly the competition was not worth while since it was not open for silk weaving in which the weavers of this place have made a name.

Looms exhibited.—Although the competition was open to the whole of India, yet, they say, the number of looms that they saw in the pandal was only 52. This should certainly be too small a figure for a country like India where there is a considerably good number of flourishing weaving centres. Of the 52 looms, 14 were, they say, of country shuttle and the rest of fly shuttle and they were brought from the following places:—

No.	Names of places	Looms with		Total
		Country shuttle	Fly shuttle	
1	Salem	...	8	8
2	Belgaum	...	1	1
3	Madras	2	12	14
4	Calcutta	...	1	1
5	Coimbatore	2	...	2
6	Pudukota	...	1	1
7	Baroda	...	6	6
8	Kalahasti	2	...	2
9	Guntur	4	...	4
10	Dharmavaram	2	...	2
11	Kumbakonam	...	1	1
12	Sholapur	...	2	2
13	Tiricbur	2	...	2
14	Dodballapur	...	1	1
15	Ahmednagar	...	1	1
16	Salvation Army Looms	...	4	4
	Total...	14	38	52

Revenue (Agriculture), dated 2nd May 1908.

The looms of Baroda were ordinary pit looms with fly shuttle arrangement and those that brought them for competition seem to have told our weavers that silk weaving is quite possible with them. They however seem to have agreed with our weavers in thinking that no ornamental work is possible for silk cloths in their fly shuttle looms.

The single loom that was sent by Revd. Churchhill from Ahmednagar was, they say, one of the most improved kinds, they ever saw, but more costly being Rs. 300. The weaver had in this loom to simply press his legs against a plank below which gave motion to fly shuttle and the action of the hand for this purpose was no longer needed.

On the other hand, in the looms of the Salvation Army, the drawing in of the front plank for the purpose of weaving was enough to drive the fly shuttle to and fro, so that, the hand need not be made use of separately for this purpose This arrangement in both these kinds of looms affords relief to both the hands which may be used solely for weaving. Each of the Salvation Army looms is said to cost about Rs. 80

Cloths woven.—In all looms placed for competition only plain cloths were woven, they say. These will at best be useful for being stitched into coats, shirts, etc. In Coimbatore looms, they say, lace and other ornamental work had been introduced into the handkerchiefs, turbans, etc., woven on the spot.

Counts of yarn used.—The yarn used for these looms ranges from 20 to 150 counts. The highest count that is being used in this place is only 40 and our Madras returned weavers are anxious that higher counts should be introduced into their cotton cloths. They are to be taught the warping (ಉತ್ತ ಹಾಸುವದು) of the yarn of higher counts and here is the ample work for the Industrial School if it is to be a useful institution for the weavers of this place.

A spirit of enquiry and a thirst for improvement is created in the minds of the Madras returned weavers and if further help is given where it is really needed it is very likely that the weaver-population will materially improve to an appreciable extent.

No. R. 7078-9—AGRI. 74-07-17, DATED BANGALORE, 2ND MAY 1908.

ORDER THEREON.—Recorded.

A copy of the Deputy Commissioner's letter will be forwarded to the Inspector-General of Education and his attention will be drawn to the remarks contained herein regarding the state of the Industrial School at Molakalmuru and to the necessity to make the school serve as a real source of instruction in all the different kinds of weaving practised in the locality by equipping the school with looms suited to each particular handicraft and not merely to introduce the use of fly shuttle looms which are represented to be quite unsuited to the weaving of silk cloths.

Proceedings of the Government of His Highness the Maharaja of Mysore, Forest, dated 4th May 1908.

READ—

Government Proceedings No. 4392-401—Ft. 130-06-5, dated the 17th January 1908, passing orders on Subject No. 186 discussed at the Meeting of the Dasara Representatives held at Mysore in October 1906, regarding the grant of wood and bamboos for building purposes and of reed bamboos for making baskets.

No. R. 7098-107—FT. 126-07-3, DATED BANGALORE, 4TH MAY 1908.

ORDER THEREON.—On due consideration Government have decided to sanction the following concessions in the matter of the grant of bamboos and timber in certain parts of the State. On a recommendation of the Deputy Commissioner of Hassan, the Conservator of Forests reduced the price of bamboos in that district from Rs. 2 to annas 4 and 8 per 100 in the District and State Forests respectively. In the Shimoga District the price of Garte and Save bamboos has been reduced to annas 6 and 4 respectively. In view of the report, that bamboos are largely seeding in the Malnad, Government are pleased to direct that Hebbidaru shall be given free for the next two years in the Malnad, provided that the bamboos are used only for *bond fide* domestic and agricultural purposes. Considering also that the revenue realised by the sale of reed bamboos is very small, Government direct that they may be removed free; and the Conservator will issue needful directions for the issue of free licenses therefor. In the case of timber, the rates charged in the Malnad are already low and no concession is required.

Proceedings of the Government of His Highness the Maharaja of Mysore, Forest, dated 21st May 1908.

READ—

Representative Assembly Subject No. 108 of 1907, praying for a reduction of fees levied on bamboo thorns brought from jungles for hedging sugar-cane fields.

2. Letter No. 8538, dated the 3rd—4th April 1908, from the Conservator of Forests in Mysore, giving his opinion on the above.

No. R. 7527-35—Ft. 126-07-4, DATED BANGALORE, 21ST MAY 1908.

ORDER THEREON.—In the letter read above, the Conservator of Forests states that when the top portions of bamboos are removed for hedging sugar-cane fields, the full length of the culm has to be cut, thus causing considerable waste of material. Under the circumstances, Government are of opinion that the fee of annas four per cart-load now levied is too small to admit of further reduction.

2. The Deputy Commissioner of Mysore is requested to communicate this decision to the Representative Assembly member concerned.

C. S. BALASUNDARAM IYER,

The Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 1881, dated the 15th August 1906, from the Revenue Commissioner in Mysore, submitting for orders the records connected with the appeal of Mr. Ramaiya, Inamdar of Thernenahalli in the Krishnarajpete Taluk, against the order of the Deputy Commissioner of the Mysore District, rejecting the claim put forth by the appellant to assessment recovered by Government from Messrs. Arbuthnot & Co. of Madras, on some gomal land belonging to the said inam village included in their mining lease.

2. Correspondence ending with letter No 537, dated the 28th February 1908, from the Deputy Commissioner of the Mysore District, submitting the additional information and papers called for in regard to the above claim.

No. R. 7509-18—R. M. 125-06-9, DATED BANGALORE, 21ST MAY 1908.

ORDER THEREON—In September 1886, Messrs. Arbuthnot & Co. were granted a mining lease on certain lands in the Krishnarajpete Taluk, wherein were included 51 acres and 36 guntas of gomal land belonging to Survey No. 52 of the Inam village of Thernenahalli. Since then assessment on the gomal land at 8 annas per acre, amounting to Rs. 25-15-0 per year, has been, according to the terms of the lease, recovered by Government from the Company; and Mr. Ramaiya, Pleader, Seringapatam, who purchased the village in 1905, claimed the whole of it, on the ground that the land in question formed part of his Jodi village. He has in support of his claim, stated that payments of similar collections in the case of Jodi Halathi and Kayamgutta Machalaghatta villages in the Nagamangala Taluk, have, under the orders of Government, been made to the Inamdars.

The Assistant Commissioner in charge of the taluk who first dealt with the question decided that Survey No. 52 being unassessed land, the amount recovered thereon from the Company was of the nature of a license fee to which none but the Government could have a claim.

On appeal the Deputy Commissioner also held that the Inamdar had no claim to the amount, as the Company had not in any way interfered with the grazing rights of the villagers and the Inamdar possessed no mining rights.

The Revenue Commissioner in reporting the case for the orders of Government, however, considers that the Jodidar is entitled to the amount, because, even if no assessment on the gomal land has been taken into account in calculating the jodi due by the Inamdar to Government, his right to bring the land itself under cultivation and take the surface produce is undisputed and Government should not appropriate the assessment recovered in respect of land the surface rights over which have been fully alienated to the Inamdar.

Government observe that the amount thus collected from the lessees of mining leases though somewhat incorrectly designated assessment, is in the nature of a rent imposed for the purpose of reserving to the lessee the exclusive right to mine for minerals within the area of the mining block. The Inamdar has not established his right to minerals in the village, and Government are, therefore, justified in recovering such a fee, as it merely secures to the licensees the right of working such minerals during the currency of the lease and does not in any way affect the private rights of individuals on lands included within the lease, whose consent for any operations on their lands has to be obtained according to the provisions of the mining lease. This fee is now recovered at the uniform rate of one rupee per acre, whatever be the nature of the land which is included in the mining lease. Prior to 1904, under the old rules, it was merely determined according to the land revenue assessment or jodi, in the case of assessed lands, and on unassessed lands at the rate of 8 annas per acre, and had nothing to do with the assessment levied for purposes of land revenue.

The precedents relied on by the petitioner do not support his claim. In the case of the Kayamghatta Machalaghatta village included in the lease granted to Messrs. McDowell & Co., the payment to the Kayamguttadar was not authorized by Government, but appears to have been made under the orders of the Deputy Commissioner under a mistake as to the rules applicable to it. In the case of the Jodi

Revenue Miscellaneous, dated 21st May 1908.

Halathi village, it is reported that the rent itself has not been recovered. These two cases and others of a similar nature, if any, will be dealt with in accordance with the principles laid down in the present order. The petitioner's claim for the rent levied on the gomal land is therefore inadmissible.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 6840, dated the 4th January 1908, from the Revenue Commissioner in Mysore, recommending that the demand against the raiyats of Kateri and Kodiganabele villages in the Malur Taluk for the cost of earthwork executed to the Kateri tank in 1898 when it was restored by the Public Works Department at a cost of Rs. 5,821 for the safety of the Madras Railway line, may be remitted.

No. R. 7525-6—R. M. 193-07-2, DATED BANGALORE, 21ST MAY 1908.

ORDER THEREON.—The Kateri tank is a minor tank in the Malur Taluk with a revenue below Rs. 100. It was in disrepair prior to the year 1881 and in that year the raiyats pleaded their inability to repair the tank themselves and prayed for its restoration at the cost of Government. After much pressure by the local authorities to make the raiyats do the earthwork or contribute to the cost, the latter paid Rs. 37-2-3 towards the cost of earthwork in 1885. But the Deputy Commissioner decided in 1887 that the restoration should be attended to by the raiyats themselves as it was a minor tank. In 1889 the raiyats urged the authorities to undertake the restoration of the tank and in July 1890 and February 1893 executed mutchalikas to the effect that the sum of Rs. 37-2-3 paid by them might be utilized towards the cost of earthwork required of them or that, if the money was returned to them, they would do the work themselves.

2. At about this time there was some correspondence between the Public Works and the Revenue Departments regarding the proper maintenance of tanks above the Madras Railway line, one of which was this tank. The Revenue Department got work costing Rs. 322 done to the tank through a contractor in 1894 and directed that this amount after deducting the amount of Rs. 37-2-3 already referred to should be recovered from the raiyats. As, however, the tank required more substantial repairs, the Public Works Department undertook its restoration and completed it about the year 1898 at a cost of Rs. 5,821 of which Rs. 430 was considered to be the value of the earthwork which the raiyats were bound to execute.

3. The raiyats objected to pay this amount on the ground that the work was not done for their benefit and that the large outlay was incurred not to increase their facilities for irrigation but to prevent the tank from being a source of danger to the Railway line. The Deputy Commissioner, however, on the strength of the original mutchalikas executed by them in 1890 and 1893 decided that they were liable to bear the cost of the earthwork. Coercive processes were adopted which have resulted in the recovery of Rs. 146-6-2. The Revenue Commissioner however, recommends that the whole of the demand against the raiyats might be remitted; while the Chief Engineer considers that it would be a bad precedent to remit the amount as it was sufficient to breach the tank as far as the safety of the Railway line was concerned and the tank was restored entirely for the benefit of the raiya and they are therefore liable to bear the entire cost of earthwork as in the case of other minor tanks.

4. Government are of opinion that the case calls for special treatment. The Revenue Commissioner's letter gives a full and lucid account of the steps taken from time to time beginning from the year 1881 to restore this little tank and shows how dilatory they were. The raiyats have shown considerable patience and put up with culpable delays on the part of the Amildar and the Deputy Commissioner in putting their tank in repair even after they were made to deposit the cost of earthwork by seizure of their goods in 1885. The cost of earthwork which in the earlier years would have been much within Rs. 100 has now mounted up to Rs. 430. It is not also easy to differentiate between the cost which would have been incurred in restoring the tank to the usual standard and in strengthening the bund for purposes of protecting the Railway. Moreover the long delay for which the Government officials are mainly responsible must have necessitated larger quantities of earthwork being done than would have been required if timely repairs had been executed when the raiyats asked for them in 1881.

Revenue Miscellaneous, dated 21st May 1908.

5. Under the circumstances Government consider that the case deserves to be treated with special consideration and they are accordingly pleased to excuse the raiyats from paying any contribution. The amount of Rs. 146-6-2 recovered from the raiyats in 1905 will accordingly be refunded to the parties concerned.

6. The action of the local authorities both in the taluk and the district is anything but creditable to them; but Government do not see any use in noticing the irregularities committed by the officials, after the lapse of nearly a quarter of a century and attempting to apportion the blame that attaches to each individual official.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (Separate Revenue), dated 6th May 1908.

READ—

Letter No. 8839, dated the 15th April 1908, from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the claim to the toddy excise revenue of Jodi Chokkanahalli, Tubgere hobli, Dodballapur Taluk, Bangalore District.

No. FL. 5751-2—S. R. 55-02-4, DATED BANGALORE, 6TH MAY 1908.

ORDER THEREON.—The sannad granting the village has not alienated the toddy excise revenue to the Inamdars and the Inam Settlement conducted in 1879 has reserved it to Government. The Inamdars have not otherwise substantiated their claim. Concurring therefore with the Deputy Commissioner and the Excise Commissioner, Government consider that the Inamdars are entitled to only one-fifth of the grove farm rent for the years 1892-93 to 1896-97, under rule 4, in Government Order No. 2074-83—R. F. 166-92, dated the 2nd August 1901.

READ—

Letter No. 8840, dated 16th April 1908 from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the claim to the toddy revenue of Jodi Ardesahalli, Devanhalli Taluk, Bangalore District.

No. Fl. 5822-3—S. R. 57-02-4, DATED BANGALORE, THE 9TH MAY 1908.

ORDER THEREON.—The village has only a few date trees and it has no toddy shop. The toddy excise revenue of the village has not been conceded to the Inamdars either by sannad of the Inam Settlement and the Inamdars have not substantiated their right to it. Government therefore concur with the opinions of the investigating Officer, the Deputy Commissioner and the Excise Commissioner, that the Inamdars are entitled to nothing more than tree rent.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt. Gen., and Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial, (Separate Revenue), dated 16th May 1908.

READ—

Correspondence ending with letter No. 479, dated 24th April 1906, from the Excise Commissioner in Mysore, relating to the claim to the toddy revenue of the Kayamgutta Horiyala village, Gundlupet Taluk, Mysore District.

No. FL. 6037-9—S. R. 92-05-6, DATED BANGALORE, 16TH MAY 1908.

ORDER THEREON.—The above village was granted under a Sannad of the 5th June 1813. Under a general order issued on the 21st April 1826, directing the attachment of all inam villages in the enjoyment of Government servants, this village was also attached, but was restored in February 1827. Neither at the time of the original grant in 1813, nor at the time of its restoration in 1827, was the toddy revenue explicitly alienated to the Inamdar, nor is this item of revenue included in the assets or total beriz of the village alienated as shown by the accounts of the village.

2. At the time of the Inam Settlement held in 1879-80 the Special Inam Assistant recorded that the Inamdar was in the enjoyment of "Sendi," but the Inam Superintendent reserved it to Government.

3. As the claim is unsupported by either the Sannad or the Inam Settlement, it can only be based on an uninterrupted enjoyment for not less than 50 years prior to 1892-93 and given a special treatment under Rule 20 contained in Government Order No. 2074-83—R. F. 166-92, dated 2nd August 1901. The Inam Superintendent, Colonel Grant, and the successive Excise Commissioners Messrs. P. N. Purnaiya and H. H. Sparkes are of opinion that long uninterrupted enjoyment has been established. Government see no reason to differ from these officers and accordingly allow the claim in full to the present holder of the village and one-half to his successor in title according to the principle contained in para 3 of Government Order No. 3697—Rev. 30, dated 8th October 1873. As the village is said to contain both a shop and a grove, the payment will be regulated by Rules 2, 5 and 9 contained in the Government Order of the 2nd August 1901, subject to the limitation referred to.

Proceedings of the Government of His Highness the Maharaja of Mysore, Judicial (Courts), dated 15th May 1908.

READ—

Letter No. 3180—171, dated the 7th November 1907, from the Registrar of the Chief Court of Mysore.

I am directed to state that Taluk Lock-ups have no separate establishment of their own to guard the prisoners therein, but some constables belonging to the local Police are deputed for lock-up duty and in case of death of a prisoner in the lock-up, the practice now is that the inquest is generally held by a Police officer.

Section 176 of the Code of Criminal Procedure requires inquests to be held by Magistrates when a person kept in Police custody dies, but the prisoners in lock-ups which are not in the charge of Police officers do not fall under this provision. The Judges however consider that it would be better if a Magistrate holds the inquest in such cases also. To extend the same rule even to the District Lock-ups though they have separate guarding establishment will tend to uniformity of practice.

I am therefore to suggest that a rule may be framed to the effect that wherever a Magistrate is available readily, an enquiry into the cause of death of a prisoner in a lock-up should be held by the Magistrate only and not by a Police officer.

No. J. 3420-60—CTS. 133-07-2, DATED BANGALORE, 15TH MAY 1908.

ORDER THEREON.—With a view to give effect to the suggestions of the Chief Court contained in the above letter, Government direct that the following rule be embodied in the Mysore Jail Manual which is under revision:—

"When any person dies in a Jail or a Lock-up, a Superintendent or the Officer in charge shall give immediate information thereof to the nearest Magistrate empowered to hold inquests in order that an inquest may be held on the body, and such Magistrate shall hold an enquiry into the cause of the death of the deceased."

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Registrar of the Chief Court of Mysore.
The Inspector-General of Prisons in Mysore.
The Inspector-General of Police in Mysore.
The District Magistrates of all the Districts.
The other Heads of Departments.

Exd.—C. P. S.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Read—

Memorandum dated the 14th March 1907 of the Retrenchment Committee, on the possibilties of reduction in cost and of improvement in receipts of the Prisons Department in Mysore.

2. Subsequent unofficial communications ending with the Committee's note dated the 16th September 1907.

No. J. 3295-96—PRIS. 72-06-2, DATED BANGALORE, 2ND MAY 1908.

ORDER THEREON.—Government agree with the Committee in the opinion that there is not much room for retrenchment in the expenditure of the Prisons Department which has only grown more or less proportionately to the Jail population.

2. The chief item of reduction proposed by the Committee was in the pay of the Superintendent which is now Rs. 800—40—1,000. It was suggested that a Medical Officer of standing might be placed permanently in charge of the Central Jail on a pay of Rs. 400—40—600, which might be reduced to Rs. 300—40—500, if and whenever a Non-Medical Officer was appointed, leaving Rs. 100 as an allowance to a medical officer for the medical charge of the Jail.

3. Major Drake Brockman, the present Officiating Inspector-General, who was consulted in the matter, was strongly of opinion that the maximum pay of the Superintendent should not be less than Rs. 800 in order to attract and retain the services of competent men. But the Committee adhere to the recommendations made in their memo of the 14th March 1907, and are of opinion that the pay of Rs. 800 proposed by Major Drake Brockman is somewhat too liberal compared with the pay of officers of corresponding status in other departments in Mysore and that the pay of the Superintendent may well be fixed at Rs. 400—600 for a medical officer and Rs. 300—500 in the case of others with an allowance of Rs. 100 for medical charge in the latter case.

Government have considered the proposals carefully and while agreeing in the opinion that the present scale of pay, *viz.*, Rs. 800—40—1,000 is capable of substantial reduction, they are inclined to think that it is not possible to reduce the pay to the extent recommended by the Committee. The Bangalore Central Jail is the Chief Jail in the State with a large Jail population including convicts and undertrial prisoners of the Civil and Military Station. The manufacturing department of the Jail is capable of much expansion under the guidance of an able Superintendent. Having regard to the responsibilities of the office, Government consider that the pay of the Superintendent should be fixed at Rs. 700 per mensem. When officers of the general service are appointed as Superintendents, they will draw the pay of their grade with a local allowance which will bring up their emoluments to Rs. 700 per mensem. The Superintendent will be entitled to free quarters as at present. Government also consider it desirable that the medical and the executive charges of the jail should be generally held by separate officers and a separate medical officer will, in future, be placed in medical charge of the Jail with an allowance of Rs. 100 per mensem. Government are pleased to confirm Mr. P. S. Achyuta Rao, now Acting Superintendent of the Jail, in the appointment on the pay of Rs. 700 per mensem fixed as above with effect from the date of this order, and they are also pleased to sanction a personal allowance of Rs. 200 per mensem to him from the same date. He will continue in medical charge of the Jail also and the separation of the executive and medical charges with a separate allowance for the latter will be carried into effect at the next change in the Superintendentship of the Jail.

4. The next item of reduction as noted in the margin, is with reference to the contingent grant of the office of the Inspector-General of Prisons for furniture and clothing to servants, and this has been accepted by the Inspector-General and brought into effect in the current year's budget.

	From	*To*
Purchase of furniture	... 45	15
Liveries to servants	... 100	30

5. In regard to a proposed reduction in the cost of uniform to the Jail establishment, amounting to Rs. 1,000 as noted in the margin, the Committee suggest that the free supply of uniforms to Jailors, Deputy and Assistant Jailors which is peculiar to Mysore, be discontinued, that the warder establishment need not be provided with boots, and that the cost of warm stuff now supplied to the warder establishment is also capable of reduction to the extent of Rs. 300 per annum.

	Rs.
Annual cost of clothing of Jailors, etc.,	200
Annual cost of boots to warders	500
Difference in the cost of warm stuff	300
	1,000

It is understood that in Madras and Bombay, Jailors, Deputy and Assistant Jailors are required to provide themselves at their own expense, with the uniform and belt prescribed according to rules, and that officers of corresponding rank in other departments in Mysore, as for instance, the Police, Excise and Forests, have to provide themselves with the prescribed uniforms at their own expense. The concession of a free issue of uniform to the officers of the Jail was granted in Government Order No. 24723—J. 1477, dated the 21st June 1895, on the ground that the Jailors and Deputy and Assistant Jailors in Mysore, drew smaller pay than corresponding officers in British India, but this argument no longer holds good as the pay of these officers was revised in 1896, so as to compare quite favourably with British Indian rates of pay.

It has also been suggested that the expenditure of Rs. 498 now reported to be annually incurred in supplying the warders with boots, may be retrenched as, according to the clothing rules published with the Government Order of 1895, the Jail officials were to supply themselves with sandals at their own cost.

Government approve of the recommendation of the Committee that Jailors, Deputy and Assistant Jailors should supply themselves with uniform at their own expense. Government do not, however, propose to enforce the order of 1895 in regard to Jail warders supplying themselves with sandals at their own cost, but they consider that it is unnecessary to supply boots to warders who are generally recruited from a class of people not habitually accustomed to wear boots. They, therefore, direct that sandals should be supplied to warders in lieu of boots. The Inspector-General will suitably modify the clothing rules of the Prisons Department, and incorporate them in the Jail Manual now under preparation.

6. The Committee invite attention to the shrinkage in the net receipts from Jail manufactures in Mysore, while the manufactures in Jails in British India appear to be gradually expanding. They are of opinion that the manufacturing department of the Jail requires thorough overhauling, and they suggest definite proposals should be invited from the Inspector-General.

7. It is stated that in British India convicts are employed on extra-mural labour as little as possible, but the Committee do not believe that under the present circumstances in Mysore, all the convicts can be fully employed within the Jail precincts and they consider that, instead of recovering merely the guarding charges of prisoners employed on extra-mural work, the cost of the labour itself at two annas per man, per diem, should be recovered and credited to the Jail Department. Major Drake Brockman, while generally concurring in the above views, is of opinion that a Central Jail should, as far as possible, be self-supporting, and that Jail labour should be utilized for the up-keep of the prison in every way even in such matters as annual repairs, etc. He strongly deprecates the employment of large gangs of convicts on extra-mural labour—a practice not encouraged in British India, but states that, whenever they are so employed, not only the cost of the unskilled labour at two annas per man per diem, but also the guarding charges should be recovered from the department or municipality to which convict labour is supplied.

Government are inclined to accept the above view and will deal with the question separately after obtaining the opinions of the departments now utilizing convict labour.

Judicial (Prisons), dated 2nd May 1908.

8. The attention of the Inspector-General and the Comptroller will be invited to the necessity of reconciling the administrative and account figures in respect of receipts of manufactures, and an extract of the Committee's note on this point will be forwarded to these officers for needful action.

NOTE.—This statement does not include Assistant or Deputy Superintendent or officers of higher rank
Head constable hould be shown as men.

Proceedings of the Government of His Highness the Maharaja of Mysore, Judicial (Police), dated 15th May 1908.

READ—

Letter No. 6069—598, dated the 25th March 1908, from the Inspector-General of Police in Mysore, forwarding a report on the working of the Mysore Arms Regulation for the calendar year 1907.

No. J. 3462-70—POL. 182-07-2, DATED BANGALORE, 15TH MAY 1908.

ORDER THEREON.—There was an increase of 3,478 in the number of licenses issued during the year 1907, chiefly under form IV (license to possess arms and to go armed for purposes of sport, protection or display) and form VII (license to possess arms and ammunition for destroying wild animals). The increase was principally in the Districts of Hassan, Shimoga, Kadur and Mysore, and is attributed to the grant of licenses to several raiyats in the Malnad taluks who were found to have been in possession of fire arms without license for a long time, during the census of fire arms undertaken some time ago.

2. The number of shops for which licenses under the Arms Regulation were issued was 105, against 95, in the previous year. Government regret to note that of these as many as 17 were not inspected at all during the year under review. They notice with disapprobation that, in spite of the attention of the Inspector-General of Police and District Magistrates having been drawn to the subject of the inspection of shops in the review of the report for 1906, there has been no improvement in this respect during the year 1907.

3. Fifty-one cases involving 53 persons were prosecuted during the year for offences under the Arms Regulation and 43 cases involving 43 persons ended in conviction. The percentage of convictions to cases prosecuted was 84·3 as against 92·6 in the year 1906.

4. Government note that there has been a delay of 25 days in the submission of this report, stated to be due to the belated receipt by the Inspector-General of the reports of some of the District Magistrates. The attention of the District Magistrates is invited to para 3 of Government Order No. J. 3138-46—Police 155-06-2, dated the 11th April 1907, and it is hoped that the reports will be forwarded to the Inspector-General punctually in future.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector-General of Police in Mysore.
The District Magistrates of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 6387—634, dated the 9th April 1908, from the Inspector-General of Police in Mysore, forwarding a report on the working of the Mysore Game and Fish Preservation Regulation and the rules framed thereunder, for the calendar year 1907.

The following statement shows the total number and description of licenses issued under the Regulation and the amount of fees realized during the year 1907 and in the year previous:—

District	1906					1907				
	District game license	District game license including State Forest	Provincial game license	Total	Amount of license fees realized	District game license	District game license including State Forest	Provincial game license	Total	Amount of license fees realized
					Rs.					Rs.
Bangalore	20	...	8	28	300	26	1	18	45	595
Kolar	14	1	...	15	85	16	1	...	17	95
Tumkur	2	2	...	4	40	4	1	...	5	35
Mysore	48	3	...	51	285	41	3	...	47	235
Hassan	36	...	1	37	205	33	...	...	33	165
Shimoga	9	5	4	18	220	25	5	...	30	200
Kadur	70	8	4	82	570	72	8	3	83	565
Chitaldrug	4	...	...	4	25	19	...	...	19	95
Total ...	203	19	17	239	1,730	239	19	21	279	2,015

During the year under review 279 licenses were issued or 40 more than in the previous year.

Excepting Mysore and Hassan, there was a general increase in all the Districts, chiefly in Bangalore, Chitaldrug and Shimoga, the figures being 17, 15 and 12 respectively. The increase in these Districts was probably due to the concession granted under Notification No. J. 1977—Legis. 23-06-2, dated 10th January 1907, to the holders of game licenses for shooting buck.

Of the total number of licenses, 239 were District licenses, 19 District licenses including State Forests and 21 Provincial licenses.

Two hundred and three licenses were taken out by Europeans and Eurasians and 76 by Natives.

The results of prosecutions are given below:—

District	Number of cases				Number of persons				Amount of fines realized
	Prosecuted	Ending in conviction	Ending in discharge or acquitted	Under trial	Prosecuted	Convicted	Discharged or acquitted	Under trial	
									Rs. a.
Bangalore	...	...	...	...	...	...	...	...	.. ...
Kolar	2	2	...	...	5	5	...	...	4 8

Mysore	3	2	1	...	7	4	3	...	25 ...
Hassan	10	4	3	3	50	18	14	18	39 8
Shimoga	1	1	...	...	7	7	...	...	3 8
Kadur	14	5	7	2	37	9	23	5	89 ...
Chitaldrug	...	...	...	...	...	...	...	...	... ...
Total ...	30	14	11	5	106	43	40	23	131 8

Judicial (Police) dated 16th May 1908

Thirty cases with 106 persons were prosecuted, of which 14 cases with 43 persons ended in conviction, 11 cases with 40 persons in discharge or acquittal and 5 cases with 23 persons were pending at the close of the year.

As in the year previous Kadur and Hassan head the list with 14 and 10 prosecutions respectively. There were no prosecutions in the Districts of Bangalore, Tumkur and Chitaldrug.

No. J. 3485-93—POLICE 192-07-2, DATED BANGALORE, 16TH MAY 1908.

ORDER THEREON.—Recorded.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector-General of Police in Mysore.
The District Magistrates of Districts.

Exd.—C. R. S.

Proceedings of the Government of His Highness the Maharaja of Mysore, Judicial (Police), dated 26th May 1908.

READ—

Letter No. 6855—685, dated the 2nd May 1908, from the Inspector-General of Police in Mysore, forwarding the following report on the working of the Coffee Stealing Prevention Act, for the season ending the 31st March 1908:—

During the year under report, eight cases involving twelve persons were reported against one case with one person in the previous year. All these cases occurred in the Kadur District. The District Magistrate attributes the increase to a fairly good coffee crop during the year under review. Of these, seven cases with eleven persons ended in conviction and one case with one person was pending trial before the Magistrate at the close of the year. There were no cases reported in the Hassan District and this is attributed to greater vigilance on the part of the Police.

The total amount of fines realized during the year was Rs. 72 against *nil* in the preceding year.

The subjoined statement shows the number and results of cases of coffee thefts dealt with under the Indian Penal Code.

District	Taluk	Cases								Persons				Remarks
		Reported	Refused investigation	Convicted	Discharged or acquitted	Struck off on B. Form	Pending with the Police	Pending with Magistrates on A	Pending with Magistrates on B	Prosecuted	Convicted	Discharged or acquitted	Pending	
Hassan ...	Manjarabad ...	6	...	3	...	...	2	...	1	6	6	...	...	
	Belur ...	4	...	1	...	1	1	...	1	2	2	...	...	
Kadur ...	Chikmagalur ...	7	...	...	1	...	2	2	2	*22	...	1	20	*1 died.
	Koppa ...	1	...	1	...	...	...	...	...	1	1	...	...	
	Tarikere ...	1	...	1	...	...	...	...	...	2	2	...	...	
	Total for 1908...	19	...	6	1	1	5	2	4	†33	11	1	20	†1 died.
	Total for 1907...	5	1	2	...	...	...	...	2	4	3	1	...	

It will be seen that nineteen cases with thirty-three persons were dealt with during the year against five cases with four persons. Of these six cases ended in conviction, one in acquittal, one was struck off on B form, six were pending before Magistrates (two on A and four on B forms) and five with Police.

Three of the four cases pending at the close of the past year were struck off on B form during the year under review.

The services of six constables (four in Hassan and two in Kadur) were lent to planters during the picking season.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Local Boards), dated 1st May 1908.

READ—

Representative Assembly Subject No. 223 of 1906, *in re* the introduction of Village Sanitation Rules to the villages containing not less than 50 houses.

Government Proceedings No. 6233-40—L. B. 190-06-1, dated the 11th January 1907, forwarding the above representation to the Presidents of the District Boards for report in consultation with the Boards.

The following replies on the subject :—

No.	Date	From whom
606	7th March 1907	President of the District Board, Mysore.
163	10th do	Do Bangalore.
660	18th do	Do Hassan.
s 945	14th May 1907	Do Tumkur.
648	June 1907	Do Chitaldrug.
78	10th August 1907	Do Kadur.
35	12th do	Do Shimoga.
813	7th January 1908	Do Kolar.

Government Proceedings No. 4319-28—L. F. 86-97, dated 28th September 1899, sanctioning the introduction of the rules framed under the Village Sanitation Regulation to all villages in the State containing not less than 100 houses.

No. 11132-43—L. B. 190-06-05, DATED BANGALORE, 1ST MAY 1908.

ORDER THEREON.—A representation having been made at the Representative Assembly of 1906, to the effect that the Village Sanitation Rules which now apply to villages containing 100 houses should be made applicable to villages containing not less than 50 houses, a report in the matter was called for from the Presidents of the District Boards.

All the Boards except those of Bangalore, Mysore and Kolar, are in favor of the proposal and the District Board of Kadur would even introduce the rules to villages containing 25 houses in the malnad tracts of the Province.

The Sanitary Commissioner is of opinion that the Sanitation Rules should be enforced in every town or village irrespective of the number of houses therein.

After a careful consideration of these suggestions, the Government are of opinion that the operation of the rules should for the present be extended to all villages containing not less than 25 houses and accordingly direct that steps be taken early for the introduction of the rules into such villages.

The Deputy Commissioners are requested to see that the manner of publication of the rules as prescribed in Section 1 thereof is strictly complied with before they are brought into effect.

A list of villages into which the rules have been introduced should be submitted by the Presidents concerned immediately after the rules have been brought into force in their respective districts.

Correspondence ending with letter No. 636, dated the 9th April 1908, from the Deputy Commissioner of the Mysore District, reporting that the proclamation anent the proposed constitution of Bannur Town into a Municipality under the Mysore Municipal Regulation, VII of 1906, was published in Part II of the *Mysore Gazette*, dated the 2nd January 1908, and that no objections were received to the proposal, and recommending therefore that the Bannur Town be constituted into a permanent Municipality under the said Regulation.

No. 11630—ML. 341-06-71, DATED BANGALORE, 11TH MAY 1908.

ORDER THEREON.—The Government are pleased to sanction the constitution of the Bannur Town into a permanent Municipality with effect from the 1st July 1908. The necessary Notification will be published in the Gazette.

2. Separate orders will issue in due course defining the constitution of the Municipal Council for this Municipality.

3. The Deputy Commissioner will return the plan of this Municipality for record in this office.

Letter No. 195, dated the 14th February 1908, from the President of the Shimoga Town Municipal Board, submitting a copy of letter No. 50, dated the 31st January 1908, from the Divisional Sanitary Officer, Western Circle, requesting to be furnished with certain information about the Municipal Administration of the Shimoga Town and requesting that the duties of the Divisional Sanitary Officer, in regard to Municipal matters in that town may be defined.

No. 11911-9—ML. 422-07-2, DATED BANGALORE, 14TH MAY 1908.

ORDER THEREON.—Government observe that the Divisional Sanitary Officer should be regarded as the valuable adviser of the Local Bodies and Deputy Commissioners in sanitary matters and that the Municipal Councils and other Local Bodies should give him facilities to acquaint himself with the existing state of affairs and should supply him as far as possible with information required by him. Steps should also be taken to put him on the Municipal Councils at District Head-Quarters.

In the present case an hour's interview of the Vice-President with the Divisional Sanitary Officer was desirable and would probably have saved the Deputy Commissioner—President, the necessity for making the reference under disposal or raising controversies which ought to be eschewed when an important scheme for the welfare of the public is yet in its infancy.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Sanitary), dated 13th May 1908.

READ—

Letter No. 3695, dated the 24th March 1908, from the Sanitary Commissioner in Mysore, forwarding a copy of the Madras Government Order No. 609, Public, dated the 18th August 1894, requiring candidates for employment in Government service, who have not been vaccinated or had small-pox after the age of ten, to produce certificates of re-vaccination after that age and suggesting that a similar rule may be adopted by the Mysore Government.

No. 11788-828—SAN. 214-07-2, DATED BANGALORE, 13TH MAY 1908.

ORDER THEREON.—In Mysore, candidates for employment under Government have only to produce an ordinary Health certificate in the form prescribed in Article 32 of the Mysore Service Regulations, which makes no mention about vaccination. The State Life Insurance Committee, however, insists on the production of a vaccination certificate by all officials whose pay is Rs. 10 or more but this does not ensure that all Government servants have been vaccinated or have had small-pox after the age of ten years. To remedy this defect, the Government, agreeing with the Sanitary Commissioner, are pleased to direct that the persons enumerated in para 2 below, shall produce certificates of re-vaccination after the completion of the tenth year, of age, or, should they not have been vaccinated in early childhood, of vaccination after reaching the age of ten years. In the event of their having sufferred from small-pox before or during their tenth year, they must produce a certificate of vaccination or re-vaccination subsequent to their having attained the age of ten. This certificate will not, however, be required from persons who bear the marks of small pox and who produce a certificate signed by two respectable house-holders that to their personal knowledge the individual was attacked with small-pox after he had completed his tenth year.

2. The following is the list of persons who will hereafter be required to produce certificates in accordance with para 1 *supra*:—

(1) All candidates for employment in the service of Government, in whatever branch, whether superior or inferior, permanent or temporary, except sweepers and similar menial servants and pensioned sepoys.

(2) Candidates for employment by the District and Taluk Boards and Municipalities.

(3) Government authorize the levy of a fee of one rupee for each vaccination certificate furnished to a candidate for employment in superior service. The fee may be retained by the officer who grants the certificate.

(4) The Health certificate form prescribed in Article 32 of the Mysore Service Regulations, will be modified so as to include a certificate of vaccination after the tenth year of age, and the Comptroller is requested to issue the necessary addenda to the Service Regulations.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Education), dated 2nd May 1908.

No. 11247-87—Edn. 324-07-5, dated Bangalore, 2nd May 1908.

Order.—Mr. John Cook, M.A., F.R.S.E., F.M.U., Principal of the Central College, Bangalore, and Director of Meteorology in Mysore, having retired from the service of the State with effect from the 23rd April 1908, the Government of His Highness the Maharaja take the opportunity to place on record their appreciation of his long and meritorious services to the State.

Mr. Cook entered the Educational Department of the State on the 1st October 1882 as Principal of the Central College and has remained at the head of that important educational institution for over a quarter of a century. During his tenure of the Principalship the College rose in strength from 149 in 1882 to 494 in 1907. During this period about 450 students have graduated from the College. Besides his duties as Principal, Mr. Cook's chief attention was devoted to organizing and improving the teaching of Physical Science and as a result of his sustained interest in the work, the College has attained in that branch of science a reputation second to none in Southern India, and it is largely this circumstance that has decided the Government to make the teaching of science the speciality of the Central College under the new University Regulations.

In creating and fostering a taste for scientific studies among the numerous students that have passed through the College, Mr. Cook has done much to give a practical turn to Education in the State.

Both as Principal and Professor Mr. Cook has always deserved and secured the regard and respect of his colleagues and the reverence and devotion of his students.

Besides the duties connected with the College, Mr. Cook organized a Meteorological Department in the State in 1894 and has been at its head ever since. He equipped a first class Observatory in Bangalore and smaller recording stations at other places in the State and has trained a purely local staff to carry on the work of the Department. The value of the observations systematically recorded at these stations during the past fourteen years with reference to the study of the Meteorological conditions of the Indian Peninsula has been cordially recognized by the Directors of the Imperial Department. Mr. Cook's annual reports on Meteorology and Rainfall have been full of information and Government have always perused them with interest.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 6096-7—363, dated the 23rd January 1908, from the Inspector-General of Education in Mysore.

I have the honor to submit herewith a Memorandum regarding the proposals for additional grants required for the Mysore Industrial School, in connection with the Local Funds General Budget for 1908-09. These proposals have been based upon the recommendations of the Managing Committee passed at a meeting held on the 13th instant to consider the Budget of the Industrial School. I fully concur in the opinion of the Managing Committee and recommend the proposals for favour of Government sanction.

2. A copy of the Resolutions of the Committee Meeting is herein enclosed.

MEMORANDUM.

Proposals for additional grants required for the Mysore Industrial School in connection with the Local Fund General Budget for 1908-09.

At a meeting of the Managing Committee which was held on the 15th instant, the following items of additional expenditure have been recommended :—

1. *Establishment* including General Education Branch.

(a) *Increases of pay.*

The Superintendent.—Mr. Subbusami Iyer was appointed Superintendent of the Industrial School as per Government Order No. 1060-1—Edn. 26-03-04, dated 6th August 1904, on a starting pay of Rs. 200 in the grade 200-25—1-250. He took charge of his duties on the 29th of August 1904 and reached the maximum of his grade on the 1st of September 1906. He has worked satisfactorily and has brought the school to an efficient condition. He may be promoted to Rs. 300 a month with effect from 1st July 1908. Mr. Subbusami Iyer deserves the increase of pay recommended.

The First Pottery Instructor.—The First Pottery Instructor now gets a pay Rs. 50 a month. He has done good work in the school. His pay is recommended to be raised to Rs. 80 by three annual increments of Rs. 10 each, the first increment being paid with effect from 1st July 1908.

The following promotions have been also recommended to some of the other members of the staff on account of the useful work turned out by them :—

Designation.	*Increase per month.*
Second Pottery Instructor	From Rs. 25 to Rs. 30
Third Carpentry Mestri	20 to 22½
Cane work Mestri	20 to 25
Drawing Master	40 to 50
Clerk	25 to 30
Store-keeper	20 to 25
Head-Master, General Education Branch ...	25 to 30

The total increases of pay thus amount to Rs. 50+10 to 30+37½ or Rs. 97½ to 117½ a month or Rs. 1,170 rising to 1,410 a year. Each case of promotion was carefully considered by the Committee and only such promotions were approved of as were well deserved.

(b) *Additional hands.*—As it is proposed to open advanced classes in Drawing, a full-timed Assistant Drawing Master will be required. It is therefore proposed to appoint a new man as second Capentry Mestri on Rs. 25 a month, the work of the present Mestri who now teaches both Carpentry and Drawing being confined to drawing only.

The machines of the Pottery Section require the constant attention of a machinist. Their repairs have to be carefully attended to. Moreover the number of pupils in the machine class are too many to be managed by one Instructor. It is therefore necessary to employ an Assistant Machine Instructor on Rs. 25 a month. The extra cost on account of the two additional hands proposed is Rs. 50 a month or Rs. 600 a year.

Proceedings of the Government of His Highness the Maharaja of Mysore,

The total increased expenditure in the establishment including the General Education Branch is therefore Rs. 1,170 to 1,410+600 or Rs. 1,770 to 2,010 a year. The present and proposed scales will stand as follows :—

Establishment.

Serial No.		Present scale	Serial No.		Proposed scale	Difference
		Rs.			Rs.	Rs.
1	Superintendent ...	250	1	Superintendent	300	+ 50
2	Assistant Superintendent ...	100	2	Assistant Superintendent ..	100	...

5. Fourth do ...	5	5	...
Total ...	70 per month or Rs. 840 per annum	75 per month or Rs. 900 per year	5 per month or Rs. 60 per year

2. *Scholarships.*—As it is proposed to open advanced classes in Drawing and divide some of the classes into sections, the number and rates of scholarships have been recommended to be modified to suit the requirements of pupils that may be expected to be promoted to the higher classes as well as of the new admissions to be made to Standard A. The rates of scholarships in the Pottery Section have also to be altered a little, since this system is expected to work satisfactorily. The present and proposed scales of scholarships are shown below :—

Scholarships.

(1907-08) Present scale					Proposed scale (1908-09.)				
Serial No.	Class	Number of pupils	Rate	Amount per year	Serial No.	Class	Number of pupils	Rate	Amount per year
			Rs.	Rs.				Rs.	Rs.
1	Intermediate class ...	7	8	672	1	Advanced class	5	10	600
2	Elementary do ...	16	6	1,152	2	Intermediate	15	8	1,440

					7	Do	6	4½	324
					8	Do C	50	4	2,400
	Total ...		...	9,744	9	Do	6	3½	252
					10	Do B	50	3	1,800
	Lump sum deduction on account of late admissions, withdrawals and absence ..		...	144	11	Do	5	2½	180
					12	Do A	30	2	720
					13	Do	4	1½	72
	Total provision made ...		...	9,600		Total ...		...	11,940

Local Fund and Sanitary (Education), dated 13th May 1908.

A sum of Rs. 1,140 is expected to be saved in the total amount of scholarships proposed for 1908-09 on account of withdrawals, late admissions and absence. Accordingly a lump sum deduction of Rs. 1,140 will be made in the total additional expenditure required for the Industrial School, Mysore, during 1908-09. But the provision that will have to be made in the Budget for 1908-09 on account of scholarships for the school is Rs. 11,940, the lump sum deduction of Rs. 1,140 being made from the total provision required for expenditure under the head I. Industrial School, Mysore.

3. *Sheds.*—The roofing of the sheds in the Pottery Section is covered by country tiles and they harbour rats and squirrels. Several squirrels which had taken shelter among the tiles are reported to have died of plague in the months of August, September and October 1907 and the school had practically to stop work for about three months. To avoid a similar recurrence it is proposed to replace the country tiles by Mangalore tiles manufactured in the School at a cost of Rs. 1,000, the country tiles being sold by public auction.

Summary.—The total additional expenditure required under the heads mentioned above for 1908-09 will be as follows :—

1. Establishment including General Education Branch	Rs. 1,710+60 or	Rs. 1,770 per year.
2. Scholarships.	...Rs. 11,940—9,600 or	„ 2,340 „
3. Sheds, etc. for replacing country tiles by Mangalore tiles...		„ 1,000
	Total	„ 5,110
Lump sum deduction in scholarships on account of withdrawals, late admissions and absence of pupils...		„ 1,140
Total additional expenditure required		„ 3,970 per year.

No. 11782-3—Edn. 254-07-2, dated Bangalore, 13th May 1908.

Order thereon.—In the letter read above the Inspector-General of Education recommends that additional grants as detailed below, amounting to Rs. 3,970 may be sanctioned in the budget estimates of the Government Industrial School, Mysore, for the year 1908-09:—

	Rs.
1. Increase of pay to existing staff	1,170
2. Two additional hands	600
3. Addition to allotment for scholarships	2,340
4. Roofing sheds with Mangalore tiles	1,000
Total ...	5,110
Lump sum deduction on account of estimated savings under scholarships...	1,140
Net addition ...	3,970

2. The increases of pay recommended for the staff as specified in para 1 (*a*) of the Memorandum are sanctioned with effect from 1st July 1908.

3. The additional establishment asked for, *viz.*, an Assistant Drawing Master on Rs. 25 and an Assistant Machine Insructor on Rs. 25, is sanctioned temporarily for one year. The question of the confirmation of these additional hands will be decided later on after more experience has been gained of the requirements of the School.

4. Government consider that the present grant for scholarships, *viz.*, Rs. 9,600 is quite sufficient and that no additional grant is now necessary. The Committee is however authorized to alter the number and amounts of scholarships, as may be necessary, within the limit of Rs. 9,600.

5. The sum of Rs. 1,000 required for roofing the tile sheds with Mangalore tiles is sanctioned and the amount will be provided for in the Budget.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Education), dated 15th May 1908.

READ—

This office letter No. 151—D. C., dated 25th May 1900, to the Honorary Secretary, Provisional Committee for the Indian Institute of Science, stating that the Durbar are prepared to afford a liberal support in case the Institute is established at Bangalore and that they accordingly have decided to offer a sum of five lakhs of rupees for initial expenses on account of building, etc., together with a free grant of land of about 300 acres in extent.

2. Subsequent correspondence ending with Government Notification No. G. 5356—G. M. 232-06-9, dated the 16th March 1908, and No. 5639—G. M. 232-06, dated 14th March 1907, assigning to the Governor-General of India in Council the exclusive management and full jurisdiction of certain lands near the Sankey Reservoir, Bangalore, measuring 371 acres and 16 guntas, as these lands are required for locating the Indian Institute of Science.

3. Letter dated the 6th March 1908 from Dr. W. M. Travers, F.R.S., Director of the Institute, stating that the Government of India have appointed a Provisional Committee to manage the affairs of the Institute pending the passing of the Vesting Order.

4. Letter No. 5520—1118, dated the 11th April 1908, from the Comptroller, Mysore Government, submitting copy of letter dated the 9th idem from the Provisional Committee for the management of the Institute, asking for payment, into the account opened with the Bank of Madras in the names of the members of the Committee, of the sum of rupees two lakhs out of the five lakhs promised by the Government towards the construction of the buildings for the Institute.

No. 11924-5—ED. 240-7-7, DATED BANGALORE, 15TH May 1908.

ORDER THEREON.—The Government of His Highness the Maharaja of Mysore are pleased to sanction a building grant of rupees five lakhs to the Indian Institute of Science, Bangalore, as already promised in 1900. Of this amount the Comptroller is authorized to pay rupees two lakhs which have been provided for in the current year's budget to the Provisional Committee in one lump to their credit in the Bank of Madras as requested by them. The balance of rupees three lakhs will be entered in the budget for 1908-09 for consideration and orders in due course.

DASARA CALENDAR FOR 1908.

1. *By the middle of Sravana, 12th August.*—(*a*) Names of members deputed under rule 6 of Government notification No. 21572—G. F. 99-93, dated the 10th June 1894, by the Local Fund and Municipal Boards and recognised Associations, should be notified to the Deputy Commissioner.

(Rule 7 of the said notification.)

(*b*) Taluk members and District and Municipal Boards and recognised Associations should send to the Deputy Commissioners, memorandum of representations and suggestions on the subjects desired to be brought forward at the Assembly.

(Rules 11 and 12 of the said notification.)

2. *By the 5th Bahula of Sravana, 16th August.*—The Deputy Commissioner should hold at the District Head-Quarters a meeting of the members in order to select finally the subjects to be sent to the General and Revenue Secretary to Government for inclusion in the consolidated list.

(Para 2 of Government Proceedings No. G. 4450-89—G. M. 235-06-1, dated the 18th January 1907.)

3. *By the 11th Bahula of Sravana, 22nd August.*—Lists of persons deputed under Rule 6 of Notification No. 21572—G. F. 99-93, dated 10th June 1894, should be sent to the Secretary to Government, General and Revenue Departments.

A correct list of elected Taluk members as they now stand, should also be submitted by the same date to the Secretary with accurate information as to existing vacancies, if any, and as to the number likely to attend the next meeting.

4. *By the beginning of Bhadrapada, 27th August.*—Compilations of the memorandum of subjects to be discussed in the Assembly, with the Deputy Commissioner's remarks, prepared in accordance with rule 13 of the Notification of the 10th June 1894 and paras 3, 4 and 5 of the Government order of the 18th January 1907, referred to above, should reach the General and Revenue Secretariat.

5. *Eleventh Suddha of Aswija, 6th October.*—Advance copies of all addresses intended to be presented or speeches to be delivered on the opening day of the Assembly, should be sent to the General and Revenue Secretary to Government so as to reach him on or before that date.

(Para 11 of Government order No. G. 4450-89—G. M.—235-06-1, of 18th January 1907.)

6. *Thirteenth Suddha of Aswija, 8th October.*—Opening day of the Representative Assembly.

(Rule 15 of the Notification dated 10th June 1894.)

By Order,

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts

Proceedings of the Government of His Highness the Maharaja of Mysore,

EAD—

Correspondence ending with Government Order No. G. 5442-3—G. M. 53-05-36, ated 7th May 1906, requesting the Retrenchment Committee to submit draft rules egarding the issue of liveries to peons in Government Offices.

(2) Memorandum of the Retrenchment Committee, dated 14th September 1907, submitting proposals on the subject.

No. G. 6787-819—G. M. 36-07-39, DATED BANGALORE, 16th MAY 1908.

ORDER THEREON.—The subject of the issue of clothing to inferior servants f Government has been under the consideration of Government for some time past.

2. For a long time before and after the Rendition, clothing was being issued o certain menials of certain offices but there were no general orders regulating he grant. A general order was issued on the subject in 1891 (*vide* Government)rder No. 11349-60—Cir. 230, dated 17th January 1891) sanctioning the annual ssue of white clothing to some peons of certain offices named therein and the riennial issue of scarlet clothing only to the menials of the Dewan's Office and he Chief Court. Since then applications for the issue of clothing, white as ell as warm, for the menials of other offices have been sanctioned or declined y Government according to the circumstances of each case. At present 874 nenials of 44 offices are in receipt of cotton clothing costing Rs. 6,148 a year and 37 menials in receipt of warm clothing at an annual cost of Rs. 3,791. Applications for the grant of warm clothing to menials of other offices are being received nd it has become necessary to frame a set of clear and definite rules regulating he issue of free clothing to the menials of Government Offices and restricting he tendency to rapid growth of expenditure under this item.

3. In consultation with Heads of Departments, etc., and after considering he Bombay and Madras rules on the subject, the Retrenchment Committee have ormulated certain rules and made their recommendations to Government.

4. The general principles upon which the Committee have based their recommendations are:—

(1) that as a rule only menials in constant attendance on Gazetted Officers or in frequent and close contact with the respectable public, should be provided with white clothing,

(2) that all other Government peons and menial servants inferior to peons need not be given such clothing and that they may be required to clothe themselves decently while on duty,

(3) that warm clothing should, irrespective of rank, be given only to those who would require it to keep them in health under unusual conditions, as when they have to face inclement weather (as in Ooty or in the malnad).

5. These principles which have been generally accepted in Bombay and Madras and on which the grant of clothing was largely based when it was first anctioned, appear to the Government to be well considered. They are accordingly pleased to approve of the detailed rules which have been prepared by the Committee so as to suit local conditions in Mysore, and publish them with the list of anctions as Appendix A to this order, for the information and guidance of all fficers. The list will be kept up to date in the General Branch of the General nd Revenue Secretariat according to the orders issued from time to time.

6. Government are glad to note that the recommendations of the Committee, esides being generally suitable, involve a substantial saving of cost to the extent of Rs. 3,000 per annum.

7. Pending the issue of general orders on the subject, heads of offices were ot permitted to issue clothing to menials in the current year. A lump sum rovision of Rs. 6,000 has however been made under 26 Miscellaneous in the current year's budget and the charges incurred in accordance with the rules now anctioned will be met out of the said provision. Necessary provision under each udget head will be made as heretofore in the ensuing year's budget.

General Miscellaneous dated 16th May 1908.

8. The rules regarding the supply of belts and badges to Government menials as approved by Government are also published as Appendix B.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Heads of Departments.
The Private Secretary to His Highness the Maharaja of Mysore.
The Comptroller, Mysore Government.
The Secretaries to Government in other Departments.

APPENDIX A.

Rule I.—Light clothing may be issued annually according to the scale noted in the margin to all *permanent* peons doing orderly duty in the provincial offices or offices of Heads of Departments specified below in note 5 (*i*).

	Rs.	A.
2 long coats, white drill or long cloth ...	3	0
2 pairs of trousers do ...	2	0
2 cummerbands	1	8
2 turbans :—		
Peons,...mull or turkey red ...	3	8
Head peons, Dafadars and above,...1 laced and 1 turkey red	6	12
Total...peons	10	0
...do Menials of higher rank	13	4

NOTE 1.—Menials of the following classes are not entitled to get light clothing at Government cost:—

Mutchies, dafterbands, carpenters, sweepers, masalchis, scavengers, gardeners, malies, farashes, and any others whose duties are not of such a nature as to require constant attendance on Gazetted officers or close contact with the respectable public.

NOTE 2.—Mutchis—and—Book-binders, Harikars and Shroffs are not inferior servants and as such cannot have free clothing.

Exception.—Mutchis—and—book-binders and Harikars attached to the establishments of the Dewan and the Councillors may be given clothing on the scale allowed to menials of higher rank.

NOTE 3.—Bicycle orderlies and lascars may, according to the scale given in the margin, be given annually khaki suits and turbans, with a rain-cloak at a maximum cost of Rs. 7 and cycle accessories to the former whenever necessary with the special sanction of Government.

	Rs.	A.
Bicycle orderly—		
2 khaki suits	6	0
2 turbans at Rs. 1-12 each	3	8
	11	8
Lascar—		
1 khaki suit	6	0
1 turban	2	8
	8	8

NOTE 4.—Watchmen and guards (who are not entitled to light clothing) may, at the discretion of Heads of offices, be given a woollen coat and a blanket at a cost not exceeding Rs. 7-8-0 per annum or Rs. 15 biennially.

NOTE 5.—(*i*). Provincial offices or offices of Heads of Departments or offices of corresponding rank include the following:—

1. General and Revenue and Muzrai Secretariats.
2. The Revenue and Excise Commissioners.
3. The Chief Court.
4. The Senior Surgeon and Sanitary Commissioner.
5. Inspectors-General of Registration, Police, Prisons and Education.
6. Comptroller, Civil and Public Works Accounts.
7. Military Assistant.
8. Chief Commandant.
9. Private Secretary and Assistant Private Secretary to His Highness the Maharaja
10. Chief Engineer.
11. State Geologist.

12. Conservator of Forests.
13. The Superintendents of Inams, Survey, Government Gardens and Government Museum.

(*ii*). The menials of the following offices who have now been getting clothing will be excluded as the continuance of the privilege to them cannot be based on any principle and will, without extending it to menials of offices of similar status, be invidious :—

1. Agricultural Chemist.
2. Superintendent, Government Press.
3. Do do Stationery.
4. Superintendent, Amrit Mahal.
5. Do Stamps.
6. Principal, Central College.
7. Director of Meteorology.
8. Officer in charge of the Archæological Researches.
9. Registrar of Co-operative Societies.
10. Government Advocate.
11. State Huzur Treasury.
12. Superintending Engineers.
13. Medical Stores.
14. Executive Engineers, Hassan, Kadur and Shimoga.

NOTE 6.—A lump sum grant of Rs. 6 per head may be sanctioned to the menials of the Victoria Hospital now in receipt of clothing, and Rs. 5 to those of the Lunatic and Leper Asylums, Government Eye Infirmary, Maternity Hospital and the Vaccine Institute.

Rule II.—Warm clothing now being issued to peons triennially, and biennially, in the Public Works offices, will in future be discontinued; but it will be at the discretion of Heads of offices to issue, whenever necessary in cases in which light clothing is sanctioned, woollen clothing instead, to those who may not be entitled to special warm clothing under Rules III and IV provided the sanctioned amount is not exceeded.

Rule III.—Special warm clothing for occasions such as the Ooty or the Malnad trips in the monsoons :—

(*a*) This kind of warm clothing will be issued on the following scale to Harikars and mutchis-and-book-binders attached to the establishments of the Dewan and Councillors and inferior servants of the Secretariat and other offices accompanying Government to Ooty, not exceeding a certain maximum number (to be fixed in each case),

Biennially—	Rs.	A.	P.
1 suit of black or dark blue serge	10	0	0
1 blanket	2	8	0
1 red turban	2	8	0
1 pair of boots	3	4	0
2 pairs of socks	0	12	0
Total Rs...	19	0	0

or an annual expenditure of Rs. 9-8-0 per head irrespective of the rank or class of the menials.

(*b*) In the case of menials accompanying Provincial Officers into the Malnad the marginally noted special clothing may be issued biennially to a number not exceeding a certain number of menials of any class or pay at a cost not exceeding Rs. 14 per head.

	Rs.	A.
1 Woollen coat (black or dark blue serge) ...	10	0
1 Blanket	2	8
1 pair of boots or sandals	1	8
	14	0

NOTE. 1.—Special warm clothing of only one of these kinds will be issued in a year and in lieu of white clothing if the menial concerned is entitled to it.

NOTE 2.—The warm coat and the turban will not be issued to menial officers who are entitled to special uniforms under Rule IV in the same year.

Rule IV.—Bottle-green liveries or special uniforms to be issued only to such of the menial officers as are in attendance on the Dewan and the Councillors, the

General Miscellaneous, dated 16th May 1908.

Judges of the Chief Court and the Secretaries to Government (including the Private Secretary and the Assistant Private Secretary to His Highness the Maharaja) according to the following scale:—

Class	Bottle-green liveries including laced coat and trousers	Laced turbans	Total
	Rs	Rs.	Rs.
Jamadar	50	10	60
Chobdar	40	8	48
Dafadar	35	7	42

	Jamadar	Chobdar	Dafadar	Total
Dewan	2	2	2	6
Councillor (each)	1	1	1 (3 x 2)	6
Chief Judge	1	0	1	2
Other Judges	0	0	1 x 2	2
6 Secretaries to Government and Private and Assistant Private Secretaries to His Highness the Maharaja	A Jamadar, Chobdar or Dafadar		8	8
Total ...	5	4	15	24

NOTE 1.—The menial officers of the General and Revenue Secretariat and the Private and the Assistant Private Secretaries to His Highness the Maharaja will get this uniform once in three years and the rest once in four years. This clothing will be in addition to the usual light or annual clothing.

NOTE 2.—New suits should be worn only when on duty during the three or four years and should last without much deterioration. Dress which has been replaced by new dress becomes the private property of the menial and may be worn by him when off duty.

Rule V.—Free clothing of any kind will not be issued to any menial servant whether doing duty as personal orderly or attached to offices except under the foregoing rules. No exceptions to these rules will be allowed except on sufficient cause being shown.

NOTE 1.—The belt and badge ordinarily worn by Government peons are not included in the term livery, and these rules which apply to "Liveries" do not apply to the former. They may be issued to all permanent peons as specified under separate rules.

Rule VI.—An appendix embodying the list of sanctions for the supply of liveries to the inferior servants of Government is hereto attached for the guidance of all officers and the Account Office.

Rule VII.—The cost of clothing, light or warm, will be met as heretofore out of the amounts provided therefor in the contingent allotments of the respective offices and any amount not utilized out of the grants allowed in one year may ordinarily be taken credit for in the next year subject to special sanction of Government, and the amount being provided in the budget of the next year.

Rule VIII.—Clothing will not be issued to temporary peons unless there is a prospect of the continuance of their employment for two years in which case clothing may be allowed with special sanction.

General Miscellaneous, dated 16th May 1908.

APPENDIX B.

Rules regarding the supply of belts and badges to Government menials.

(1) Belts may be given to all Government peons on orderly duty other than masalchis, sweepers, lascars and such like, once in three years in accordance with the following scales and at the specified costs.

(2) The jamedars attending on the Dewan, the Councillors and the Chief Judge may be supplied with belts with 1″ lace all round the border and laced flowerets in the body at a cost not exceeding Rs. 58-8-0 each.

(3) The chobdars of the General and Revenue Secretariat with belts with 1″ lace all round the border at a cost not exceeding Rs. 46-8-0 each.

(4) The duffedars of the General and Revenue Secretariat and the jamedars and duffedars of the other Secretariats including those of the Private and the Assistant Private Secretary to His Highness and all Government offices to be specially named may be given belts with ¾″ or ½″ lace all round the border at a cost not exceeding Rs. 13-8-0 each.

(5) All peons and dalayets of Secretariats and all Government offices may be given belts with ¾″ red or yellow tape all round the border at a cost not exceeding Rs. 2-8-0 each.

(6) The belts may be made of black or scarlet banath at the discretion of Heads of offices.

(7) As regards badges no rules need be laid down as they are to be given once for all; but, however, to regulate the cost of such badges it may be laid down that the cost of a peon's badge being made of brass, may not exceed Rs. 3 and that of a Jamedar, Chobdar or Duffedar being electroplated, may be only proportionately higher.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Order No. G. 5442-3—G. M. 53-05-36, dated 7th May 1906, requesting the Retrenchment Committee to submit recommendations regarding the reduction of the menial establishments of Head-Quarter offices.

2. Memorandum of the Committee dated 27th July 1907, submitting proposals on the subject.

No. G. 6620-45—G. M. 236-07-1, DATED BANGALORE, 13th MAY 1908.

ORDER THEREON.—It having been brought to the notice of Government that the present strength of menial establishments of offices in Mysore is more than is absolutely required for the efficiency and despatch of Government work, the Retrenchment Committee was requested to scrutinize the necessity of the existing staff in all the Head-Quarter offices.

2. After obtaining the opinions of the several Head-Quarter officers concerned, generally adverse to any reduction of the establishment, the Committee have, in accordance with the general principles formulated by them, carefully tested the adequacy or excessiveness of the establishment attached to the undermentioned 24 offices and made certain recommendations resulting in an annual saving of Rs. 3,500. While agreeing with the officers generally that very large reductions are not feasible in the interest of efficiency and the despatch of Government work, they consider that there should be some uniformity in regulating the menial staff of the Head-Quarter offices, and that the tendency to any avoidable increase in the number of peons should be put a stop to :—

1. Military Assistant.
2. Railway Secretariat.
3. Public Works Secretariat.
4. Muzrai Secretariat.
5. State Geologist.
6. Superintending Engineers.
7. Inspector-General of Education.
8. Do Prisons.
9. Do Registration.
10. Do Police.
11. Superintendent, Government Museum.
12. Do Government Gardens.
13. Do Revenue Survey.
14. Do Inams.
15. Conservator of Forests.
16. Chief Court.
17. Comptroller.
18. Do P. W. & Railway Accounts.
19. Chief Commandant.
20. Senior Surgeon and Sanitary Commissioner.
21. Excise Commissioner.
22. Revenue Commissioner.
23. Medical Officer, Victoria Hospital.
24. Private Secretary and Assistant Private Secretary to His Highness the Maharaja.

3. In determining the strength of menial establishment necessary for each office, the Committee have adopted the following principles which commend themselves to Government :—

i. As a rule orderlies are to be allowed to a Gazetted Officer for attendance on him in office, and such officer may, solely with a view to facilitate disposal of Government work, be permitted to detach a certain number according to requirements for duty at his residence.

ii. In the case of Heads of offices and Departments including Secretaries to Government who may be generally required to attend to Government work or receive visitors on official business at their residences, a distinction between office and home orderlies may be made, and the number of the latter fixed on a consideration of the rank and position of the officer and the nature and quantity of work to be done by him out of office.

iii. For office establishments the scale suggested by Mr. Basu in his letter No. 2796—B. R. 50, dated 15th November 1906, *viz.*, one peon for a batch of 8 or 10 clerks or more (according to the nature of the work) located in the same place, with some provision for the despatch section, may be adopted, and no home orderlies are generaly to be allowed to managers or other officials of correspoding status.

iv. The number of menials other than orderlies *e. g.*, lascars, dufterbunds, sweepers, office guards etc., should be regulated with reference to the reasonable requirements of each office, the duties of sweeper and watchman being required to be performed generally by the same person or persons in the offices where the pay of these men is not met out of contingencies.

v. In regard to pay, the following considerations may be generally kept in view :—

(a) The pay of a jamadar should not be less than Rs. 12 or more than Rs. 15. Accordingly in all offices where it is more than the proposed maximum the excess will be treated as personal allowance so as not to affect the present incumbents.

(b) The dafadar's pay may vary from Rs. 10 to Rs. 14, and such a one should as a rule be appointed only when the menial establishment consists of half a dozen peons or more.

(c) The pay of a mutchi may vary between Rs. 10 and 12 and that of a mutchi and book-binder between Rs. 12 and 18.

4. On these considerations and on a comparison of the scale in British Indian Offices as far as possible, the Committee have considered the reasonable requirements of each Head-Quarter office and they recommend a total reduction of the menial staff in all the Head-Quarter offices (except the General and Revenue Secretariat which has been disposed of in a separate order) by 36 hands with a net annual saving of Rs. 3,500 approximately.

Reductions are proposed in the following eleven offices :—

1. Railway Secretariat.
2. Two Superintending Engineers.
3. Conservator of Forests.
4. Excise Commissioner.
5. Inspector-General of Registration.
6. Chief Court.
7. Muzrai Secretariat.
8. Superintendent of Inams.
9. Chief Commandant.
10. Inspector-General of Police.
11. Revenue Commissioner

A slight re-distribution of pay is recommended in the offices of the Military Assistant, the Chief Engineer and the Comptroller (Civil), while the establishments of the Inspector-General of Education and the Senior Surgeon are proposed to be slightly strengthened. The menial establishments of other offices are reported to call for no change.

5. Government consider that the scale proposed by the Committee for the several offices is suitable and they are accordingly pleased to approve of the Committee's recommendations with the following modifications :—

(1) Muzrai Secretariat.—To the scale proposed by the Committee a dufterband will be added as the post was sanctioned in Government Order No. Fl. 142-3—G. F. 440-06-2, dated 11th June 1907. The menial staff now sanctioned for this office *viz.*, one mutchi, one dufterband, one duffedar, and eight peons will be subject to revision if and when the separate Muzrai Secretariat is abolished.

(2) Superintending Engineers.—As the question of the abolition of these offices is pending consideration, Government deem it unnecessary to revise the scale of the menial establishment of these offices at present.

(3) Chief Engineer's Office.—The Committee propose slight reductions in the pay of the jamadar, dafadar and head peon of this office, but as these reductions have, it is reported, already been effected, no change in the existing establishment is called for.

(4) The Inspector-General of Education.—The revision of the menial establishment sanctioned temporarily in Government Order No. 11233-4—Edn. 363-06-2, dated 30th May 1907, agrees closely with that proposed by the Committee and the existing sanctioned scale may therefore be confirmed; a dufterband on Rs. 8 per mensem being added to the establishment as recommended by the Committee. There will be an increase of cost of Rs. 8 per mensem in the establishment of this office.

General (Miscellaneous), dated 13th May 1908.

6. Government observe that the Revenue Commissioner, the Inspector-General of Police and the Senior Surgeon have proposed large additions to the menial establishments of their offices and the Committee have in making their recommendations very carefully considered the requirements of these offices.

(a) The Senior Surgeon has asked for the number of peons being increased by two for his Personal Assistant in the Administrative Branch and also proposes increases to the pay of certain peons as follows :—

Present.			*Proposed.*		
		Rs.			Rs.
Dafadar		9	Dafadar		12
Do		8	Do		10
2	Peons	7 each.	2	Peons	8 each
4	Do	6 ,,	6	Do	7 ,,
2	Do (to the Sanitary Assistant)	7 ,,	2	Do (to the Sanitary Assistant)	7 ,,
10		69	12		94

Seeing that an attender and a mutchi have been added to the menial establishment, the Committee, agreeing with the Senior Surgeon's Office revision, Committee recommend the following staff at an increased cost of Rs. 10 per mensem.

	Rs.
1 Dafadar	10
2 Peons	8 each
3 Peons *	7 ,,
3 Do	6 ,,

* excluding the two peons transferred to the Health Department.

Government consider that this staff will be adequate.

(b) The Inspector-General of Police.—The menial staff of this office consists of 1 mutchi, 1 dafadar and 6 peons with 16 constables detached from districts for duty in the Head office. In his letter No. 6366—707, dated the 25th May 1906, the Inspector-General of Police represented to Government that the menial staff of 8 sanctioned for his office was quite inadequate and that as the practice of utilizing the services of district constables was irregular his office staff might be sufficiently strengthened. On the analogy of the menial staff allowed to the offices of the Conservator of Forests and the Excise and Revenue Commissioners, he proposed an increase of 11 hands as follows :—

	Rs.		Rs.
1 Mutchi and book-binder	12	6 Peons	7 each
1 Jamadar	12	2 Do	6 ,,
1 Dafadar	10	2 Lascars	8 ,,
2 Peons	9 each	—	—
4 Do	8 ,,	19	154

In a subsequent communication, the Inspector-General of Police has for some reasons practically withdrawn his original proposition of dispensing with the services of 16 constables and of increasing the menial establishment of his office.

Government agree with the Committee in thinking that the employment of district constables for orderly duty at the Head office unnecessarily swells the strength of the Police force and is not desirable in the interests of the service. With the requirements of the office, calculated as shown in the margin, the Committee recommend a staff consisting of:—

Inspector-General of Police.—1 dafadar and 5 peons instead of 7 as at present.
Personal Assistant.—Office.—
2 instead of 5.
1 Mutchi.
3 Peons.
2 Lascars.
1 for sweeping etc.
2 for guarding stores etc., and for Police training school (as before).
17

	Rs.			Rs.	
1	Mutchi	10	(as before)	1 Sweeper	6
1	Dafadar	10		2 for guarding etc. (Policemen)	7 each
4	Peons	8	each	—	—
6	Peons	7	,,	17	128
2	Lascars	7	,,		

Government approve of the proposed scale as suitable, the total increase in cost being Rs. 68 per mensem and they desire that the Inspector-General of Police should take steps to effect a reduction of 16 constables at a cost of Rs. 120 per mensem.

(*c*). *Revenue Commissioner.*—The present strength of the menial staff consists of 20 permanent and 12 temporary men. This is said to be inadequate and proposals for the increase of the establishment by 12 hands at a total increase of Rs. 94 per mensem in cost are pending before Government.

The distribution of the existing hands is reported to be as follows:—

Revenue Commissioner's orderlies	3	Jamadars and dafadars.
	11	Peons.
First Assistant	5	do
Second Assistant	4	do
Office	1	Mutchi.
	1	Dufterband.
	6	Peons.
	1	Lascar.
	32	

The addition to the staff is asked for on the following grounds:—

(1). That when the office was constituted in 1902 the full complement of menial staff was not sanctioned as the then Revenue Commissioner was also a Councillor who had the services of 18 peons.

(2). That when the present 1st Councillor was appointed Revenue Commssioner and Director of Statistics, he had the use of 17 peons from the staff of the General and Revenue Secretariat, though temporarily.

(3). That on the present Revenue Commissioner's representation in June 1906 12 of the temporary hands were allowed to be retained by him in addition to the 20 borne permanently on the office establishment.

(4). That an additional staff of 12 menials is necessary for the reasons given below:—

(*a*) The appointment of a second Assistant Commissioner who should be allowed a sufficient number of peons.

(*b*) The office manager being taken from the Amildar's grade he should be given some orderlies.

(*c*) Increase of clerical establishment by 10 hands recently sanctioned.

(*d*) The seating of the clerks in a large two storeyed building, as well as in temporary sheds in the compound.

(*e*) Increase of lascars required to accompany the Revenue Commissioner in his tours.

(*f*) The necessity for the services of a Brahmin peon on Rs. 7 for supplying water to the officials, as the Comptroller objects to charging the pay of the man to "contingencies."

The increased staff is proposed to be distributed as follows:—

1	Mutchi on Rs. 12	for camp use.
1	Peon on „ 10	for office (additional peon).
4	Peons on „ 7	—2 for Manager, 2 for Manager while in camp.
1	Lascar on „ 9	In addition to the existing one lascar.
1	Do on „ 8	
1	Do on „ 7	
1	Watchman „ 7	For guard as no one can be detailed for this work out of the present staff.
1	Do „ 6	
1	Brahmin peon on Rs. 7	for supplying water.
12		

With due regard to the requirements of the Revenue Commissioner and his tablishment and on a comparison of the menial staff allowed to other offices also, overnment agree with the Committee that the present staff instead of requiring

General (Miscellaneous), dated 13th May 1908.

any increase is capable of a small reduction and they accordingly sanction the following establishment as quite suitable :—

		Rs.	
1	Mutchi and book-binder	12	
1	Mutchi	10	
1	Dufterbund	8	
1	Jamadar	14	
1	Dafadar	12	
4	Peons	9	each
4	Do	8	,,
13	Do	7	,,
2	Lascars	7	,,
2	Guard and general duties	6 & 7	
30	(besides one sweeper, one scavenger and one gardener whose pay is met out of contingencies).		

This establishment may be distributed as hereunder :—

Revenue Commissioners's office	1	Jamadar.
	1	Dafadar.
	1	Peon.
Quarters or camp	9	Peons.
	12	
2 Assistants' orderlies (office and quarters)	6	Peons.
Office establishment	2	Mutchis.
	1	Dufterband.
	2	Lascars.
	7	Peons.

for office work and general duties.

7. As regards the menial establishment of the State Geologist consisting of 45 hands the Committee observe that a reduction of at least 6 peons is possible, but no orders are passed at present pending decision of the question of certain other retrenchments in the Department which are under separate consideration.

8. The nett result of the foregoing directions is that out of a total number of 394 menials in the several Head-Quarter offices, 33 menials are brought under reduction with an annual saving of Rs. 2,946, as detailed in the appended statement and abstract. Extracts from the Committee's memorandum and statement showing the distribution of the sanctioned menials will be sent for the information of the officers concerned.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller.
The Heads of Departments and other officers mentioned in the statement.

READ—

Government Proceedings No. G. 5973-6013—G. M. 243-07-2, dated the 15th April 1908, directing that the expenditure incurred on the purchase of the Postal and Telegraph Guides be treated as an ordinary contingent charge and that the special sanction of Government to their purchase need not be required in each case.

2. Letter No. 9534, dated the 1st May 1908, from the Excise Commissioner in Mysore, stating that Railway Guides are frequently required for reference in checking travelling allowance bills and requesting that the expenditure incurred on the purchase of these guides may also be treated as an ordinary contingent charge not requiring the special sanction of Government.

No. G. 6910-50—G. M. 243-07-4, DATED BANGALORE, 23RD MAY 1908.

ORDER THEREON.—Government consider that Railway Guides are books of general reference required by all offices just as the Postal and Telegraph Guides, and direct that their order of the 15th April 1908 read above be deemed applicable to Railway Guides also.

L. 184-06, dated 12th February 1908, publishing rules in regard to the Deposit of moneys on favourable rates of interest by private individuals in Government Treasuries on behalf of benevolent, charitable or educational institutions or objects of public expenditure.

2. Letter, dated 18th April 1908, from Dharmapravartha Gubbi Thotadappa Setty of Bangalore, requesting permission to deposit with the Government of Mysore the sum of Rs. 70,100 at four per cent interest under the rules of the Notification of the 12th February 1908, with a view of securing a permanent income for the charity he has established in Bangalore.

No. 4900-2—Muz. F. 26 of 1902, dated Bangalore, 7th May 1908.

Order thereon.—Dharmapravartha Gubbi Thotadappa Setty has built a large chattram near the Bangalore City Railway Station at a heavy cost and wishes to deposit with Government Rs. 70,100 at four per cent interest with the view of the income derived therefrom being utilized for the following purpose, namely, the maintenance and repair of the chattram, where accommodation to students and travellers will be provided and the establishment charges connected therewith and also the feeding on a limited scale of poor Veerasaiva travellers and students.

2. The object of the deposit of Rs. 70,100 offered is of a benevolent and charitable nature as contemplated in Rule III of Government Notification of the 12th February 1908 read above. The donor agrees to execute a document as required by Rule IV of the aforesaid Notification. The chattram is being largely resorted to by the general public and the charity is therefore one deserving encouragement. Under these circumstances, the Government are pleased to sanction the deposit in the Government Treasury of the sum of Rs. 70,100 (Seventy thousand and one hundred) by Dharmapravartha Gubbi Thotadappa Setty of Bangalore and the payment of interest thereon at four per cent per annum in view of the charitable object of the donor, under the rules of the Notification read above.

3. The attention of the Comptroller to Government is invited to Government Proceedings No. 624—Muz., dated 3rd April 1893 approving of the draft document to be executed by depositors. He is requested to issue needful instructions to the Deputy Commissioner, Treasury Department, Bangalore District to receive the deposit sanctioned in the foregoing para and to have the document executed by the depositor as required by Rule IV of the Notification read above.

4. Mr. Thotadappa Setty wishes that he should himself manage the charities during his life time drawing the interest half yearly and utilizing it for the purposes set forth in para 1, *supra* and proposes to communicate with Government regarding the manner in which the charities should be managed after him. The Government are pleased to comply with his request. He should maintain regular accounts of the income and expenditure and keep them and the chattram open to inspection by Government Officers.

L. ANANTASAMI RAO,
Muzrai Secretary.

To—The Comptroller to the Government of His Highness the Maharaja of Mysore.
The Deputy Commissioner, Bangalore District.
The Dharmapravartha Gubbi Thotadappa Setty of Bangalore.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Proceedings No. 3957-64¼—Muz. F. 23-93, dated 17th March 1906, directing the revival of feeding in the Muzrai Anna Chattrams in the State and requesting the Deputy Commissioners of Districts to submit proposals for any additional establishment that may be necessary for the purpose.

2. Government Proceedings No. 2190-1, dated 7th November 1907, requesting the Deputy Commissioner of the Chitaldrug District to report how the system of serving cooked food in the two chattrams of Harihar and Komaranahalli has been working with the existing establishment.

3. Correspondence ending with letter No. 453, dated 11th April 1908, from the Deputy Commissioner, Chitaldrug District, submitting proposals in regard to the above named two chattrams.

No. 4994-5—Muz. F. 23 of 1893, DATED BANGALORE, 13TH MAY 1908.

ORDER THEREON.—The Government observe that the present scale of expenditure in the chattrams at Harihar and Komaranahalli is as follows:—

Harihar Chattram.

	Rs.	a.	p.
Cook	5	0	0
Sweeper	2	0	0
Nehami allowances to certain Upadhivantas in the Sri Hariharesvaraswami temple	8	0	0
Ditto for the other temples at Harihar	4	0	0
Nehami allowance for poor men	9	8	0
Feeding charges	16	1	0
Total ...	44	9	0

Komaranahalli Chattram.

	Rs.	a.	p.
Mutsaddi	2	0	0
Cook	5	0	0
Sweeper	2	0	0
Nehami allowances	4	0	0
Feeding charges	24	10	11
Total ...	37	10	11

2. The Deputy Commissioner, having reported that feeding had been revived in the above named two chattrams with the existing establishment, the Government in their proceedings of the 7th November 1907 directed the submission of a report as to how the arrangement worked. The Deputy Commissioner now reports that for the purpose of serving cooked food in those chattrams, two servants-one a cook, and the other a waterman, are necessary in each case, but recommends that owing to insufficiency of funds the pay of the cooks who are already on the establishment on Rs. 5 each may be raised to Rs. 8 each per mensem, and they may be made to do the duties of both the cook and the waterman. He further states that the chattram at Harihar is largely resorted to by travellers but not so the chattram at Komaranahalli and accordingly recommends that the sum of Rs. 4 per mensem which is now being paid from the former institution as Nehami allowances to certain other temples at Harihar, may be ordered to be paid from the Komaranahalli Chattram, which can well afford to bear this additional charge without inconvenience to *bonâ fide* travellers.

Muzrai dated 13th May 1908.

3. Under the foregoing circumstances the Government are pleased to sanction the above recommendations of the Deputy Commissioner. The scale of establishment and other charges of the said institution as now sanctioned will be as follows:—

Harihar Chattram.

	Rs.	a.	p.
Cook and waterman	8	0	0
Sweeper	2	0	0
Contingencies	1	0	0
Nehami allowances to certain Upadhivantas in the Sri Harihareswaraswami temple	8	0	0
Nehami allowances to poor men	9	8	0
Feeding charges	16	1	0
Total	44	9	0

Komarannahalli Chattram.

	Rs.	a.	p.
Mutsaddi	2	0	0
Cook and waterman	8	0	0
Sweeper	2	0	0
Nehami allowances	4	0	0
Nehami allowances to certain temples at Harihar	4	0	0
Feeding charges	17	10	11
Total	37	10	11

4. As regards the Deputy Commissioner's recommendation for the grant of Rs. 5 per mensem from the Provincial Funds to supplement the tasdik of the Harihar Chattram, the Government regret that it cannot be sanctioned.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated Bangalore 16th May 1908

READ—

Letter No. 433, dated 6th April 1908, from the Deputy Commissioner, Mysore District, stating that the Shanbhogues and Patels of the Gundlupet Taluk pray that four annas may be deducted from the Potgi amount due to each of them so as to provide funds for the conduct of santarpane during the car festival of the Sri Vijaya Narayanaswami at Gundlupet.

No. 5043-51— Muz. F. 52 of 1893, dated Bangalore, 16th May 1908.

ORDER THEREON.—The request of the Patels and Shanbhogs, which is supported by the Deputy Commissioner, is to the effect that while making the payment of the Potgi amounts due to the village officers, the Government themselves should deduct four annas from the amount due to each man with the view of utilizing the amount so collected towards conducting a santarpane during the annual car festival of the Sri Vijaya Narayanaswami at Gundlupet. The object is no doubt a laudable one but the Government observe that such deduction cannot legally be made by Government of its own authority. If it happens that any one of the village officers refuses at any time to make the proposed contribution for the benefit of the temple, the Government cannot compel payment and deduct the amount from such person's Potgi allowance against his will. Such deductions are apt to be misconstrued. The Government therefore direct that the Potgi amount should be paid in full, leaving it to the recipient to make any contribution he likes. If the village officers of their own accord make a collection on behalf of the temple and place it in the hands of the Amildar, that officer may, as the head of the Muzrai Institutions in the taluk, receive the amount and credit it in the Savings Bank and spend it towards the santarpane in accordance with the wishes of the contributors.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

1. Government Proceedings No. 5547-58—Muzrai F 58 of 1897, dated the 28th May 1907, permitting the use by the Muragi Matt of all the insignia specified in the Rahadari issued in favor of the Matt by the Chief Commissioner of Mysore on the 20th September 1869, with the exception of the "Addapalaki."

2. The marginally noted petitions received from the Agents of the Kudli-Sringeri and other Brahmin Matts and Sreenivasa Char and certain other Brahmin residents of Chitaldrug, representing that the Guru of the Muragi Matt proposed to enter the town of Chitaldrug in procession using "Panchakalasa" on his palanquin and objecting to any such Kalasa being used by the Muragi Matt.

Memorial Registered No. 281—885 dated, 21st August 1907, addressed to H. H. the Maharaja.

Petition No. 1382, dated 21st September 1907.

3. Petition dated 29th August 1907 from the Agent of the Muragi Matt praying for permission for the use of Panchakalasa on the Guru's palanquin.

4. Correspondence ending with letter No. 188, dated 11th October 1907, from the Deputy Commissioner, Chitaldrug District, reporting on the above.

5. Yadasth No. 118, dated 28th January 1908, from the Secretary to Government, General and Revenue Departments, forwarding certain Shaha Amal extracts of the year Vyaya, relating to the subject.

No. 5054-65—MUZ. F. 57 OF 1902, DATED BANGALORE, 18TH MAY 1908.

ORDER THEREON.—In the Government order read above, the Muragi Matt at Chitaldrug was allowed the use of all the insignia specified in the Rahadari issued in favor of the Matt by the Chief Commissioner of Mysore on the 20th September 1869, with the exception of the "Addapalaki."

2. In the Rahadari issued on 29th June 1907, in pursuance of the foregoing order, permission was given to use "Sadapalaki" only, while in the Rahadari dated 20th September 1869, both "Addapalaki" and "Sadapalaki" had been mentioned. Information having been received that the Guru of the Muragi Matt proposed to enter the town of Chitaldrug in procession on the 15th August 1907, using "Panchakalasa" on his palanquin and that the Brahmins of the place were objecting to any such Kalasa being used; and the Deputy Commissioner of Chitaldrug having also asked for instructions in the matter, the Deputy Commissioner was informed that the terms of the Rahadari which only mentioned "Sadapalaki" without any reference to "Panchakalasa" should be strictly followed. The procession was accordingly conducted without the use of the "Panchakalasa."

3. In his petition dated 29th August 1907 read above, Lingappa, Agent of the Muragi Matt, has represented that in all religious functions amongst the Veerasaiva Community, the use of the "Panchakalasa" is considered an absolute necessity, that a palanquin without a Kalasa is not complete for purposes of a procession, that the use of such palanquin is prohibited, that the Panchakalasa not being a separate insignia, but only a necessary adjunct to the palanquin, it has not been specially mentioned in the Rahadaris issued but that it is being used ever since the Matt came into existence, and that the "Sadapalaki" is only used in contradistinction to "Addapalaki" and has no reference to the question of "Panchakalasa." He therefore prays that permission may be granted for the use of the Panchakalasa on the Guru's palanquin. This petition as well as the petitions received from the Brahmins of Chitaldrug and the Agents of the Kudli-Sringeri and other Brahmin Matts protesting against the use of the Panchakalasa by the Guru of the Muragi Matt were referred to the Deputy Commissioner.

4. From the records received under cover of the Deputy Commissioner's letter read above, the Government observe that the Deputy Commissioner has examined a large number of witnesses and he has reported that the use of the Panchakalasa by the Swamy of the Muragi Matt was not prohibited in the Deputy Superintendent's order of the 11th September 1863; that the Swamy was using Panchakalasa during his processions in 1892, 1900 and 1902, but that on all these occasions its use was objected to by the Brahmins. He reports that the Lingayets contend that the

Muzrai, dated 18th May 1908.

"Panchakalasa" represents the five Achars, the founders of their religion and is a necessary adjunct to the Guru's palanquin and that it cannot be looked upon as a separate insignia requiring to be specially mentioned in a Rahadari. The Brahmins on the other hand say, that the Kalasa used for worship is different from the one used as a mark of respect, that the latter is a prerogative of the Ruler at present allowed only to the Gurus of a few Matts, that the fact that the other important Matts are not allowed this special honor is a clear proof that "Panchakalasa" is not a necessary adjunct but a separate insignia, that a palanquin without it is complete for purposes of a procession and that the term "Sadapalaki" used in the Rahadari granted to the Matt means a palanquin without any "Panchakalasa."

5. At the request of the Agent of the Matt, a search was made among the old records of the General and Revenue Secretariat, with the result that from the Shaha Amal extracts of the year Vyaya received under cover of the Yadashth read above, it has been found that on the 29th February 1827, His Highness the late Maharaja Sri Krishnaraja Wadayar Bahadur, III sent to the Swamy of the Muragi Matt a new gold "Panchakalasa" for use in place of the old ones.

6. As regards the Rahadari of the 29th June 1907, referred to above, the Government observe that they have already been very liberal in reviving as an act of grace on the part of the Ruling authority in the State, honors to the Muragi Matt in regard to which, although the authority of Sannads and Shaha Amals may be set up, the practice has been quite against their use. As regards the "Panchakalasa", however, this is a Royal insignia and it is referred to in the compilation made in the Secretariat as a special "Birudu" granted only to certain Matts. The Government are not inclined to believe that it has anything to do with the five Achars. Even if it did, it has not been specifically mentioned in the Rahadari of 1869. Further, *mamul* is a safer guide in deciding questions connected with religious and Sectarian disputes than the oral evidence offered by the contending parties or entries in the old sannads and Government records. In these circumstances the Government of His Highness the Maharaja direct that it is not desirable that the "Panchakalasa" honor claimed by the Muragi Matt which is not specifically mentioned in the Rahadari of 1869, should now be bestowed for the first time. The parties will be informed accordingly.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Para 8 of Government Proceedings No. G. 6102-6—G. M. 45-06-7, dated 2nd April 1907, pointing out the necessity for making some suitable arrangements for securing the efficient performance of daily worship according to the usual ritual at the Brindavana constructed at Calcutta in memory of His Highness the late Maharaja Chamarajendra Wadiyar Bahadur, G.C.S.I. and for sanctioning an annual Tasdik or endowment therefor.

Letter No. 181, dated 26th May 1907, from the Officer in charge of the Palace Establishments, Mysore, submitting information regarding the ceremonial observed at and the ritual prescribed for the Brindavanas at Mysore.

Government Proceedings No. G. 1567-8—G. M. 45-06-15, dated 28th August 1907, sanctioning an establishment at a cost of Rs. 31 per mensem from the State funds and an annual allotment of Rs. 1,000 for the maintenance of the memorial works at Calcutta from the Public Works grant.

Note by the Secretary to Government, Muzrai Department, submitting proposals called for in para 8 of the Proceedings of the 2nd April 1907, read above.

No. 5264-9, DATED BANGALORE, 27TH MAY 1908.

ORDER THEREON.—The Government of His Highness the Maharaja are pleased to sanction with effect from 1st July 1908, an annual grant of Rs. 4,200 from State Funds for the daily performance of worship and for the conduct of certain charities at the Brindavana constructed at Calcutta in memory of His Highness the late Maharaja Chamarajendra Wadiyar Bahadur, G.C.S.I. The amount will be provided in the Muzrai Budget of the year 1908-09, and will continue to be provided in future Budgets. The Superintendent of Inam Settlements in Mysore will register the grant and issue a Title-Deed therefor.

2. In supersession of the orders contained in Government Proceedings No. G. 1567-8—G. M. 45-06-15, dated 28th August 1907, the Government direct that the establishment to be entertained, the details of the services and charities to be conducted, and the repairs and maintenance of the Brindavana at Calcutta be fixed as follows.

3. *I. Establishment.*—A staff of servants, as detailed in statement No. 1 hereto attached, will be maintained to look after the various duties to be performed at the memorial. The staff will consist of one pujari on Rs. 15 per mensem, one watchman (Durwan) on Rs. 12 per mensem, one gardener on Rs. 12 per mensem and two coolies on Rs. 6 each per mensem or in all Rs. 51 per mensem. The above are maximum salaries.

4. *II. Services and charities.*—Worship will be done twice daily at the Brindavana on the scale detailed in statement No. 2 hereto appended. This will be nityakatle and the various items which compose it at an estimated cost of Re. 1 per diem will be the perquisite of the pujari for the time being.

5. *III. Daily charity.*—Seed or raw rations, as per statement No. 3 attached will be issued once daily to about fifty deserving people preferably strangers. This will constitute the daily charity. The monthly cost on this account is fixed at Rs. 200 and this amount should on no account be exceeded.

6. *IV. Annual charity.*—On the aniversary day of the demise of the late Maharaja His Highness Chamarajendra Wadiyar Bahadur, G.C.S.I. (Pushya Suddha Padyami of every year) a sum of Rs. 100 will be disbursed in cash to the poor at the site of the memorial as special charity.

7. Barring the foregoing, there will be no other services or charities, ordinary or special, during the year.

8. *V. Repairs and maintenance.*—An annual allotment of Rs. 600 will be made in the Muzrai Budget of every year for the repairs and maintenance of the memorial works.

9. *VI. Working.*—The due observance of the various services, issue of daily doles, disbursement of salaries and charities and maintenance of grounds and buildings in an efficient state will be attended to by a responsible individual to be kindly recommended for the purpose by the Hon'ble Mr. F. A. Larmour of Messrs. Lazarus & Co. Bentinck Street, Calcutta, who has also very obligingly consented to supervise them occasionally. The medium of communication between the Hon'ble Mr. Larmour and the State Muzrai Department will be the Assistant Private Secretary to His Highness the Maharaja. The local Agent to be appointed as above mentioned will

be renumerated for his services agreeably to the recommendation of the Hon'ble Mr. Larmour in that behalf.

10. *VII. Expenditure.*—The total amount of expenditure under all heads will be Rs. 4,200 as specified below:—

1. Establishment	Rs. 51 per mensem or Rs. 612 per annum		
2. Daily services at Re 1 per diem	...	365	,,
3. Daily charity Rs 200	...	2,400	,,
4 Special charity	...	100	,,
5. Repairs and maintenance	...	600	,,
6 Contingencies	...	123	,,
	Total ...	4,200	,,

11. The local Agent of the charities at Calcutta should submit his monthly accounts with the countersignature of the Hon'ble Mr. Larmour to the State Muzrai Department, where such accounts will be checked and bills for the various charges such as establishment, issue of doles, nityakatle or daily puja charges, etc., will be prepared and forwarded to the Comptroller to the Government of His Highness the Maharaja of Mysore, who will be requested to make the needful arrangements for remitting the amounts to the local Agent at Calcutta. The pay of the local Agent has not been included in the allotment of Rs. 4,200 referred to above, as it is not now known what amount will have to be fixed for that purpose.

SECTION 4—FORESTS

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR MAY 1908.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
1	R 7038-40 Ft 14-06-30	1	Dy. Comr. Mysore, Consvr. of Forests & Rev. Comr.	Stating that Government consider it inexpedient to cancel, as prayed for by the villagers of Homma, Chamrajnagar Taluk, the sale to one Gurupadadevaru for Rs. 3,630 of 4,000 gobli trees in the bed of the Homma tank, as the sale has been confirmed by the Deputy Commissioner after some enquiry and some of the trees have also been felled and removed by the purchaser, and requesting the Conservator of Forests to communicate to Mr. M. G. Rama Rao, District Forest Officer, and to Ranger Chinniah Chetty the observations of Government regarding the manner in which the sale has been conducted, without the least regard to Government interests, and the grave irregularities connected with it.
2	R 7041 Ft 14-06-31	1	Shanbhog Kapinipathiah & others of Homma, Chamrajnagar Tk.	Informing them that the sale referred to in the above order cannot, for reasons stated, be cancelled, as prayed for by them.
3	R 7042 Ft 69-07-4	1	Dy. Comr. & Dt. Magist. Hassan	Enquiring why the license issued in November 1884 to Mr. Middleton of the Kadmane estate has not been renewed, if it was necessary to do so, and how he was permitted to shoot an elephant on the authority of a time expired license.
4	R 7043-5 Ft 57-07-12	1	Consvr., Rev. Comr. & Forest Setlt. Officer	Recording the letter of the Conservator of Forests submitting the progress report of Forest Settlement Operations in the State for February 1908, with the observation that the progress has been very slow.
5	R 7097 Ft 80-07-8	4	Consvr. of Forests ...	Recording his letter reporting that the District Magistrate of Shimoga declines to move the Chief Court for an enhancement of the sentence passed by the Amildar Magistrate of the Shikarpur Taluk in the case of theft of sandalwood, on account of the long time that has elapsed since the event.
6	R 7210 Ft 205-06-4	8	M. Lakshmaiya, Fuel Contractor, Bangalore	Informing him that his appeal against the Deputy Commissioner's order refusing to grant further license to him to cut and remove fuel from the district jungles of Bangalore as per terms of his agreement is dismissed for want of good grounds to interfere with the order appealed against.

Serial No	Proceedings			Subject and Order
	No.	Date	To whom sent	
7	R 7211 Ft 205-06	8	Dy. Comr., Bangalore	Forwarding a copy of the preceding with the request that the Forest Ranger, Mr. Evers and the guards, Govinda and Dasa may be called upon to show cause why they should not be dismissed for their misconduct in this case and the record of enquiry submitted through the Conservator of Forests.
8	R 7212 Ft 205-06	8	Consvr. of Forests . .	Forwarding copies of the above for his information.

Serial No.	Proceedings No.	Proceedings Date	Proceedings To whom sent	Subject and Order
9	R 7275 / Ft 50-05-8	11	Compiler, *Mysore Gaz.*	Notifying certain corrections to be made in Notification No. R. 6539—Ft. 50-05-7, dated 9th April 1908, directing the inclusion of Tangadi, Ichalu and Seege in the list of classified trees.
10	R 7292 / Ft 30-07-27	12	Consvr. of Forests ..	Recording his letter submitting the diary of the Officer in charge of Game Preserves for February 1908.
11	R 7293 / Ft 185-07-2	12	Do ...	Recording his letter submitting a short summary of the shoot arranged for the Marquis of Stafford and Party in March 1908.
12	R 7378 / Ft 155-07-4	14	Hiranyappa, retired Ranger, Shimoga	Informing him that Government decline to interfere in the matter of his prayer that the privilege leave granted to him preparatory to retirement in 1902 may be held to have commenced on the 11th July 1902, instead of on the 1st July 1902.
13	R 7379-80 / Ft 188-07-2	14	Dy. Comr., Mysore, & Consvr. of Forests	Recording the Deputy Commissioner's report explaining the circumstances under which the Police did not conduct the prosecution of Venkataramanaiya, ex-license vendor, in a criminal case against him.
14	R 7400 / Ft 30-07-28	15	Consvr. of Forests ...	Recording his letter submitting the diary of the Officer in charge of Game Preserves for March 1908.
15	R 7401 / Ft 69-07-6	15	Dy. Comr. & Dt. Magistrate, Hassan	Recording his letter stating that the license to shoot wild elephants issued to Mr. Middleton of the Kadmane estate in 1884 was not renewed as he did not apply for its renewal, and that no renewal was necessary as the elephant was shot on a cultivated portion of his land.
16	R 7422-3 / Ft 72-07-6	15	Consvr. of Forests & Comptr.	Approving of the Conservator's proposal to cancel his order for the eight ton traction engine and waggons for the transport of timber, and to substitute in its place an order for a traction engine and three waggons capable of carrying a load of fifteen tons.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
17	R 7441 Ft 43-07-8	18	Consvr. of Forests ..	According sanction to the temporary clerk on Rs. 15 in the Kadur District Forest office being made permanent, thus increasing the number of clerks there from 4 to 5.
18	R 7442-3 Ft 181-07-2	18	Consvr. of Forests & Comptr.	Sanctioning the construction of a building at Kankanhalli, Bangalore District, to be used as the Range Officer's quarters and office.
19	R 7486 Ft 190-07-2	19	Consvr. of Forests ...	Authorizing the Public Prosecutor, Shimoga, to appear on behalf of Government in a suit for damages instituted against the Forest Department by Rattihalli Venkappa of Sagar in the court of the District Judge, Shimoga Division.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
20	R 7527-35 Ft 126-07-4	21	Consvr. of Forests & Dy. Comrs.	Stating that the fee of annas four per cart-load now levied on bamboo thorns brought from jungles for hedging sugar-cane fields is too small to admit of further reduction, as prayed for in Representative Assembly Subject No. 108 of 1907.
21	R 7536-7 Ft 48-07-7	21	Consvr. of Forests & Comptr.	Authorizing the Comptroller to admit the charge of Rs. 8-12-0, being half the expenditure debitable to the State in connection with the demarcation of the boundary between Mysore and South Canara.
22	R 7533-9 Ft 71-07-4	21	Mr. L. P. Kent & Consvr. of Forests	Stating that the order declining to grant him for cultivation Survey Nos. 50, 67 and 69 of Kelgane, Chikmagalur Taluk, cannot be modified and cannot be permitted to take up a portion of Survey No. 50 at an upset price, as prayed for.
23	Pol 950 Ft 11-07-5	21	First Asst. to the Hon'ble the Resdt.	Forwarding for information a copy of the Mysore District Forest Officer's report on the 10th annual inspection of the Mysore-Nilgiri boundary line.
24	R 7673 Ft 11-07-4	22	Consvr. of Forests ...	Recording the Mysore District Forest Officer's report on the 10th annual inspection of the Mysore-Nilgiri boundary line.
25	R 7675 Ft 46-07-7	22	Do ..	Recording his letter submitting statements of freshmen entertained and of promotions given to officials in the Forest Department, for the quarter ending 31st March 1908.
26	R 7676-7 Ft 119-07-6	22	Mily. Asst. & Comptr.	Sanctioning a bill for Rs. 2-2-0, being the cost of getting printed five receipt books required for the use of the Cattle Pound at the Birur Amrut Mahal kaval.
27	R 7706-8 Ft 176-07-2	23	Rev. Comr., Consvr. of Forests & Forest Setlt. Officer	Sanctioning the reservation of the Ullur block in the Sagar Taluk as a State Forest, adequate provision being made at the time of settlement for the requirements of the villagers.
28	R 7709 Ft 176-07-3	23	Compiler, *Mysore Gaz.*	Notifying under Section 4 of the Mysore Forest Regulation the proposal to constitute the Ullur block in the Sagar Taluk as a State Forest.
29	R 7776-7 Ft 30-07-29	28	Consvr. of Forests & Dy. Comr., Shimoga	Recording the Conservator's letter, forwarding the diary of the Officer in charge of Game Preserves for April 1908

GENERAL AND REVENUE SECRETARIAT,
Bangalore, 31st May 1908.

SECTION 2—SEPARATE REVENUE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR MAY 1908.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
1	Fl 5703-4 / S R 221-07-2	2	Ex. Comr. & Comptr.	Sanctioning the purchase of an office clock for Rs. 20 for the use of the District Excise Office, Mysore.
2	Fl 5716 / S R 214-07-2	2	Dy. Comr., Mysore...	Sanctioning the writing off the accounts, the sum of Rs. 71-4-0 being the institution fee due from the Plaintiffs in Original Suit No. 1370 of 1901-02 on the file of the Munsiff of Seringapatam.
3	Fl 5725-6 / S R 213-07-2	4	Comtr. & Supt. of Stamp Manufactory	Sanctioning the incurring of the expenditure on account of certain articles of furniture required for the office of the Stamp Manufactory as also for repairing drying racks of the office at a cost of Rs. 50.
4	Fl 5734 / S R 161-07-4	5	Excise Comr.	Sanctioning his recommendation for reasons given by the Deputy Commissioner of Kolar, for filing a suit in the Kolar Gold Fields Munsiff's Court against the defaulter Mr. U. S. Venkatramiah, an advocate in Salem for the arrears of toddy revenue, *viz.*, Rs. 606 due from him for 1905-06.
5	Fl 5736-7 / S R 212-07-2	6	Comptr. & Excise Comr.	Directing under the circumstances explained the refund of Rs. 31 due as fine from one Munisami Mudaliar, a toddy contractor of Closepett for 1907-08 for his having unauthorisedly prepared for tapping 62 date trees prior to the presentation of the tree tapping application.
6	Fl 5759 / S R 153-07-6	7	Dy Comr, Mysore ..	Rejecting the application of Veeranna of Periyapatna for refund of the value of a stamp paper produced by him on the ground that his explanation for not presenting the paper in time is not satisfactory.
7	Fl. 8768 / S R 80-06-8	7	Excise Comr. ...	Directing under the circumstances of the case that the entire property of Balagai Konda Dyava of Jakkanhalli, French Rocks Sub-Taluk, which had been attached on account of arrears of toddy revenue due to Government by one Chikkagurumurti, the licensee of Melkote toddy shop for 1892-93, be released, or if sold the sale proceeds be paid to him (Balagai Konda Dyava).
8	Fl 5769 / S R 80-06-8	7	Balagai Konda Dyava	Informing him of the above.
9	Fl 5821 / S R 52-06-1	8	Compiler, *Mysore Gaz.*	Notifying the publication of certain rules under the Mysore Stamp Regulation (II of 1900).

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
10	Fl 5856-7 S R 187-07-6	11	Ex. Comr. & Comptr.	Sanctioning the payment of Rs. 105, on account of fees, etc., due to Mr. K. Ramachender, Barrister-at-law, for the work done by him on behalf of the Mysore Government in the matter of abkari contractor Mr. Narrainsamy Naidu's insolvency.
11	Fl 5964 S R 196-07-4	14	Nagappa, late toddy contractor, residing in Chamrajpet, Mysore	Informing him that Government do not find sufficient grounds to interfere with the Excise Commissioner's order passed in the matter of his prayer for prosecuting Excise Assistant Inspector Raghunathachar who is alleged to have misappropriated Government money to the extent of Rs. 33 paid by the petitioner towards his dues to Government.
12	Fl 5965 S R 196-07-4	14	Excise Comr. ...	Forwarding copy of the above with the observation that the system of collecting money in excess from one contractor and appropriating it towards the dues of another and subsequently adjusting it, is most reprehensible and that it behoves the Excise Commissioner to put a stop to it.
13	Fl 5994-5 S R 225-07-2	15	Comptr., & Ex. Comr.	Sanctioning a bill for Rs. 7-4-0 on account of fees due to the Government Advocate for having conducted the execution suit for the recovery of Court costs due to Government by Pogakulu Venkatachelamiah, appellant in A. S. No. 248 of 1902-03 on the file of the Chief Court.
14	Fl 6021-2 S R 224-07-3	16	Comptr. & Comr. of Stamps	Recording with certain observations letter No. 2573, dated 4th May 1907, from the Commissioner of Stamps reporting that the revised list of superfluous and damaged foreign bills and transfer stamps tendered for destruction was approved of by him and requesting that a missing sheet of thirty stamps of 12 annas value may be ordered to be written off the accounts.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
14	Fl6076-7 / S R 58-07-4	19	Comptr. & Ex. Comr.	Sanctioning a refund bill for Rs. 300-12-10 on account of toddy revenue due to the Inamdar of Sarthavalli village, Tiptur taluk.
15	Fl 6101-2 / S R 231-07-2	21	Do ..	Sanctioning under the circumstances explained a refund bill for Rs. 11-11-0 in favour of one Chikka Hanumanthaiya, toddy contractor of Dodballapur, for 1906-07.
16	Fl 6106-7 / S R 179-07-6	22	Do ...	Sanctioning a bill for Rs. 31 on account of the cost of furniture supplied by the Superintendent, Industrial School, Mysore, to the Excise Range Office at Hassan.
17	Fl 8110-1 / S R 229-07-2	22	Do ...	Sanctioning a bill for Rs. 85 on account of arrears of horse allowance due to F. Rajendram Pillay, Excise Inspector, Challakere Range, from July 1905 to November 1906.
18	Fl 6186-7 / S R 236-07-2	22	Do ...	Sanctioning the purchase of an almirah and two record racks at a cost of Rs. 99 for the use of the District Excise Office, Mysore.

6	Fl 6058 B 22-07-10	18	Rev. Commissioner...	Approving of his proposals in regard to simplifying the forms of the statements accompanying the Annual Report on the working of the Co-operative Societies in the State in pursuance of para 4 of Government Order No. Fl. 2496—B. 22-07-6, dated 21st November 1906.
7	Fl 6061-2 B 13-06-43	18	Rev. Comr. and Comptr.	Sanctioning the sale of 102 acres and 10 guntas of coffee, wet and dry lands out of Kirhalli Estate mortgaged to the late Agricultural Bank at Saklespur, together with the house standing on Survey No. 178, with a direction that early steps should be taken to adjust the amount realised by the sale in payment of the debt due to Government.
8	Fl 6066 B 21-07-6	18	Secy., Insurance Committee	Recording the proceedings of the meeting of the State Life Insurance Committee, held on the 18th April 1908.

SECTION 4—SALARIES AND ALLOWANCES.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR MAY 1908.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
1	Fl 5682-3 S & A 589-07-2	1	Comptr. & Dy. Comr., Shimoga	Sanctioning a pension of Rs. 18-13-7 to Batni Krishna Rao, late revenue head record-keeper, Deputy Commissioner's office, Shimoga, with a direction that the privilege leave allowances irregularly drawn by him for a period of three months will be recovered from his pension.
2	Fl 5731 S & A 544-07-4	4	Comptroller ...	Approving of the draft addenda to the Mysore Service Regulations submitted by the Comptroller regarding the rates of travelling allowances sanctioned to the Inspector-General of Police in Mysore.
3	Fl 5760-1 S & A 595-07-2	7	Comptr. & Presdt., Munl. Council, Bangalore	Sanctioning a gratuity of Rs. 91 to Veerabhadra, late conservancy peon, Bangalore City Municipality.
4	Fl 5770 S & A 101-07-67	8	Comptroller ..	Sanctioning a bill for Rs. 4-11-10 on account of arrears of pay due to S. Krishnappa, hobli school master of Somavarpet, Seringapatam taluk, for twenty-one days in August 1905.
5	Fl 5779 S & A 116-07-5	8	Mily. Assistant ...	Informing him that Government do not think that any case has been made out for grant of an extraordinary pension or gratuity recommended in favor of sowar Chanda Khan of Local Service Regiment who is reported to have died while patrolling the Jagalur high road.

Serial No.	Proceedings: No.	Proceedings: Date	Proceedings: To whom sent	Subject and Order
6	Fl 5852 S & A 101-07-71	11	Comptroller ...	Sanctioning five bills on account of pay and privilege leave allowances due to certain school masters in the Shimoga District.
7	Fl 5854-5 S & A 597-07-2	11	Comptr. & Regtr., Ch. Court	Sanctioning a gratuity of Rs. 108 to Thimma, late process peon, 1st grade Sub-Judge's Court, Hassan.
8	Fl 5861-904 S & A 235-07-4	11	Sr. Surgn., Comptr. & other Heads of Depts.	Observing that the grant of travelling allowances under Articles 602 and 603 of the Mysore Service Regulations for joining first appointments and the rates at which such allowances are to be passed, are purely matters within the discretion of Government, and directing that a single fare for railway journeys and road mileage rates in proportion should alone be ordinarily claimed in regard to such journeys and that higher rates should be recommended only if special circumstances exist warranting the same.
9	Fl 5918-9 S & A 598-07-2	12	Comptr. & Mily. Asst.	Sanctioning a wound pension of Rs. 3 to Sowar Bheema Rao Salunkey of the Local Service Regiment who was posted near Bidalur for keeping the firing line clear for Royal Field Artillery practice and who fractured his left leg from the effects of the fall while trying to drive a man out from the firing line.
10	Fl 5938-9 S & A 60-07-51	13	Comptr. & Rev. Comr.	Forwarding to the Comptroller for audit the travelling allowance bill of the establishment of the Deputy Commissioner, Kolar District, for November and December 1907, claiming mileage on behalf of a clerk who is reported to have been ordered to travel rapidly for urgent work, with the observation that special sanction under Article 594 of Mysore Service Regulations cannot be granted, as the necessity for the rapid journey has not been sufficiently established.
11	Fl 5922-3 S & A 561-07	13	Comptr. & Dy. Comr., Tumkur	Sanctioning a pension of Rs. 3-8-0 and a gratuity of Rs. 60 to Fakrulla Khan, late kotwal, travellers' bungalow, Sira Taluk.
12	Fl 5947-8 S & A 604-07-2	13	Comptr. & I.-G. of Police	Sanctioning a pension of Rs. 4 to Muddanaik, late 1st class constable of Hoskote Taluk, the period of one month and twenty-two days during which he was absent without leave being commuted into leave without allowances and the privilege leave allowances irregularly drawn by him deducted from his pension.
13	Fl 5975 S & A 40-07-49	14	Basappa Naik, late shekdar of Agrahar hobli, Sira Tk. residing in Dodderi, Challakere Taluk	Informing him that his claim for the payment of Rs. 600, being the arrears of pay due to him cannot be granted and that no notice will be taken of his future petitions in the matter.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
14	Fl 5981-2 S & A 606-07-2	15	Comptr. and I.-G. of Police	Sanctioning a pension of Rs. 3-8-0 to Sanna Honnura, late 2nd class Police constable of Molakalmuru Taluk.
15	Fl 5983 S & A 101-07-74	15	Comptroller ...	Sanctioning a bill for Rs. 112 on account of arrears of pay due to Mir Kurban Alli, Assistant master, Lakvalli hobli school, Tarikere Taluk, for the period from June 1905 to September 1906.
16	Fl 5989 S & A 101-07-76	15	Do ...	Do of Rs. 5 on account of arrears of acting allowance due to Puttasangaiya, hobli school master of Bidarhalli, Heggaddevankote Taluk, for February 1902.
17	Fl 5992 S & A 101-07-78	15	Do ...	Sanctioning a bill for Rs. 33-12-11 on account of arrears of pay due to Habibunissa, head mistress of the Shimoga Hindustani Girls' school from 1st August to 30th November 1904.
18	Fl 6027-9 S & A 410-07-4	16	Comptr. & Sany. Comr. & Dy. Comr., Mysore	Sanctioning an extraordinary pension of Rs. 2-12-0 on behalf of the family of Chennappa, head gangman, City Disinfecting Staff, Mysore, who died of plague caught, while in the execution of his duty.
19	Fl 6030 S & A 101-07-80	16	Comptroller ...	Sanctioning a bill for Rs. 7 on account of arrears of acting allowance due to Abdul Satar, master, Kirgaval hobli school, Malvalli Taluk for December 1903.
20	Fl 6031 S & A 582-07	16	Postmaster-General, Madras	Informing him that the Durbar are willing to treat the period from the 1st to 28th February 1889, in the services of Anche runner Betta as on duty.
21	Fl 6034-5 S & A 607-07-2	16	Comptr. & Dy. Comr., Chitaldrug	Sanctioning a pension of Rs. 3 to Dodda, late Revenue peon of Molakalmuru Taluk.
22	Fl 6051-2 S & A 601-07-2	16	Comptr. & Mily. Asst.	Do of Rs. 5-8-0 to Sheik Hussein, late 2nd grade havaldar, 2nd Battalion, Mysore Infantry.

Serial No.	Proceedings: No.	Proceedings: Date	Proceedings: To whom sent	Subject and Order
23	Fl 6063-4 S & A 612-07-18	18	Comptr. & Military Asst.	Sanctioning a pension of Rs. 75 to Syed Ahmed, late Commandant, Regimental Head Quarters, 3rd Battalion, Mysore Infantry.
24	Fl 6079 S & A 609-07-2	19	Comptroller ...	Informing him that Government Order No. R. 6940-1—Agri. 50-07-15, dated 28th April 1908, permitting Dr. A. Lehmann, Agricultural Chemist, to avail himself of the privilege leave at his credit before the expiry of the term of his office in December 1908 has been passed as a special case.
25	Fl 6080-1 S & A 613-07-2	19	Comptr. & Dy. Comr., Tumkur Dist.	Sanctioning a pension of Rs. 36-9-4 to Mr. K. A. Ranganna, late Deputy Amildar of Koratagere Sub-Taluk.
26	Fl 6084-5 S & A 560-07-36	19	Comptr. & Rev. Comr.	Sanctioning as a special case the travelling allowances claimed on behalf of three peons of the establishment of the Kolar District Treasury for the journey performed by them with Mr. B. Venkoba Rao, Assistant Commissioner, when he was deputed for survey training in the Bangalore District, with the observation that Mr. Venkoba Rao ought not to have taken the three peons on his own responsibility without previous sanction and that in future the Deputy Commissioners may, at their discretion, permit Assistant Commissioners deputed for survey training to take not more than two peons with them during their training, if they can be spared without any substitutes being appointed for them.
27	Fl 6096-7 S & A 620-07-2	21	Comptr. & Mily. Asst.	Sanctioning a pension of Rs. 5 to Sultanji Ranadevai, late sowar, A. Squadron, Imperial Service Regiment.
28	Fl 6112 S & A 23-07-2	22	Comptroller ...	Directing the insertion of a provision under Art. 24(*b*) of the Service Regulations for treating the personal allowance of an officer as part of his substantive pay for purposes of calculating leave and acting allowances and pension.

Serial No.	Proceedings: No.	Proceedings: Date	Proceedings: To whom sent	Subject and Order
29	Fl 6152-3 S & A 630-07-2	25	Comptr. & Mily. Asst.	Sanctioning a pension of Rs. 4-8-0 to Mahomed Esoof, late 1st grade sepoy, 3rd Regiment, Mysore Infantry.
30	Fl 6161-2 S & A 617-07-2	26	Do ...	Do do Rs. 5 to Abdul Khalik, late sowar, D. Sqadron, Imperial Service Regiment.
31	Fl 6171-2 S & A 615-07-2	26	Comptr. & I.-G. of Police	Do do Rs. 5 to Syed Khassim, late lance dafadar of the Davangere Taluk, with a direction that the privilege leave allowances irregularly drawn by him for a period of one month should be recovered from his pension.

11	J 3404 Police 81-07-9	12	Compiler, *Mysore Gaz.*	Sanctions the extension by one month of the two month's privilege leave of absence granted to Mr. Y. V. Krishnamurti, B.A., Superintendent of Police, Tumkur District, in Notification No. J. 2572, dated 26th February 1908.
12	J 3409-11 Police 200-07-2	13	Secy., Insurance Committee, I.-G. of Police & Comptr.	Directs that the date of birth of Siva Singh, 2nd class Dafadar, Bangalore, as accepted by the Insurance Committee, *viz.* 10th June 1869, be taken as correct and the necessary alteration made in his Service Register.
13	J 3412-13 Police 1 of 70	13	Dy. Comr., Shimoga, & Comptr.	Directs with certain observations that the sum of Rs. 38 ordered to be recovered from Police Dafadar Ningoji of the Tirthahalli Taluk, being the unadjusted cost of bamboos given to his charge for distribution amongst the inhabitants of Kudli during the out-break of plague there, be written off the accounts.
14	J 3482-3 Police 25-07	16	Comptr. & I.-G. of Police	Forwards for information copy of a letter No. 4794, dated 30th April 1908, from the Agent, Madras and Southern Maharata Railway Company, to the First Assistant to the Hon'ble the Resident in Mysore, intimating the acceptance of the debit of Rs. 1,030-12-4, being the cost of the Police Force employed on the Bangalore-Nanjangud section of the Mysore State Railway for the quarter ending 31st December 1907.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
15	J 3518-19 Police 175-07-4	21	I.-G. of Police & Comptr.	Sanctions a secret service bill for Rs. 225-0-9, being the expenditure incurred in connection with the Sibi temple dacoity case, and notes that a total sum of Rs. 271 has already been sanctioned on the same account.
16	J 3544-45 Police 205-07-2	22	Do ..	Accords sanction to the acceptance by police officers of Bagepalli Taluk a reward of Rs. 35, offered by Krishnamma of Bagepalli for their services in a case of theft and also approves the proposal of the Inspector-General to pay an additional sum of Rs. 15 from the head "Reward for Good Service" for distribution among certain police officers.
17	J 3547A Police 1-07	23	Ningoji, Police constable, Malur Station, Tirthahalli Taluk	With reference to his appeal petition against the order of the Deputy Commissioner, Shimoga directing the recovery from, his pay of Rs. 38 being the cost of bamboos, etc., given to his charge for distribution amongst the inhabitants of Kudli, during the outbreak of plague, informs him that the Deputy Commissioner has been directed to write off the amount ordered to be recovered from him.
18	J 3548 Police 19-07	23	Comptroller	Forwards copy of letter No. 5256, dated 13th May 1908, from the Agent, Madras and Southern Mahratta Railway Company, Dharwar, to the First Assistant to the Hon'ble the Resident in Mysore, intimating the acceptance of the debit of the share payable by the Company, *viz.*, Rs. 493-1-10 on account of the cost of the police force employed on the Birur-Shimoga section of the Mysore State Railway for the quarter ending 31st March 1908.
19	J 3549 Police 19-07	23	Inspector-General of Police in Mysore	Ditto
20	J 3550-51 Police 204-07-2	23	I.-G. of Police & Comptr.	Sanctions an expenditure of 8 annas per mensem for cleaning the latrine in the compound of the Kolar District Police office and requests the Comptroller to admit the expenditure hitherto incurred on this account.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
21	J 3578 Police 1-07	25	Abdulla Khan, Salegame, Hassan	With reference to his petition addressed to H. H. the Maharaja, complaining that he was retired before the completion of his 55th year, informs him that His Highness sees no reason to interfere.
22	J 3584 Police 208-07-2	25	I.-G. of Police ...	Sanctions the acceptance by Dafadar Srikantiah of the Saklespur Head Station, of a reward offered by Bahadur Sait for having traced his master's accounts.
23	J 3586-7 Police 30-07	25	I.-G. of Police & Comptr.	Sanctions the confirmation of Mahamed Jaffer Mecri in the 1st grade of Police Inspectors.
24	J 3604-5 Police 86-07-10	28	Do ...	Directs that the year 1859 be taken as the year of birth of Dafadar Naranappa of the Krishnarajpete Taluk and that necessary alterations be made in his Service Register and the Schedules of Establishments.
25	Pol 976 Police 19-07	29	The Auditor, M. & S. M. Ry. Co., Dharwar	States that the charges representing the travelling allowances for the months of November and December in the statement of Police charges for the quarter ending 31st December 1907, on the Birur-Shimoga Railway were somewhat high as the Head Constable had to make long journeys in connection with a postal theft case that occurred on that section.
26	Pol 978 Police 203-07-3	29	First Asst. to the Hon'ble the Resdt.	States that Mahomed Nizamuddin, 1st grade Police Inspector, Bangalore-Nanjangud Railway, on Rs. 125, was transferred to Sagar and that Mariappa, Jamadar, Birur-Shimoga section, was appointed to act as 7th grade Inspector, Bangalore-Nanjangud section on Rs. 40, with effect from the 21st March 1908, and requests that these changes may be communicated to the Agent, the Madras and Southern Mahratta Railway Company.

GENERAL AND REVENUE SECRETARIAT,
Bangalore, 31st May 1908.

GEOLOGICAL

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR MAY 1908

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
1	3402	1	Managing Director, Mysore Manganese Co., Ld.	With reference to his application for the renewal of prospecting license No. 27 for a further period of one year, calling for certain information regarding the operations carried on under the license during the past year and stating that as the license has been transferred to the New Mysore Manganese Company Limited, the application for renewal should be made by that Company.
2	3404	1	Messrs. Bride Krishnasami & Co.	Forwarding prospecting license No. 294, granted to them over a block of eight square miles in the Tirthahalli Taluk.
3	3405	1	Dy. Comr., Shimoga	Forwarding, for his information, a copy of the above with three copies of the license issued.
4	3409	4	Secys. & Managing Agents, Mysore Chromium Co., Ld.	With reference to their application for renewal of prospecting license No. 129 for a further period of one year, calling for information regarding the mineral that is being prospected for and stating that the holder of the license should apply for the renewal.
5	3410	4	Mr. A. R. Cheluvaraya Mudaliar	With reference to his application for the renewal of his prospecting license No. 107, calling for the rent due in advance for the period of renewal and the submission of the license for endorsement of renewal and retransmission to him.
6	3411	4	Do	As above with reference to his prospecting license No. 114.
7	3412	4	Dy. Comr., Shimoga	With reference to his enquiry regarding prospecting license No. 118, which terminated on the 8th February 1908, informing him that an application for the renewal of the license together with the rent due in advance for the period of renewal has been received and that when the renewal is sanctioned it will be duly communicated to him.
8	3415	4	Mr. G. F. Baker ...	Enquiring what mineral or minerals he intends to prospect for in the block of land in the Bowringpet Taluk applied for by him on 20th April 1908.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
9	3426-7	6	Messrs. B. Balaji Rao & B. N. Venkataramiah, Probationary Prospectors	Forwarding, for their information, copies of Government Proceedings No. 3425, dated 6th May 1908, extending the period of their probation by three months from 1st April 1908.
10	3429	7	Mr. P. Boswarth Smith, Supt., & Manager, Tank Block Mine	Informing him, with reference to his letter of 27th April 1908, that the fresh lease of the Tank Block Mine will be duly stamped and submitted to the Dewan of Mysore for signature on his remitting to this office a sum of Rs. 203, being the stamp duty due on the lease and an additional sum of Rs.10, being the consideration payable to Government for the issue of the fresh lease.
11	3432	7	Mr. W. Barnard ...	In the matter of his application for the renewal of his prospecting license No. 138, calling for a detailed report of work done under the license up to date and the rent due in advance for the period of renewal.
12	3433	7	Mr. W. J. Eales, Managing Director Mysore Manganese Co., Ld.	Calling upon him to submit a claim on behalf of the proper party or parties for the Government of India pro-note for Rs. 500 and the balance of Rs. 6 out of the sum of Rs. 206 in cash deposited by him with Government with his application for a mining lease for manganese over a block of land in the Shimoga Taluk which was not granted to him as the issue of mining leases for manganese was temporarily suspended by Government.
13	3434	7	Do ..	As above with reference to a like deposit in respect of another similar application of his.
14	3435	7	Messrs. H. Ramachendra Rao & B. Naranappa	Forwarding a sketch of the free area available out of the block in Tarikere Taluk applied for by him on 28th January 1908 and enquiring whether they are willing to take it up and what mineral or minerals they intend to prospect for therein.
15	3438	8	Officer in charge, State Huzur Treasury	Forwarding for realization and credit to Government under the heads indicated, nine cheques of the aggregate value of Rs. 4,757-1-0 received in payment of deposits and rent due on applications for prospecting blocks.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
16	3447	9	Supt., Indian Mines Syndicate, Ld.	With reference to his letter of the 28th March 1908, stating that the prospecting operations so far conducted on the Jowanhalli Block do not warrant the taking up of a mining lease therefor, informing him that, before the shafts and other excavations are closed down entirely, Government should be furnished with a detailed report of the work done thereon up to date and that before the end of May 1908 the block will be inspected by the State Geologist.
17	3454	11	Messrs. D. Lazarus Narasimha & Co.	Forwarding prospecting license No. 295, granted to them over a block of two square miles in the Koppa Taluk.
18	3455	11	Dy. Comr., Kadur ...	Forwarding for information a copy of the above with three copies of the license issued.
19	3461	12	Mr. P. H. Hanumanthappa	Informing him with reference to his letter of 24th April 1908, that Government cannot give him any assurance that he will not be disturbed in the enjoyment of his rights on the inam and occupied lands included in his prospecting block No. 92, but that it is for him to make his own terms with the owners of those lands and apply within a reasonable time for the renewal of the license.
20	3487	15	Messrs. B. Naranappa & A. Chinna Audi Naranappa	Informing them that their request for information regarding the prior disposal of a portion of the prospecting block applied for by them in the Tiptur Taluk cannot be complied with and requesting them to state whether they are prepared to accept the free area offered to them.
21	3488	15	Secy., Peninsular Minerals Co., Ld.	With reference to his letter of 31st March 1908 informing him that, for the reasons stated, the Government are unable to comply with his request for a reduction in the present rates of royalty on manganese and rent on manganese blocks.
22	3489	15	Managing Agents, Shimoga Gold Field, Ld.	Granting them permission to prospect for alluvial gold in the blocks now held by them under prospecting licenses Nos. 84, 85 and 127 and stating that, in the event of the prospecting operations being successful, they will be entitled to the first refusal of such mining leases as Government may be prepared to offer them.
23	3490-91	15	Dy. Comrs., Shimoga and Kadur	Forwarding copies of the above for their information.

Serial No.	Proceedings			Subject and Order
	No.	Date	To whom sent	
24	3507	18	Supt., Indian Mines Syndicate Ltd	Forwarding prospecting license No. 296 granted to him over a block of 2¼ square miles of land in the Hiriyur Taluk.
25	3508	18	Dy. Comr, Chitaldrug	Forwarding, for his information, a copy of the above with three copies of the license issued.
26	3509	18	Supt., Indian Mines Syndicate Ltd	Forwarding prospecting license No. 297 granted to him over a block of 2½ suqare miles of land in the Hiriyur Taluk.
